(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases.

7. **Purchase of resignation:** Employees may not enter into any pecuniary arrangement for the resignation by one of them of any office under the local authority for the benefit of the others. Should this rule be infringed, any nomination or appointment consequent upon such resignation will be cancelled and such parties to the arrangement as are still in the service will be suspended, pending the orders of the local authority or the State Government as the case may be.

8. **Lending and borrowing:** (1) An employee shall not lend to or borrow money from, except in the ordinary course of business with a Joint Stock Bank or a firm of standing, or otherwise place himself under a pecuniary obligation to any person subject to his official authority.

(2) Every employee shall, after his appointment as such, submit to the local authority a declaration of the loans made or taken by him to or from any person or persons which are still to be repaid:

Provided that this rule in so far as it relates to the lending to or borrowing from co-operative societies registered under Act II of 1912, shall be subject to any general or special restrictions or relaxations made or permitted by the local authority.

9. **Buying and selling houses and other valuable property:** Same in the case of a transaction conducted in good faith with a regular dealer, an employee who intends to transact any purchase, sale or disposal by other means of movable or immovable property exceeding in value of Rs. 200, with any person residing, possessing immovable property or carrying on business within the area under the local authority, shall declare his intention to the local authority or to such officer as the said authority may appoint. Any declaration shall state fully the circumstances, the price offered or demanded and, in the case of disposal otherwise than by sale, the method of disposal. Thereafter such employee shall act in accordance with such orders as may be passed by the local authority or the officer appointed for the purpose.

10. **Control over immovable property held or acquired by employee of a local authority:** Every employee or candidate for service under a local authority must make to the local authority concerned, a declaration of all immovable property which may from time to time be held or acquired by him or by his wife or by any member of his family living with, or in any way dependent upon him.

Such declaration should state the police-station, district and the State within which the property is situated and should give such further information as the local authority may by general or special order require.

11. **Investments other than those in immovable property:** An employee may not make any investment, other than an investment in immovable property which gives him such private interest in matters with which his public duties are connected as would be likely in the opinion of the local authority to embarrass or influence him in the discharge of his duties.

Subject to this condition he may hold or acquire shares in any Company, including a mining or agricultural company, which has for its object the development of the resources of the country.

Subject to the same condition he may place deposits in Provincial or Central Banks registered under Act II of 1912, and make investments in non-agricultural societies registered under that Act.

12. **Speculation:** An employee may not speculate in investments. In applying this general rule, the purchase of a grant of land supposed to contain minerals with the object of disposing of it to companies, and the habitual purchase and sale of securities of notoriously fluctuating value, will be treated as speculation in investments.

13. **Promotion and management of companies:** An employee whether on leave or in active service, may not, without the special sanction of the local authority, take part in the promotion, registration or management of any Bank or other company.

14. **Private trade or employment:** An employee may not, without the previous sanction of the local authority, engage in any trade or undertake any employment, other than his public duties.

An employee may undertake occasional work of a literary or artistic character, provided that his public duties do not suffer thereby; but the local authority may, in its discretion, at any time forbid him to undertake or require him to abandon any employment which in its opinion is undesirable.

Note: The Secretaryship of a club does not constitute employment in the sense of this rule, provided that it does not occupy so much of an employee's time as to interfere with his public duties and that it is an honorary office, that is to say, that it is not remunerated by any payment in cash, or any equivalent thereof other than the customary concessions of free quarters and personal exemption from messing charges only. Any employee proposing to become the Honorary Secretary of a club, should inform his immediate departmental superior who will decide, with reference to this rule and note, whether the matter should be reported for the orders of the local authority.

15. **Insolvency and habitual indebtedness:** (1) When an employee is adjudged or declared an insolvent, or when one moiety of the salary of an employee is constantly being attached, has been continuously under attachment for a period exceeding two years or is attached for a sum which, in ordinary circumstances, cannot be repaid within a period of two years, he will be considered liable to dismissal.

(2) When such employee is not liable to dismissal otherwise than by or with the sanction of the State Government, the matter must, if he is declared insolvent, and may, if a moiety of his salary is attached, be reported to the State Government, pending the receipt of whose orders he will be suspended from service.

(3) When a moiety of an employee's salary is attached, the report should show what is the proportion of the debts to the salary, how far they detract from the debtor's efficiency as an employee; whether the debtor's position is irretrievable; and whether in the circumstances of the case, it is desirable to retain him in the post occupied by him when the matter was brough to the notice of the local authority or Government.

(4) In every case under this rule, the burden of proving that the insolvency or indebtedness is the result of circumstances which, with the exercise of ordinary diligency, the debtor could not have foreseen or over which he had no control, and has not proceeded from extravagant or dissipated habits, will be upon the debtor.

16. **Communication of official documents or information:** An employee may not, unless generally or specially empowered by the local authority in this behalf, communicate directly or indirectly to employees belonging to other local authorities or to non-official persons, or to the Press, any document or information which has come into his possession in the course of his public duties, or has been prepared or collected by him in the course of those duties, whether from official sources, or otherwise.

17. **Connection with the Press:** An employee may not, without the previous sanction of the local authority, become the proprietor in whole or in part, or conduct or participate in the editing or management of any newspaper or other periodical publication.

Such sanction will be given only in the case of a newspaper or publication mainly devoted to matter not of a political character, and may, at any time, in the descretion of the local authority, be withdrawn.

18. Subjert to the provisions of rule 16, an employee may contribute anonymously to the Press, but must confine himself within the limits of temperate and reasonable discussion; and, if this connection with the Press is contrary to the public interest, the local authority may withdraw his liberty to contribute. When there is room for doubt whether the connection of any employee with the Press is or is not contrary to the public interests, the matter should be referred to the State Government for orders.

19. **Criticism of Local Authority and Government and publication of information or opinion upon matters relating to foreign countries:** (1) No employee shall, in any document published under his own name or in any public utterance delivered by him, make any statement of fact or opinion which is capable of embarrassing—

(a) the relations between the local authority and the people or between Government and the people of India or any section thereof, or

(b) the relations between Government and any foreign country.

(2) An employee who intends to publish any document under his own name or to deliver any public utterance containing statements in respect of which any doubt as to the application of the restrictions imposed by sub-rule (1) may arise, shall submit to the local authority under which he is serving a copy of draft of the document which he intends to publish or of the utterance which he intends to deliver, and shall not publish the document or deliver the utterance save with the sanction of the local authority under which he is serving and with such alterations, if any, as the said authority may direct.

20. **Evidence before committees:** An employee may not give evidence before a public committee—

(1) In India, unless he has first obtained the permission of the local authority under whom he is serving;

(2) Outside India, unless he has first obtained the permission of the State Government.

In giving such evidence he must not criticize the policy or decisions of the local authority or of Government.

This rule will not apply to evidence given before statutory committee with power to compel attendance and the giving of answers, nor to evidence given in judicial enquiries.

21. **Taking part in politics and elections:** (1) (i) No employee shall take part in, or subscribe aid of, or assist in any way, any political movement in India or any political movement relating to India affairs.

Explanation: The expression "political movement" includes any movement or activities tending directly or indirectly to excite disaffection against, or to embarrass, the Government or the local authority as by law established, or to promote feelings of hatred or enmity between different classes of people in India or to disturb the public peace.

(ii) No employee shall permit any person dependent on him for maintenance or under his care or control to take part in, or in any way assist, any movement or activity which is, or tends directly or indirectly to be subversive of the local authority or Government as by law established.

Explanation: An employee shall be deemed to have permitted a person to take part in or assist a movement or activity within the meaning of clause (ii), if he has not taken every possible precaution and done everything in his power to prevent such person so acting or if, when he knows or has reason to suspect that such person is so acting he does not at once inform the local authority or the Government.

(2) An employee shall not canvas or otherwise interfere or use his influence in connection with, or take part in, any election to a legislative body or any local authority, whether in India or elsewhere:

Provided that an employee who is qualified to vote at such election may exercise his right to vote but if he does so, shall give no indication of the manner in which he proposes to vote or has voted.

(3) An employee who issues an address to electors or in any other manner publicly announces himself or allows himself to be publicly announced as a candidate or prospective candidate for election to a legislative body or a local authority shall be deemed, for the purposes of sub-rule (2), to take part in an election thereto.

22. **Vindication of acts and character of an employee of a local authority as such:** An employee may not without the previous sanction of the local authority, have recourse to any court or to the Press for the vindication of his public acts or character, from defamatory attacks. In granting sanction to the recourse to a court, the local authority will in each case decide whether it will itself bear the costs of the proceedings, or whether the employee shall institute the proceedings at his own expense, and, if so, whether, in the event of a decision in his favour, the local authority shall reimburse him to the extent of the whole or any part of the costs.

Nothing in this rule will limit or otherwise affect the right of any employee to vindicate his private acts or character.

By order of the Governor,

A. N. MUKHERJEE, Asstt. Secy.

In the matter of an industrial dispute between Messrs. Nabadwip Co-operative Weavers' Industrial Society Ltd., P.O. Nabadwip, Nadia and their workmen represented by Nabadwip Tantubay Shramik Union, Bazar Road, Nabadwip, Nadia. (Case No. VIII-187 of 1965.)

For the Union: Shri S. Mukherjee, Advocate.

AWARD

The Government of West Bengal, by order No. 3166-I.R./IR//8L-28/65, dated the 14th July 1965, had referred the following industrial dispute between Messrs. Nabadwip Co-operative Weavers' Industrial Society Ltd., P.O. Nabadwip, Nadia, and their workmen represented by Nabadwip Tantubay Shramik Union, Bazar Road, Nabadwip, Nadia, to this Tribunal for adjudication.

Issue

Whether the dismissal of Sarbashri Narendra Nath Pramanik, Sunil Debnath and Makhanlal Das is justified? To what relief, if any, are they entitled?

After the service of usual notice, the employer had put in the written statement at first as directed, and thereafter the Union had put in the written statement on behalf of the workmen. In the written statement filed on behalf of the employer, it is said that the concerned workmen Shri Narendra Nath Pramanik and Sunil Debnath used to work in the factory of the Society on 'no work no pay basis' and that as they indulged in indiscipline and as

their work was detrimental to the Society, they had been dismissed by the Committee after enquiry. So far as Shri Makhanlal Das is concerned, it is said that he was guilty of gross negligence for which the Society has suffered irreparable loss and he was also guilty of pilfering. This matter was enquired into by the Committee and he was also dismissed from service. Copies of certain letters have been filed as annexures to the written statement. An additional written statement had been put in subsequently on behalf of the employer alleging that the order of reference is not legal and the dispute is not an industrial dispute. So far as Shri Narendra Nath Pramanik is concerned, it is said that he was a shareholder of the Society and used to get profit and, therefore, he cannot be regarded as workman. There had been discharge simpliciter so far as he is concerned and, therefore, the reference regarding the alleged dismissal is not maintainable. So far as Shri Makhanlal Das is concerned, it is said that he had accepted the order of termination of his employment and only prayed for waiving Rs. 50 from the loan due from him. Lastly, it is said that the termination of employment of these persons is fully justified and, therefore, the workmen are not entitled to get any relief.

In the written statement submitted on behalf of the Union, it is said that all the workmen were permanent workmen and have been rendering long and meritorious service. The Company had illegally and unjustifiably dismissed the 3 workmen from service, and the dismissals are glaring examples of unfair labour practice. Therefore, the workmen should be reinstated with full back wages. After the additional written statement was put in by the employer, the Union wanted to file an additional written statement, but subsequently no additional written statement was put in on behalf of the Union.

There had been a talk of settlement between the parties from 3rd June 1966, and the case had been adjourned from time to time.

On 16th July 1966, a joint petition of settlement has been put in by the employer and by the Union. The petition of settlement is signed by Shri Sashi Bhusan Debnath who is the Secretary of the Society and by the learned Advocate Shri A. Sarkar on behalf of the employer, and by Shri Biswanath Mitra, who is the Secretary of the Union and the learned Advocate Shri S. Mukherjee for the Union. I have heard these persons also perused the petition of settlement. It appears that Shri Sunil Debnath is to be reinstated in service with effect from 25th July 1966, treating the period of unemployment as leave without pay, and he is to get Rs. 100 as ex-gratia relief for the period of unemployment. So far as Shri Makhanlal Das is concerned, the Union gave up the claim and did not press the claim. So far as Shri Narendra Nath Pramanik is concerned, it is to be paid Rs. 150 in lieu of all claims including the claim for reinstatement in service.

I have considered the terms of settlement, and it appears to me that the terms if settlement are bona fide, legal and proper. I, therefore, pass no-dispute award making the petition of settlement an Annexure to this award.

This is my award.

Dictated and corrected by me.

AWARD

The Government of West Bengal, by order No. 3125-I.R./IR/10L-128/65, dated the 9th July 1965, had referred the following industrial dispute between Messrs. G. B. and Co., 38/39 Joybibi Road, Ghusury, Howrah and their workman represented by Iron and Steel Workmen's Union, 63 Shivagopal Banerjee Lane, Ghusuri, Howrah, to this Tribunal for adjudication.

Issue

Whether the non-employment of Sarbashri Kalikanta Majumder, Md. M. Ansari and Yusuf Ali Mollah is justified? To what relief, if any, are they entitled?

After the service of usual notice, the employer had put in the written statement at first as directed. Thereafter the Union had filed the written statement. It appears that the employer also filed an additional written statement afterwards.

The dispute had been amicably settled. Therefore, it is not necessary to state in details the allegations in the written statement of the employers and of the Union. The employer had stated inter alia that Shri Kalikanta Majumder worked as a helper from 17th March 1963 to 19th September 1964, that Md. M. Ansari worked as a fitter from 12th March 1963 to 19th September 1964, that Yusuf Ali Mollah worked as a fitter from 9th September 1963 to 19th September 1964, that these had been retrenched by the Management. There had been conciliation proceeding and in the joint conference on 23rd March 1965, the Conciliation Officer directed the concerned workman to get the factory and settle the matter on the spot and the Management was also agreeable to pay the legal dues including compensation at the rate of 15th days per year. Subsequently, these 3 workmen had reported on different dates. The amounts due were offered but they did not accept the amount. The reason for retrenchment is that the job of the workmen was completed. The amounts due were offered but they did not dues but cannot reinstate these workmen. In the written statement submitted on behalf of the Union it is said that after the workmen went back to the factory, there was a discussion on 13th April 1965, and the General Manager had agreed to reinstate the retrenched workmen with continuty of service. Subsequently on 15th April 1965, the 3 concerned workmen joined their duties. After they had worked for some hours, they were told by Shri P. Saha, who was then the Sales Promotion Manager, that there was no job for them and the employer would pay one month's wages as compensation. It was further alleged that the workmen were employed against permanent post and there was no valid reason for the alleged retrenchment. The employer also did not comply with the provision of section 25F of the Industrial Disputes Act. On behalf of the Union the prayer has been made that the 3 concerned workmen should be reinstated in service with full back wages and continuity of service.

On 15 July 1966, after the suit had already been fixed peremptrory hearing, the parties had filed a joint petition of settlement signed by the 3 concerned workmen, by Shri Rabin Bhattacharyya, who is the Vice-President of the Union, by Shri Brijlal Agarwall, for the employer and by Shri Biswanath Ash, Advocate for the employer. I have heard these persons and had perused the petition of settlement. It appears that the dispute had been amicably settled and the 3 concerned workmen had accepted the termination of their services under the Firm with effect from 19th September 1964, and do not claim any reinstatement. It further appears that the workmen had voluntarily received different sums by way of compensation in full and final settlement of all the claims against the employer. I was shown the receipts by Shri Biswanath Ash and the workmen also admitted that they had received the amounts as mentioned in the petition of settlement. In the circumstances, it appears to me that the terms of settlement are bona fide, legal and proper and

should be given effect to. I, therefore, pass a "No-dispute" award making the petition of settlement an annexure to the award.

This is my award.

Present:

Shri S. K. RAY, Judge,
Seventh Industrial Tribunal.

For the workman: Shri Balai Chatterjee, LL.B., General Secretary, West Bengal Municipal Employees' Federation.

For the Municipality: Shri R. K. Mukherjee, Advocate.

AWARD

The precise subject-matter of complaint in this application under section 33A, Industrial Disputes Act, by Shri Prativa Kumar Bhattacharjee, an employee of Ranaghat Municipality, the O.P. in the present case, is that his service was illegally and unwarrantedly terminated with effect from the afternoon of 31st December 1964, on the ground of superannuation on his attaining 55 years of age, though such superannuation was not warranted by any rules or Standing Orders governing the service conditions of the municipal employees duly adopted and approved under the provisions of the Bengal Municipal Act. It is further alleged that according to the tripartite settlement of a dispute between the Municipality and its employees concluded on 24th June 1964, the age of superannuation for municipal employees was fixed at 58 years. It is further alleged that the service of this applicant was so illegally and unwarrantedly terminated as a measure of victimisation for his Union activities which were not liked by the Chairman. It is contended that such illegal termination of his service by way of superannuation really amounted to an unlawful and unjustified alteration in the conditions of his service and he is entitled to make the present application under section 33A, as such alteration was effected without the authority of any legally adopted and approved rules and Standing Orders fixing 55 years as the age of superannuation and the superannuation took place during the pendency of proceedings before this Tribunal arising out of G.O. No. 4597-I.R., dated 3rd October 1964, and relating to an industrial dispute between the Municipality and its workmen.

The case is contested. The relevant facts pleaded by the Municipality are briefly as follows.

The superannuation of the concerned employee with effect from 31st December 1964, was quite legal and valid and in accordance with the municipal rules. He was superannuated on his attaining retiring age in accordance with rules and laws. The Municipality acts upon the Model Rules regarding service conditions of municipal employees framed by the Government in 1934. After the Government raised the age of superannuation for its own employees to 58 years under G.O. No. 5114-F., dated 3rd December 1963, this Municipality wrote to the Local Self-Government Department for a clear interpretation of the clause relating to the raising of the age of superannuation contained in the order and that Department by its letter, dated 11th December 1964, stated that the extension of service of a municipal employee beyond the age of 55 was discretionary and not mandatory. In view of this interpretation, the Municipality was within its rights and acted legally in retiring the concerned employee on his attaining the age of 55 years without exercising the discretion of extending the age of retirement in his case to 58 years, as laid down in the Government order. Thus, there has been no illegal, unwarranted or unjustified alteration in the conditions of the service of this workman by his superannuation complained of in the present case, nor can the said superannuation be considered to be an illegal and unwarranted termination of his service in contravention of section 33, Industrial Disputes Act, and the relevant laws and rules under the Bengal Municipal Act. It is then alleged that after receiving the notice of the present application under section 33A, Industrial Disputes Act, the service book and other records relating to the applicant were varified and it was found that the date of birth recorded in the service book was wrong and then upon further enquiry in the local school where he studied and first took admission, it was ascertained that his real date of birth was 19th May 1904, and so on 31st December 1964, he was over 60 years of age. Upon the above allegations, the Municipality has contended that the present complaint under section 33A is not maintainable and it should fail.

At the time of argument, a new preliminary point against the maintainability of the present application under section 33A, was raised by the representative of the Municipality. The point was that this application cannot lie because the proceedings before this Tribunal under G.O. No. 4597-I.R., dated 3rd October 1964, with reference to which the present application has been made on the ground that there was contravention of the relevant provisions of section 33, Industrial Disputes Act, in the matter of his illegal and unwarranted superannuation during the pendency of such proceedings, were not proceedings relating to an industrial dispute between the Municipality and its workmen but were proceedings arising out of a reference under section 36A(1), Industrial Disputes Act, for interpretation of certain terms of the award whereby the main dispute between a number Municipalities including the present Municipality and their workmen, previously referred to

this Tribunal as an omnibus reference was adjudicated. In other words, the whole contention is that as the proceedings with reference to which the present application has been made on the ground that there was contravention of the relevant provision of section 33A, Industrial Disputes Act, during the pendency of such proceedings were not proceedings of a reference under section 10, Industrial Disputes Act, the present application cannot lie.

I first take up the preliminary point and have no hesitation to reject it straightaway.

It is clear from the language of section 33 that the "proceeding" referred to therein is not necessarily a "proceeding" of a reference under section 10, Industrial Disputes Act, but any proceeding in respect of an industrial dispute. I quote below the relevant provision of section 33(1) which applies to sub-sections (2) and (3) also:

> "During the pendency of * * any proceeding before a Labour Court or Tribunal * * *in respect of an industrial dispute,"

Though the proceeeding arising out of the reference under section 36A, Industrial Disputes Act, by G.O. No. 4597-I.R., dated 3rd October 1964, was not a proceeding of a reference under section 10, Industrial Disputes Act, it was certainly a proceeding relating to an industrial dispute between the employers and employees covered by the main award relating to the reference under section 10. The reference under section 36A, with which we are concerned in the present case, was made because there was a dispute between the parties covered by the award in the main dispute relating to the interpretation of some terms in the award and so the subsequent reference under section 36A, Industrial Disputes Act, also related to an industrial dispute. The impugned superannuation took place during the pendency of the proceedings of the reference under section 36A, Industrial Disputes Act and the applicant may quite well contend that by such superannuation, the Municipality acted illegally and in contravention of the relevant provisions of section 33, Industrial Disputes Act, by altering his service conditions without any approved rules and standing orders. In this view of the matter, I reject the preliminary objection.

I now come to the merits of the case.

If the impugned superannuation of the workman with effect from 31st December 1964, on the ground of his attaining the age of 55 years was not in accordance with any duly framed and approved rules or standing orders under the Bengal Municipal Act, it was certainly a contravention of the provisions of section 33(2)(a), Industrial Disputes Act, which lays down that during the pendency of any proceeding in respect of an industrial dispute before a Tribunal there may be alteration in the conditions of service applicable to a concerned workman immediately before the commencement of such proceeding only in accordance with the Standing Orders applicable to the workmen concerned in such dispute. Apart from this position, the impugned superannuation cannot stand unless it is sanctioned by any duly framed rules or standing orders of the Municipality governing the service conditions of the employees. The Municipality purported to retire the applicant from service with effect from 31st December 1964, on the basis that he had already completed 55 years of age on 1st January 1964. The letter, Ext. 2, discloses this. This age of superannuation was calculated according to his date of birth as recorded in his service book (Ext. A). It is contended on behalf of the applicant that there are no duly framed or approved rules or standing orders under the Bengal Municipal Act of this Municipality laying down the age of retirement of its employees at 55 years. It is, on the other hand, contended on behalf of the Municipality that in so retiring this employee, the Municipality only acted according to the Model Rules framed by the Government under the Bengal Municipal Act. The Model Rules framed by the Government cannot apply to the employees of the Municipality unless it is prved that this Municipality adopted the rules in accordance with the provisions of sections 75 and 506, Bengal Municipal Act. There is nothing to prove that the Model Rules were so adopted by this Municipality. So, even if the age of superannuation is 55 according to the Government Model Rules, the applicant cannot be retired in the strength of those rules. The legal position that the Model rules framed by the Government must be adopted by the Commissioners of a particular Municipality before applying the same to the service conditions of its employees, was clearly stated in the letter from the Deputy Secretary, Local Self-Government and Panchayat Department, to the Chairman of this Municipality, dated 11th December 1964. This letter was in reply to the Chairman's query about the age of retirement of municipal employees after it was raised to 58 years from 55 years in the case of Government employees under Government order No. 5114-F., dated 3rd December 1963, and in this reply, after stating in the first paragraph that the retirement of a municipal employee would be governed by Rule 4 of the Model Rules "as adopted by the Commissioners of the Municipality concerned under section 75 of the Bengal Municipal Act with the sanction of the State Government", directed in the second paragraph that "unless and until the said rule as adopted is amended with the sanction of the State Government to prescribe 58 years as the age of compulsory retirement, the grant of any extension to a municipal employee would be discretionary". So, there is no force in the contention of the Municipality that it was within its legal rights in retiring this employee on the ground that he had completed 55 years of age and was, therefore, liable to retirement under the Model Rules framed by the Government. On the other hand, there is clear evidence on the record to indicate that the West Bengal Employees' Federation on behalf of the workmen of all Municipalities, excepting the Calcutta Corporation, submitted a charter of demands to the Municipalities and among the demands one related to the age of retirement and the whole dispute arising out of the charter of demands was settled by a tripartite agreement under section 18(3), Industrial Disputes Act, and according to this settlement, the age of compulsory retirement of municipal employees was placed at par with that of

the Government employees according to the principles enunciated in Government order No. 5114-F., dated 3rd December 1963. This is clearly proved by Ext. 1, which contains the tripartite agreement signed by the representatives of the Municipalities and the representative of the municipal employees and the Conciliation Officer. This agreement was concluded on 24th June 1964. This tripartite agreement is certainly binding on this Municipality and accordingly, this Municipality must accept 58 as the age of compulsory retirement of its employees and necessarily this age of compulsory retirement must apply to the present applicant, who was certainly an employee on the date of the agreement. It is to be noted that inspite of this tripartite agreement, the Municipality sought to retire him on the ground of his completing the age of 55 years by the letter, dated 10th November 1964 (Ext. 2). I have no hesitation to hold, therefore, that the act of the Municipality in purporting to retire the applicant with effect from 31st December 1964, on the ground of his having completed the age of 55 on 1st January 1965, was not in accordance with any approved rules or standing orders and was, on the other hand, contrary to and in violation of clause (4) of the tripartite agreement, dated 24th June 1964, which must continue to govern the compulsory age of retirement of the employees of this Municipality. It necessarily follows that the Municipality illegally and unwarrantedly altered the conditions of service of this applicant by purporting to retire him with effect from 31st December 1964, on the ground of his attaining the age of 55 years. Upon this position alone, the present application must succeed.

As it is a case under section 33A and is consequently to be treated as a reference and disposed by an award in respect of the whole dispute, I am also to decide a dispute regarding the real age of the applicant which has been raised by the Municipality. I have already referred to the pleadings of the Municipality that on subsequent enquiry it was learnt that the date of birth of the applicant according to his school admission register was 19th May 1904. It is contended before me that his date of birth as recorded in his service book was wrong and it is further contended that this date was subsequently altered by interpolation. I have considered the evidence relating to this matter. The service book clearly shows the year of his birth as 1909 and this year of birth was clearly accepted by the Municipality and acted upon even up to the stage of retiring him with effect from 31st December 1964, by the letter, dated 10th November 1964 (Ext. 2). The Municipality produced the original school admission register relating to the applicant and also put in a certified copy of the relevant entries certified by the Headmaster of the school. In the entries in the admission register, the date of birth is given as 27th February 1904. It is interesting to note in this connection that before production of the original admission register and the certified copy of the relevant entry certified by the Headmaster, the Municipality had produced a certified copy of the relevant entries of the admission register certified by the Chairman, who also happens to be the Secretary of the school (Ext. 3) and in this copy, the column under the head "Date of birth" is found to be absolutely blank. I think that upon the facts of the present case, the date of birth of the applicant as recorded in his service book and accepted all along by the Municipality, should be accepted and acted upon for the purpose of counting his age of retirement and it would be too late for the Municipality to contend that this is not his real age but his real age should be counted according to the date of birth as contained in the school admission register. It is to be noted that in its written statement, the Municipality made out the case that according to the school admission register, the date of birth of this applicant was 19th May 1904, but in the certified copy of the admission register, the date of birth is shown as 27th February 1904. There is considerable scope for doubt as to the correctness of the date of birth as now shown in the admission register. In any case, his age for the purpose of his retirement from service must be counted on the basis of his age as recorded in the service book started by the Municipality long ago with the signature of the then Chairman and accepted and acted upon by the Municipality all along up to compulsorily retiring him by the letter, dated 10th November 1964. According to the age as recorded in the service book, he would complete 58 years in 1967. So, it is to be held that he did not reach the legal age of compulsory retirement (58 years) on or before 31st December 1964, and he has not yet reached that age and so, he is entitled to continue in service till he reaches 58 years according to the age recorded in his service book and I hold accordingly.

In view of the above decisions, this application must succeed. The applicant is to continue in service till he attains the age of 58 years according to his service book notwithstanding his purported compulsory retirement with effect from 31st December 1964, in terms of the Municipality's letter, dated 10th November 1964, which constituted illegal and unwarranted alteration in the conditions of his service. He must accordingly be reinstated in service on his reporting for duty within 15 days from the publication of this award and his non-employment for the period commencing from the date of his retirement till his reinstatement shall not constitute any break of continutity of his service and he is to be deemed to be in continuous service even during this period. He shall also get his due salary for the said period at the rate or rates at which he would have drawn the same if he were in continuous service.

The application is accordingly allowed and the applicant is awarded the relief indicated above.

This is my award.

No. 3011-I.R./IR/11L-295/64.—30th July 1966.—Whereas the Fourth Industrial Tribunal has submitted to the State Government its order, dated the 1st July 1966 (hereinafter referred to as the said order), correcting under rule 27 of the West Bengal Industrial Disputes Rules, 1958, a clerical mistake in its award shown in the annexure to the Government of West Bengal, Labour Department, order No. 2252-I.R./IR/11L-295/64, dated the 3rd June 1966;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (Act 14 of 1947), the Governor is pleased hereby to publish the said order of the Fourth Industrial Tribunal as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Shalimar Paints Limited, Botanic Garden, Goabaria, district Howrah, and their clerical and subordinate staff employed in the Head Office of the company represented by Shalimar Paints, Colour and Vernish Co. H.O. Employees Union, 23-L Fern Road, Calcutta-19. (G. O. No. 4401-IR., dated 19th September 1964). (VIII-272/64.)

The Assistant Secretary to the Government of West Bengal, by his letter No. 2393-IR-IR-11L-295-64, dated 14th June 1966, drew my attention to the last line of the award which I passed in a reference under section 10 of the Industrial Disputes Act over a dispute between Messrs. Shalimar Paints Limited, Botanic Garden, Goabaria, district Howrah, and their clerical and subordinate staff employed in the Head Office of the company arising out of the Government of West Bengal, Labour Department, order No. 4401-IR/IR/11L-295/64, dated 19th September 1964. The line in question relates to the date from which the award was to take effect. The date mentioned was 1st of June 1960 which was clearly a clerical and type mistake. I for the purpose of rectification of the mistake heard both the sides. Shri J. Banerjee, learned Advocate appearing for the union, conceded that this Tribunal had jurisdiction to rectify the mistake. I told them clearly that the date should have been the 1st of June 1966 which I decided to be the date from which the award would take effect. It was a clear case of clerical and type mistake which has creft in due to inadvertence. About this mistake there has been no objection from the either side and there can be no reason for any such objection. In these circumstances, under rule 27 of the West Bengal Industrial Disputes Rules, I rectify the said clerical mistake. The words "the 1st of June 1960" be deleted and in their place substituted the 1st of June 1966 in the last sentance of the award hereinbefore mentioned, dated 23rd May 1966. The said award will, therefore, take effect from the 1st of June 1966. This order may be read as a part of the original award.

AWARD

The Government of West Bengal, by order No. 2745-I.R./IR/11L-149/65, dated 28th June 1965, had referred the following Industrial Dispute between Messrs. Refugee Biri Factory and Messrs. Sather Sambal Biri Factory, both of P.O. Taherpur Colony, district Nadia, and their workmen represented by Biri Shramik Union, P.O. Ranaghat, Nadia, to this Tribunal for adjudication.

Issue

Whether the closure of (i) Refugee Biri Factory and (ii) Sather Sambal Biri Factory is real and bona fide ? Whether the closure is beyond the control of the management and in the circumstances justified ? To what relief, if any, are the workmen entitled ?

In this case the employers were directed to put in the written statement at first, but the notice on the employers could not be served. Ultimately, a notice was issued for publication in the local newspaper having wide circulation. Actually, the notice was published in the newspaper of Ranaghat called 'Barta Baha' in the issue of 31st January 1966. The employer, however, did not enter appearance at all even after the publication of the notice in the local newspaper mentioned above. Thereafter the Union was asked to put in the written statement and the written statement was filed by the Union on 21st April 1966.

In the written statement submitted by the Union, it is said that there were 36 workers in the two factories when the factories were closed on 16th February 1965, that the period of employment of the workmen varied from 2 to 8 years and that the closure of the factories were malafide. It is further stated that the workmen demanded higher rates of wages which had come into vogue in other parts of the district of Nadia, that through intervention of the Taherpur Bazar Committee an agreement was arrived at between the employers and the Union on 24th December 1964, by which the employers agreed to raise the rate of binding of thousand biris from Rs. 2·40 P. to Rs. 2·74 P. with effect from 1st January 1965 and that the employer had raised the price of biris at the rate of 30P. per thousand. Subsequently, the employers, by the notice, dated 7th January 1965, demanded that the workers should agree to work at old rates and threatened closure of the factory unless they had agreed to work at the old rates and that in fact, the two factories were closed from 16th February 1965. The action of the employers is wholly malafide and illegal. In the circumstances, the Union prays for an award directing the employers to re-start the factories or in the alternative, for payment of suitable compensation to the workmen.

The employers have not appeared even on 25th July 1966 and therefore, the matter was heard ex-parte. It appears from the evidence of P.W.-1, Shri Gouranga Chandra Saha who was employed by the Sather Sambal Biri Factory, that there were 36 workmen employed by the two factories. This evidence is corroborated by the evidence of the two lists, Exts. 1 and 1(a). It further appears from the evidence of P..W 1 that the workmen approached the owners of the factories about the end of 1964 for increasing their wages, when they found that the wages of biri workers in the district of Nadia had been increased. The owners agreed to pay enhanced rates at the rate of Rs. 2·74 P. for binding thousand biris with effect from 1st January 1965. The agreement has not been filed, but as the learned Advocate Shri Habibulla had pointed out, the purpose of the agreement, appears from two notices Exts. 2 and 2(a). In the notices it has been said by the owners that if the workmen are agreeable to work at the previous rates of Rs. 2·40 P. for binding thousand biris, then the owners were agreeable to give them work and that if the workmen were not agreeable, the owners would be compelled to close the factories. This notice was given on 7th January 1965. Subsequently, the owners gave the notices Exts. 3 and 3(a) regarding the closure of the factory. The only reason for the closure of the factories as mentioned in Exts. 3 and 3(a) is that the owners were incurring financial losses in running the factories. There is, however, the evidence that the owners have increased the price of thousand biris by 40 P. from January 1965, of course in the written statement, the increase in the price of biris with effect from 1st January 1965 is said to be 30 P. Whatever the actual increase in the price of biris may be, the fact remains that after agreeing to the enhancement to the wages of the workmen, the employers had increased the price of biris. There is, therefore, no adequate reason why the employers should have suffered loss. But even supposing that the employers had suffered financial loss, this is not a sufficient ground for closure in view of the explanation of section 25FFF of the Industrial Disputes Act. I would also point that in section 25FFF(1) the words used are "where an undertaking is closed down for any reason whatsoever." In the latter part of section 1 of that section it has been provided that where an undertaking is closed down on account of unavoidable circumstances, beyond the control of the employer, the compensation would be paid to the workmen under clause (b) of section 25F, shall not exceed his average pay for 3 months. In the explanation, it has been laid down inter alia that an undertaking which is closed down by reason merely of financial difficulties, including financial losses, shall not be deemed to have been closed down on account of unavoidable circumstances beyond the control of

the employer within the meaning of the proviso to sub-section 1 of section 25FFF of the Industrial Disputes Act. I am not satised that there are really unavoidable circumstances beyond the control of the employer. It appears to me that even if there had been financial losses of the employer, the factories had not been closed down on account of unavoidable circumstances. The fact, however, remains that the two factories mentioned in the Order of Reference are lying closed with effect from 16th February 1965. I do not however, agree that the Tribunal can direct the restrating of the factories.

With regard to the amount of compensation which should be awarded to the concerned workmen, it appears from Exts. 3 and 3(a) that one month's notice as required by section 25F(a) has not been given. The date of notice is 18th of Magh, 1371 B.S. and the date of closure is 4th of Falgun, 1371 B.S. Therefore the workmen are entitled to get wages for one month in lieu of notice. The workmen are also entitled to get 3 months wages as compensation for closure of the factories. Thus, in all, the concerned workmen are entitled to get 4 months wages as compensation from the employers.

The employers are directed to give four months wages as compensation for the closure of the two factories within one month of the date of publication of this award in the "Calcutta Gazette."

This is my award.

the matters of three separate industrial disputes between Messrs. Oriental Gas Co., Ltd.; 12-A Park Street, Calcutta-16 and their workmen represented by Oriental Gas Workers' Union, 139 Narkeldanga Main Road, Calcutta-11, under three separate Orders of Reference by the Government of West Bengal as mentioned in the following paragraph. (Cases Nos. 226 of 1958, 124 of 1959 and 421 of 1960.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri A. K. DE, District Judge, Presiding Officer, Fifth Industrial Tribunal, West Bengal.

Present for the Company: Shri K. B. Bose, Counsel and Shri Nalini Das Gupta, Advocate.

Present for the Government: Shri S. C. Bose, Advocate.

Present for the Workers' Union: Shri Nandadulal Srimani, Advocate.

Present for the Petitioners: Shri Satyendra Nath Banerji, Advocate.

These three industrial disputes between Messrs. Oriental Gas Company Ltd., hereinafter referred to as the Company, and their workmen represented by Oriental Gas Workers' Union, hereinafter referred to as the Union, each relating to a claim for additional bonus for a particular year, have been referred to this Tribunal under section 10 of the Industrial Disputes Act by the Government of West Bengal, in its Labour Department, order Nos. 4794-I.R./I.R./11L-312/58, dated 17th November 1958, 3370-IR/IR/11L-312/58, dated 23rd July 1959 and 4572-IR/IR/11L-105/60, dated 25th August 1960. These three references were heard together at the desire of the parties as involving common questions of law and fact, and this single award, kept in the records of the case No. VIII—226 of 1958, will govern all the three references.

2. The Company and the Union being served with notices appeared and filed statements. Before the references could be adjudicated upon, the Government of West Bengal took over the Company by enacting a legislation. Thereafter the Government was added as a party in all the 3 references in 1962. The Government appeared in each proceeding and filed two statements on 16th November 1962 and 12th July 1965. At the hearing Government did not actively participate but watched through its lawyer. Government only contested that the order, if any, made by the Tribunal directing payment of bonus claimed by the workmen, should be against the Company and not the Government. This contention was naturally opposed by the Company. Shortly stated, the facts are these: The Company is a monopoly industry supplying gas to various institutions and individuals in Calcutta and suburbs. It sells its by-products such as coke, tar, etc. The Company also charges rents for meters and appliances and has been making huge profits regularly derived from the hard labour of the workmen. In spite of it, the Company has not paid adequate bonus to the workmen by whose labour it is making profits. The Company has been eating up a large portion of profits under the garb of Managing Agency. The Company has been paying Customary Bonus of one month's wages for a long time and that on the financial capacity of the Company the workmen are entitled to two months' wages as bonus in addition to the Customary Bonus for each of the years ending 30th June 1957, 30th June 1958 and 30th June 1959. The Company in its statement in reply stated that the Company is paying each

year bonus to the extent of one month's wages to the workmen dependant and conditional upon the trading results and not as Customary Bonus. It is stated that on the trading results the workmen are not entitled to any additional bonus in any of the years in claim. The Government stated that the Company did not have any available surplus for payment of bonus as claimed by the workmen and that it was to be proved that the Company was being run highly profitably. The statements by the parties in each of the three cases are on the same lines.

3. The issues are as follows :

In case No. 226 of 1958—"Whether the workmen are entitled to any additional bonus for the year ended 30th June 1957".

In case No. 124 of 1959—"Whether the workers are entitled to any additional bonus for the year ended on 30th June 1958 in excess of one month's basic wage paid by the Company".

In case No. 421 of 1960—"Whether the workmen are entitled to any additional bonus for the year ended the 30th June 1959 in excess of one month's basic wages paid by the Company".

4. The main question between the parties is, whether there was any available surplus in each of these years for payment of bonus as claimed. Before the Tribunal takes up that question for determination, it will be convenient to decide the dispute between the Company and the Government as to against whom the claim of the Union for bonus for those years is maintainable.

5. The Company states that bonus, if any, has to be paid by the Government. In support of this contention the Company relies on section 4 (c) of the Oriental Gas Company Act of 1960 assented to by the President on 1st October 1960. The Government, in reply, states that it is the Company who has to pay the same as Government has acquired the undertaking of the Company free from all encumbrances and refers to section 7 (2) of the said Act. The Tribunal accepts the contention of the Government. Section 4 of the Act was applicable during the period when the undertaking of the Company was with the Government for the purpose of management and control and not after it had been acquired under section 7. It is laid down in section 7 of the Act that the undertaking to the Company shall vest absolutely in the State Government free from all encumbrances. Section 4 of the Act was applicable during the period when the undertaking of the Company was with the Government for the purpose of management and control and not when it had been acquired under section 7 It is laid down in section 7 of the Act that the undertaking of the Company shall vest absolutely in the State Government free from all encumbrances from the date of publication of the notification. That notification was published sometime in 1960. On the Company's side reference was made to a decision of the Calcutta High Court in Suit No. 1379 of 1963, dated 5th April 1966. That was a suit between Indian Cable Company Ltd., and Oriental Gas Company Ltd. That was a claim for money, being the value of goods sold to the Company between 11th August 1960 and 13th September 1960. The defence of the Government in that suit was that it was not liable for the amount of those bills as the transaction was completed and supplies made prior to 17th November 1960. The Court held that the Governmenet was liable. That decision has no application to the facts here. Here the claim is for profit sharing bonus. Indisputably, the profits in those years, i.e., 1957 to 1959 were taken by the Company, and not by Government. It cannot be said that the Government, having taken possession of the undertaking of the Company after vesting is liable for the bonus payable from the profits enjoyed before vesting by the Company. It may also be noticed here that these bonus amounts were payable, if at all, to the workmen before the vesting of the undertaking of the Company in the Government or before the Government took up management under section 4 of the Act. The Tribunal, on a consideration of the submissions, decides that the bonus if any is payable, has to be paid by the Company, and not by Government.

6. There is not dispute that the claims in these three references will have to be decided on the Full Bench Formula and not according to the provisions of the Payment of Bonus Act. The Company and the two Unions have filed calculations of available surplus in terms of the Full Bench Formula. The parties are agreed as to the gross profit on the basis of the profit and Loss Account of each year. It was Rs. 13,81,177 for the year ended on 30th June 1957. The amount charged in the account as depreciation that year is not in dispute and was Rs. 5,35,663. The amount paid as bonus in the same year was Rs. 1,03,180, and was not in dispute. Thus the amount shown as gross profit. by adding bonus paid and depreciation charged in the account, was Rs. 20,20,040. From this amount the Company deducted Rs. 84,890 as interest earned on Bank deposits and Rs. 8,22,875 as Income Tax, Super Tax, etc. at 51 per cento of the profits and Rs 45,027 as Wealth Tax paid and Rs. 1,85,55,551 as 4 per cent. return on "Reserves" which was shown as Rs 46,38,788 and Rs. 12, 66,309 as annual Rehabilitation and Rs. 3, 37,557 as normal depreciation. In this way the Company showed that it had a deficit of Rs. 9,81,072 i.e., the Company had not any available surplus for payment of profit sharing bonus on trading results of 1957 (ending on 30th June 1957).

7. The Union in its calculation added 4 other items to the profit. To raise the total gross profit to Rs 24,11,203, it added again for bad debts Rs. 6,778 and for fees and commissions paid to Directors Rs 12,046, and for Manager's remuneration, office allowance and commission Rs. 1,89,464 and 10 per cent. of the total charged in the account on repairs etc. as not being revenue expenditure but being capital. Thus whereas the total gross profit according to the Company's calculation was Rs.20,20,040, it was Rs. 24,11,203 according to the Union. According to the group of workers, the net profit was to be Rs.27,83,820 by, adding again Rs. 6,779 as bad debts charged and Rs. 1,45,029 as commissions paid to the Manager and Rs 94,782 as 50 per cent. of the office allowance and commission paid to the Manager and Rs. 5,17,209 as one third of the total amount charged in the account of repairs as not being revenue expenditure, but being capital.

So before the question of deduction from the total profits is taken up it is to be decided whether these additional amounts claimed by the Union are to be added to the profits. The Tribunal will consider each item separately.

8. The first is the amount under the head "Bad Debts Charged." It is said that these amounts, if realised timely by the Company, would have been added to the profits and should, therefore, be added. The Tribunal does not think that it should be added. In business there would be bad debts. The amount of bad debts is not much when compared with the profits. The Tribunal rejects the Union's claim for adding this amount to the profit.

9. The next items in dispute regarding adding back are about the amount paid as Directors' fees, commission and office allowance. It was contended by the Union that these sums were not payable and therefore, if the Company had paid those sums that should be added to the profits to show total profits. O.P.W.2 Shri N. G. Goswami, Head Office Accountant of the Company from 1947 till 1960, stated that the Calcutta Gas Company was the Manager of the Oriental Gas Company, and that there was an agreement in terms of which the Calcutta Gas Company was getting Manager's remuneration from the Oriental Gas Company. The Union's grievance was that the said agreement was not produced. The Company did not produce the agreement at the hearing or at the time of argument. It is long after that the Company filed copies of Agreements, dated 24th July 1948 and 10th April 1957. The Memorandum of Articles of Association of the Oriental Gas Company was also filed.Paragraph 79 of it provides for remuneration to Directors. The agreements also provided for payment of commission at 10 per cent. besides office allowance and commission on all coal purchases negotiated by the Managers, i.e., the Calcutta Gas Company. In view of this the Tribunal decides that the claim of the Union for adding the sums paid as Directors' fees and commission and as Manager's remuneration (office allowance and commission) should be rejected.

10. The next item in dispute was the Union's claim to add 10 per cent.of the total charged in the account of repairs of buildings, etc. on the ground that it was not revenue expenditure, but was actually capital. It has already been stated that one Union claimed 10 per cent. of that anount to be added whereas the group of workers claimed 33⅓ per cent. of the same. In support of this contention the Union relied on two cases reported in 1964 (1) L.L.J. p. 370 and 1955(II) L.L.J. p. 144. The case law cited gives support to the contention. But it was argued by the learned representative of the Company that those cases are not applicable as no controversy about the same was raised by the Union or any evidence was given by the Union that any portion of repair cost represented capital expenses. This position is correct. In the case reported in 1964(I) L.L.J. p. 370 the workmen raised a controversy that those items of expenditure did not represent revenue expenditure and in spite of that the Company did not produce any evidence except the audited balance-sheet and Profit and Loss Accounts. In such circumstances it was held in that case that the Industrial Tribunal was not bound to accept as correct whatever has been found to be correct by the auditors of the Company. But here, excepting those criticisms, this controversy was not, in fact, raised and evidence was not given in support thereof. In the circumstances the Tribunal rejects the Union's claim to add those sums to find out profits or the adjusted profits. The Tribunal, in the result, holds that the profits in the year ended on 30th June 1957 were Rs. 20,20,020.

11. The next question is about the deductions. Here also the parties are at dispute in several respects. The Company has deducted the amount it earned as interest on Bank deposits. The Union states that the said amount should not be deducted as this was a part of the profits of the Company. The Company's contention is that this is extraneous income and as such is to be subtracted. To argue that the income was not an extraneous income the Union relied on the cases reported in Tata Oil Mill Case reported in 1959(II) L.L.J. p. 250 and the case reported in 1965 (II) L.L.J. 142. Generally speaking, profits earned in the normal course of business at the end of the year are the result of joint effort of capital and labour. Even so, there may be existence of extraneous income for the purpose of Full Bench Formula due to some part of profits arising out of fortuitous effort unconnected with labour. An income arising in the normal course of business of the concern during the year will not be called extraneous merely on the ground that there is no direct connection between the efforts of the labour and the accrual of the income. This is what was laid down in the Tata Oil Mill case. It was, therefore, argued by the learned representative of the Company that this amount earned as interest on Bank deposits is an extraneous income. The Company kept about 20 lacs of rupees in the bank at the beginning of the year by way of provisions for payment of dividends, Advance. Income Tax, etc. and the amount so deposited in the bank earned interest before payments were made out of that for the purpose for which the same was kept. It is said, as such, it is neither an investment or anything earned by the contributions made by the labour. It is not stated or proved that any portion of the deposit which earned interest from the bank was made from profits earned during the year by the Company with the contribution of the labour. That being so, the claim of the Union to deduct that from the gross profits cannot be allowed.

12. There is no dispute between the parties as to the deduction for normal depreciation amounting to Rs. 3,37,557. It is not also disputed that the amount payable as Income Tax, Supper Tax, etc. was 51.5 per cent. of the profits. That should be deducted. Again, there is no dispute that 6 per cent. on the paid-up capital was to be deducted. That figure was Rs. 2,40,000.

13. The Company had deducted 4 per cent. on reserves amounting to Rs. 1,85,551 calculating it on Rs. 46,38,788. The Union stated that the Company was not entitled to get any deduction for that because the Company had not proved that it used any portion of the reserves as working capital during the year. It was also stated that it is not proved that the reserves, if any used as working capital, were used for the entire year. To strengthen their contention the Unions referred to the cases reported in 1963(II) L.L.J. p. 358 and 1963(II) L.L.J. p. 629. It was held in the case

reported in 1963(II) L.L.J. p. 358 that the balance-sheet could not be taken as proof of a claim of what portion of reserves had actually been used as working capital, and that the utilisation of a portion of capital had to be proved by the employer by evidence with opportunity to the workmen to contest the correctness of that evidence. It was held in the other case in 1963(II) L.L.J. p.629 that mere statement in the balance-sheet as record of current assets and current liabilities would not be taken as sacrosanct, and that the correctness of figures as shown in the balance-sheet was to be established by proper evidence in Court by those persons preparing the balance-sheet or other competent witnesses. It was again pointed out in that case that the matter to be ascertained was not what was the total capital of the concern, but to find out what portion of the reserves had been used as working capital. There is absence of evidence in this respect in these cases. It would be improper, and indeed impossible, as observed in the latter case, to come to a correct conclusion on these matters by mere scrutiny of the balance-sheet. In the circumstances, the Tribunal would reject the Company's claim of deduction on this head.

14. The last dispute is about the Company's claim for annual Rehabilitation. The Company had claimed Rs. 12,66,309 as annual Rehabilitation. The Union stated that the Company should get nothing for that, as they had not proved by any satisfactory evidence the multiplier and divisor. It is not disputed that this claim was to be established by the Company by proper evidence. Here the Company examined 4 witnesses. O.P.W.1 Shri Murarka, Assistant Secretary, O.P.W.2 Shri Goswami, Head Office Accountant, O.P.W.3 Shri Sen, the Manager and Chief Engineer of the Company, O.P.W.4 Shri Paul, the Accountant of the Company, deposed in these cases. The witness, who proved the multiplier and divisor, was Shri Goswami. He stated that the block assets of the Company were (1) buildings, (2) Plant and machineries and (3) Mains and services. It is now well settled that the burden to prove any prior charge under the head 'Rehabilitation' lies on the employer and that unless the employer establishes its claim as Rehabilitation charge, the claim must be rejected. Shri Goswami, O.P.W.2, stated that he prepared the charts being advised by the Directors. In the charts he stated certain amounts as original cost of each block. He stated that the cost of construction of the building block in 1957 would have been 3 times. He took 3 as the multiplier. From the figure arrived at, multiplying by 3, he had deducted 5 per cent. as scrap value and had divided the balance by 5, taking that as divisor. His evidence was that the remaining life of the building block in 1957 was 5. He stated that he put the figure for original cost on the basis of original Books of Accounts But those were not produced. He himself found out what would have been the cost of construction of the blocks in 1957. He had not the necessary qualifications to estimate the age of blocks. He relied for that on others. So his evidence on multiplier and divisor was not acceptable. He admitted that he had not access to the Accounta Books of the year prior to 1946 and that he could not ascertain the actual age of year of construction of buildings. He stated that he had not any document to show the date of construction of buildings. He also admitted that he assessed the normal life of buildings as 20 years and on that basis found out the divisor. He stated that his multiplier was an estimate and that he made an absolutely rough estimate. He also could not say why he took 5 per cent. of construction as value of scrap. He said that he did not consult any building contractor. Later, he stated that he consulted engineers about the life of buildings and they told him it was 15 to 20 years. So his evidence as to the multiplier and the divisor is of no value and should be rejected. He further stated in corss-examination that the Company maintains a purchase register showing machineries purchased, year of purchase and the amounts for which purchased. He also stated that after the machineries were fitted, those were transferred from the purchase register to the cost ledger. He admitted that he consulted engineers as to the life of machiners but did not take their opinion in writing, and that he did not invite quotations of manufacturers to find out the multiplier. O.P.W.3 Shri Sen, the Manager and Chief Engineer, also did not say anything in support of O.P.W.2's multiplier and divisor. O.P.W.3 stated generally that machineries working directly on fire would have a normal life of 5 years, and that those not so working would have a normal life of 10 years, and that some machineries might have a life of 15 years. If his evidence about a life of machineries was anything near correct, then the divisor in the chart of O.P.W.2 in the block 'Plant and Machinery' is certainly wrong, for, O.P.W.3's evidence is that on an average the normal life of machineries would be 7, 8 and 10 years. That would falsify the divisor of O.P.W. 2 about plants and machineries. This witness stated that he would consider the normal efficient life of cast iron pipes used in Mains to be 10 or 15 years less than 50 years, i.e., 35 years. He stated that normal effective life of boilers would be 15 years. He further stated that the Company was using wet meter up to 1959 and the gas which the Company was supplying was of corrosive action reducing the normal machine-life to 2 to 3 years. His evidence did not support in any way the chart made by O.P.W.2 regarding Mains and Services including meters. O.P.W.2 did not say that he got the estimate of life of Mains and Services from Shri Sen. O.P.W.3 stated that he consulted Shri A. N. Sen, Mr. Gladstone and Mr. Heed None of them was examined. O.P.W.3 was Shri K.N.Sen, O.P.W. 2 stated that he did not go to the factory for the preparation of the chart and did not verify it by seeing the machines. O.P.W.2 stated that Engineers most likely told him that the life of machineries would be between 50 and 55 years, and that he asked them about machines generally and not about any particular machines. Again he stated that he did not take any quotation from the manufacturers of machines for the 'multiplier'. O.P.W.1 and O.P.W.4 did not say anything about multiplier and divisor. It is to be mentioned here that the Company by producing this chart wanted to say that in each of the 3 years the Company made no profit on the basis of calculation according to the Full Bench Formula. But it was the Company's case in the written statements that it paid bonus for each of these years on the trading results. That shows that in agreeing to pay bonus for each of the years they were statisfied that their trading results showed profits and permitted payment of profit-sharing bonus. Reference may be made to the Company's statement, para.8 in 1957 case and para. 9 in the other two cases. The learned representative appearing for the Company argued that the case reported in 1964(I) L.L.J. 370 was not applicable as it was proved there that

machines could be replaced by machines manufactured in other countries and the price quotations were not taken. It was also argued that the decision in 1963(II) L.L.J. 629 was distinguishable as the charts there showed multiplier and divisor and no evidence was given as to how they were arrived at. It has been pointed out that the evidence that has been given in these cases has not justified the multipliers and divisors taken by O.P.W.2 in making the charts. O.P.W.4 S.K.Paul, Accountant, stated that he prepared statement in 1960 and 1962 to show the rise in prices of materials, labour machinery, etc. He produced vouchers certain quotations and Corporation Price List and P.W.D rates of West Bengal Government. This evidence is of no aid. O.P.W.2 did not say that he looked into these statements of O.P.W 4 before making his chart. Again, original cost of blocks were not proved at all. O.P.W.2 stated at page 5 that he estimated the multiplier] and that would not be exact according to vouchers, invoices, etc. In the circumstances, the Tribunal rejects the claim of the Company on the head of Rehabilitation.

15. Another item which the Unions claim as deduction from the profit is the Bonus paid. The Company has not given that deduction. This deduction should have been given. But that deduction is to be given after the available surplus has been found out following the Full Bench Formula. That deduction for the bonus paid has to be given to find the remainder with the Company and not for calculating available surplus.

16. Another 'Refund' is to be taken into consideration in finding out the amount in the hand of the Company after the calculation of available surplus, i.e., the amount which will be refunded from Income Tax, and Super Tax paid for the amount paid as profit bonus. The amount that the Company may pay as profit bonus may give a return by way of Income Tax and Super Tax. That will be a consideration to decide whether the Company is in a position to pay profit-sharing bonus. But that has nothing to do with the calculation of available surplus according to the Full Bench Formula.

17. It was contended that the Company's claim for Rehabilitation should be rejected as the charts given with the written statement (charts proved in the Court during trial) and the picture drawn in the Director's speech vary materially and bring the case within the scope of the decision reported in 1962(II) L.L.J. 629. Shri M. L. Jalan, Chairman of the Board of Directors, his speech (Ext. 2) delivered on 19th May 1960 stated at page ten that the machinery and plant were more than adequate for present requirements and that the Company had been constantly replacing worn out and obsolete equipments with the most modern types. It is stated in that paragraph that he circulated along with the printed copy of his speech a statement on the condition of plant showing the age and condition of each machine and piece of equipment. The same was not produced before the Tribunal. That would have shown that if there was any real basis for the figures in the charts submitted in Court by O.P.W.2. The Chairman again stated there that the Company spent as much as Rs. 2 crores for replacements and renewals during the preceding 14 years. This also show that the charts submitted in Court by O.P.W.2 were not such which could be accepted. O.P.W.3 no doubt stated that he would not have agreed with the opinion of the Chairman expressed in the speech if he had been consulted. No weight need be given to this statement. It is idle to say that the Chairman of the Company made his speech before the Board without technical advice or against technical advice. It is also correct that the calculation of available surplus as submitted with the written statements of the Company was different from the calculation of O.P.W.2 in Court. O.P.W.2 stated that he made the chart long before the written statements were filed. In the chart filed with the statement the amount charged for Rehabilitation was more than what had been charged at the hearing. The case comes within the scope of the decision in the Aluminium Corporation case. The Tribunal rejects the Company's claim for deduction of the amount for Rehabilitation. Available surplus in each of these years has to be calculated on the basis of the decisions made above.

18 The next matter for consideration is the ratio of distribution of Bonus. In these cases, that is not of much importance. The claim of the Unions is for 2 months' wages. It will be seen that the available surplus calculated on the basis of the decisions made above, will permit payment of 2 months' wages as Bonus, even if the sum is distributed among the workmen, the Company and the industry in equal shares. The Union claimed 50 per cent. of the available surplus as profit-sharing bonus to be given to the workmen. Those claims appear to the Tribunal to be highly placed. But the Tribunal does not think it necessary to go into details in view of what has been stated above. For deciding what part of available surplus should be paid as bonus the wage bills of the workers will be considered, and not of the officers, even though they are also given bonus. This is the view expressed in the case reported in 1963 (II) L.L.J. 629. The Company has submitted a statement, though late and after the hearing, showing the wage bills of the workmen. The Tribunal decides that each of the workmen shall be paid two months' wages as bonus for each of these 3 years or one-thirds of the available surplus, to be distributed rateably amongst the workmen, whichever is higher.

19. It was contended by the learned representative for the Company that the amount that had admittedly been paid to the workmen as bonus in each of these years should be deducted in making payments. It was contended that the bonus that had been paid was towards profit-sharing bonus. The Union stated that the bonus paid was customary Puja Bonus. There is little doubt that the payment of bonus already made was customary Puja Bonus. It is in evidence that since 1942 or 1947 the Company has been paying each year to the workmen as bonus one month's wages and that at the same time before the Pujas. The amount has been invariable and it has been paid at fixed time and it was not dependent on the profits earned by the Company. The notices (Ext. 1 series) shows that. It is also in evidence that even in the year the Company incurred loss, this bonus was paid. So the Company's plea that the payment already made as Puja Bonus, should be deducted from the bonus ordered in this award does not stand. It appears from Ext. A that there was a settlement between the Company and the Union in 1958 regarding the claim of bonus for the year ended 30th June 1958. There, the Company stated

that it was paying one month's wage as bonus taking into consideration the trading results. It was, therefore, argued that the workmen, if they were given any bonus by the award, would get it reduced by that amount. The Tribunal does not find this argument acceptable. It has been proved that the Company has been paying bonus each year at the same rate for a long time. They stopped paying that in 1958. That resulted in a conciliation ending in a settlement in Ext. A. Besides, this question is of little relevance in view of the fact that on the available surplus of those years the workmen could get 3 months' wages even. If one months's wages already paid are deducted from that, they would still get 2 months' wages as bonus. So, in any view of the matter, the Tribunal decides that the workmen should get 2 months' wages as bonus in each of these cases.

20. Before closing it is necessary to make a reference to two other minor arguments. It was contended that the Company could not examine any engineer to prove the age of buildings block or the cost of construction as it had no Civil Engineer. But it appears from O.P.W 1 that they had experienced overseers. They would have been component witnesses to say about those. But they were not examined. He also stated that there were very highly qualified Mechanical Engineers in the Company, but none was examined. So the Company cannot ask the Tribunal to accept the evidence of O.P.W.2 on the points even when it has been shown that the evidence does not agree with the evidence of other witnesses and the previous statement of the Company and the Chairman's own speech. The Company referred to the evidence of O.P.W.2 Shri Goswami, that Reserves meant Capital Reserve, General Reserve, Reserve for contingency, Profit and Loss Account Balance and deductions for meters and contingency reserve on current assets. He stated that reserve was utilised for Working Capital just as Capital was utilised as fixed assets. He stated that if there was no reserve the Company would have been obliged to borrow interest-paying loans for Working Capital. He stated that the Company keeps reserves so that it may not have to borrow. He stated in cross-examination that he saw the reserve in the Balance Sheet and allowed 4 per cent. on the same. His evidence also did not prove utilisation or period of utilisation of the reserve as Working Capital during any of these years.

21. It was argued by the Unions that the amount available as abatement of Income Tax in respect of bonus awarded should be considered in deciding on the amount of bonus. Reference was made to the case reported in 1960(II) L.L.J. 49. It was held there that the proper approach to the question was to decide first tentative figure for bonus and then to see after taking into consideration the amount receivable as rebate of Income Tax, how the share of the workmen on the one hand and the Industry on the other compare. In these cases it is not necessary to go into that question in view of what has been already indicated above.

22. In the result the Tribunal answers the issues in these 3 cases affirmatively and directs that the Company should pay as bonus to each of the workmen 2 months' wages for each of the 3 years.

AWARD

The Government of West Bengal, by order No. 2134-I.R./IR/11L-74/65, dated 12th June 1965, had referred the following industrial disputes between Messrs. Kettlewell Bullen and Co. Ltd., 21 Strand Road, Calcutta-1, and their workmen represented by Kettlewell Bullen Employees' Union, 28 Strand Road, Top Floor (Room No. 16), Calcutta-1, to this Tribunal for adjudication.

Issue

1. **Revision of Grades and Scales of Pay of all employees.**

2. **Age of retirement of the employees appointed before 1947.**

After the service of usual notice, the Union had put in the written statement at first as directed, and thereafter, the Company had put in the written statement.

It has been stated in the written statement filed by the Union that the Company is the Managing Agent of the Dunbar Mills Ltd., which carries on the business of manufacture and sale of cotton textiles, the Fort Gloster Industries Ltd., which carries on the business and manufacture of jute textiles and cables, the Bowreah Cotton Mills Co. Ltd., which carries on the business of manufacture and sale of cotton textiles, the Mothola Company Ltd., which carries on the business of cultivation, manufacture and sale of tea and Joonktollee Tea Company Ltd., which also carries on the business of cultivation, manufacture and sale of tea. The Kettlewell Bullen and Co., has got its principal office at 21 Strand Road, and at that place, there is also the principal office of the Companies of which Kettlewell Bullen and Co., acts as the managing agent. The clerk and the subordinate staff have to perform the work relating to the business of the managing agency company, and also the business of the companies which are managed by the managing agency company. The employees have to work at 21 Strand Road and also at 14 Netaji Subhas Road, Calcutta, in the cable division of the Fort Gloster Industries Ltd., and these employees are all employees of the managing agency company. The pay, however, of several employees are debited to more than one of the managed companies. The financial position, however, of the managing agency company of the managed companies, is very good, and the companies are earning huge profits. In Annexure A to the written statement, a chart has been given showing the profits of the managing agency company and of the managed companies from 1962 to 1964, and also showing the gross profits of those companies for the year 1951. It is said that the percentage of average gross profits earned from 1960 to 1964 over 1951 is 423.95 per cent. The employees raised the dispute regarding the revision of the grades and scales of pay by the letter, dated 26th July 1963, through the union—the Kettlewell Bullen and Company Employees' Union. It was pointed out that the present scales of pay for clerical and subordinate staff, were introduced in 1951, and since that time, there had been considerable changes in the circumstances and that there had been overall increase in the prices of commodities and persistent rise in the cost of living index during the past several years. It was further pointed out that a number of mercantile firms in Calcutta had already enhanced the wages of their employees, either through peaceful negotiation or through adjudication, and the pay scales as introduced in 1951 fall short of the requirements of the present day conditions, and are not in accordance with the trend of basic wages in other comparable mercantile firms of the locality. The letter was not replied to by the company in spite of the subsequent reminder by the union, dated 9th September 1963. The union therefore had to write another letter on 13th September 1963 asking for adequate revision of the grades and scales of pay. Even then the company did not settle the dispute amicably, and thereafter, there was conciliation proceeding which also failed due to the adamant attitude of the employer. Thereafter, there has been reference by the Government of West Bengal. It is further stated that the existing pay scales had remained practically unaltered for the past 12 years during which

there has been considerable changes in the circumstances, and also huge rise in the cost of living index, and that the paying capacity of the managing agency company as well as of the companies managed by it, had increased considerably and there has been lavish increments of the executive staff from year to year. The lavish increments had been shown in Annexure B to the written statement of the union. In Annexures C and D of the written statement of the union the existing scales and the scales claimed by the employees, had been shown.

With regard to the other issue, viz., the retirement age of the employees appointed before 1947, it has been stated that there is no existence of that industrial dispute, and therefore, the Tribunal has no jurisdiction regarding that issue. It is also stated that by the rules which came into force from 1st August 1951, the company introduced the scheme of compulsory retirement at the age of 55 years, and that before that, there was no age of retirement and the employee could continue in service as long as he lived, unless invalidated earlier for reasons of health. Thereafter, reference has been made to the case of forced retirement of Shri Tarapada Singha to the Second Industrial Tribunal by the Government of West Bengal, by order No. 8237-I.R./IR/11L-362(A)/61, dated 27th December 1961, and also to the rules made in 1947 by which the age of retirement was fixed at 55 years. Shri Singha has joined the service of the company before 1947. Thereafter, reference has been made to the award passed in that case and to the judgement of appeal of the Supreme Court reported in 1964(II) L.L.J., 146. Their Lordships of the Supreme Court had held that the rules of retirement at 55 years fromed in 1947 and 1951, did not apply to the prior employees of the company. Those workmen could continue in service as long as they remain fit. It is said that in view of the decision of the Lordships of the Supreme Court, Shri Tarapada Singha had been reinstated in service, and that there is no scope of re-agitation for the age of retirement for the employees appointed before 1947. It is also alleged that there is no existence of any industrial dispute regarding the age of retirement of employees appointed before 1947, that the union never raised any such industrial dispute, as it has no grievance regarding the age of retirement of employees appointed before 1947, and that the union is not aware of any industrial dispute raised by the company in this behalf. Lastly it is said that the company had also not given any notice seeking for any change in the terms of service relating to the age of retirement of the employees appointed before 1947. It is prayed that the grades and scales of pay of all employees working at 21 Strand Road, Calcutta, and at 14 Netai Subhas Road Calcutta, in the cable division of the Fort Gloster Industries as set forth in Annexure D, may be allowed with retrospective effect from July 1963 and that it might also be found that there is no dispute regarding the age of retirement of the employees appointed before 1947 and/or this Tribunal had not jurisdiction to adjudicate on the said matter.

In the written statement submitted on behalf of the company, it is not disputed that the company is the managing agent of the other companies, but it is said that Mothola Company has no business of manufacturing tea. With regard to the employees, it is said that all the employees of the managing agency company are working at 21 Strand Road, and the employees of the cable division are working at 14 Netaji Subhas Road, Calcutta. The company has objected to Annexure B, as irrelevant, and says that the executive staff have not been paid D.A. to compensate the increased cost of living, but nothing has been said specifically regarding Annexure A to the written statement of the union. With regard to the revision of the pay scales, it is said that the demands only relate to all the employees of the company working at 21 Strand Road, and do not relate to the employees of the cable division of the Fort Gloster Industries which came into existence in the year 1959. It is further alleged that the company had various meetings with the representatives of the union, but due to the adamant attitude of the union representatives, the matter could not be settled. The conciliation proceeding also failed for that reason. It is also stated that the rise in the cost of living during these years has been and is being adequately compensated by the increase in the D.A. which the employees of the company have been getting from time to time in accordance with the Bengal Chamber of Commerce and Industry formula, and that the contention of the company would be borne out if reference is made to the regular increase in the total pay packet of the clerical and subordinate staff during the years 1951 and 1965. With regard to the capacity to pay, it is said that even Annexure A to the written statement of the union shows that the gross profits from 1951 to 1964 had been more or less stationary at an average figure of 15 lacs per annum. The Government of India had also cut down the scale of commission payable to the managing agents and it is also the policy of the Government of India not to renew the managing agency agreement as and when they become renewable in the case of cotton textile, jute textile and tea industry. In the circumstances, it is said that the existing grades and scales of pay of the employees do not require any revision.

With regard to the other issue, namely, retirement age for the employees appointed before 1947, the company states that there is an industrial dispute regarding that issue, and therefore, the Tribunal has jurisdiction to entertain and decide that issue. It is not disputed that by the rules introduced in 1947 and 1951, the age of compulsory retirement was fixed at 55 years, but it is said that the case before their Lordships of the Supreme Court reported in 1964 (II) L.L.J., 146 related to a limited issue, namely, whether the retirement of a single individual was justified or not and that the broader issue—what should be the age of retirement of the employees—was not before the Tribunal, and therefore, was not before their Lordships of the Supreme Court. Thereafter, the company has referred to certain rulings and has said that the Tribunal has jurisdiction to fix the age of retirement even with regard to all employees. It is also said that there had been conciliation before the conciliation officer regarding this issue, and that recently the age of retirement of the employees who are governed by the rules of 1947 and 1951 had been fixed by the Second Industrial Tribunal at 58 years, and that the award has been published in the "Calcutta Gazette", dated 27th May 1965. It is therefore desirable that there should be one age of retirement regarding all the employees, specially as the other conditions of service like pay, bonus, grades, etc., are similar. In

the circumstances, it is prayed that the age of retirement of the old employees under reference may also be fixed at 58 years in order to avoid discrimination or anomalies.

Decision

I shall first of all take up for consideration issue No 2 relating to the fixation of the age of retirement of the employees appointed before 1947. The learned Counsel. Shri Acharya had submitted that there, in fact, was no industrial dispute regarding this matter and that, according to the decision of their Lordships of the Supreme Court reported in 1964(II) L.L.J., 146, S.C. (workmen of Kettlewell Bullen and Co. vs. Kettlewell Bullen and Co.), there is no age of retirement so far as the employees who were appointed before 1947, are concerned. It was also submitted that the judgment of their Lordships of the Supreme Court is binding on all including this Tribunal, and therefore, there is no scope for re-agitation of the question of the retirement of the employees appointed before 1947. Shri Ginwalla appearing for the employer had submitted that the Supreme Court decision referred to by the learned Counsel Shri Acharya does not bear out his contention. He further submitted that in fact there is the industrial dispute between the employer and the employees regarding the fixation of the age of retirement of the employeees who were appionted before 1947.

I shall first of all consider the latter submission of the learned Counsel Shri Acharya. I do not think the submission of Shri Acharya can be accepted. Their Lordships of the Supreme Court had decided that the rules framed by the company as to the age of retirement (55 years), in 1947 and 1951, do not apply to an employee who had entered service before 1947, that there was no age of retirement before 1947 and that there was nothing to show that the employees agreed to accept the new rules as part of the condition of service. In that case, there was no evidence that the rules were enforced against the old employees who were appointed before 1947. One Shri Tarapada Singha was retired by the company on the alleged ground that he has completed 55 years of age which is the age of compulsory retirement under the rules of the company and the question was whether the rules made in 1947 and 1951 did or did not apply to the case of Shri Tarapada Singha. That was the subject-matter of dispute which was referred for adjudication by the Government of West Bengal, to the Second Industrial Tribunal. The learned Judge of the Tribunal decided the dispute against the union in that case and that decision was set aside by their Lordships of the Supreme Court. It is in the context of these facts that their Lordships had observed that the rules of retirement at 55 years framed in 1947 and 1951 do not apply to the prior employees of the company. It is quite true that so far as the prior employees are concerned, their Lordships had further held that as there was no rule or condition of service with regard to the age of retirement, the workmen may continue in service as long as they remain fit. This observation by their Lordships of the Supreme Court, must in my opinion, be understood in the context of the facts of that case. It appears to me that this observation only means that Tarapada Singha could not be compulsorily retired at the age of 55 years and was entitled to work as long as he was fit, in view of the fact that there was no service rule or condition applicable to him that he was to retire at the age of 55 years. It is quite true also that after the decision of their Lordships of the Supreme Court, Shri Tarapada Singha had been reinstated in service of the company and that unless a age of superannuation is fixid by the this Tribunal, the other employees who had also entered into service before 1947, would be entitled to continue in service as long as they are fit. But the decision of their Lordships of the Supreme Court is certainly no bar to the consideration of the question as to whether any age of retirement should be fixed with regard to the employees who had entered service before 1947. The learned Counsel Shri Acharya had somewhat faintly urged that this question is also barred by the principle of res judicata and had referred to the ruling reporteed in A.I.R. 1957 S.C., 38 1951 (I) L.L. J., 226 (Burn and Co., Calcutta vs. their workmen). In that case, it was laid down that the principle of res judicata applies to industrial disputes and a decision once given should not be disturbed unless there has been a change of circumstances since the date of the award. Therefore, where there is already an award applicable to a party, the Government should not make a fresh reference on the same question as the previous award was still in force. The reference of the same matter for adjudication was held illegal. But in this case, there is no previous award in existence regarding the question of fixation of the age of retirement of the employees who were appointed before 1947. Therefore, it cannot be said that in view of the principle of res judicata, the reference regarding issue No. 2 is illegal. I think reference may also be made to the rulings reported in 1958 (II) L.L.J., 109 (Punjab Distilling Industries Ltd., Khasa vs. Industrial Tribunal (Punjab), 1959 (I) L.L.J., 68 (British India Corporation Ltd. vs. Industrial Tribunal, Punjab) and 1955 (II) L.L.J., 675 (Indian Industrial Works Ltd., vs. Engineering Mazdoor Sabha). It appears that so long the prior award was binding and operative, neither the Government could re-open the award by reference of the same to an industrial tribunal, nor could the parties avoid the consequence except by terminating it as provided by law. There must be an industrial dispute in existence and that dispute must be pending before it can be referred and where there is no industrial dispute in law, there is no authority to refer. It appears to me that in the facts and circumstances of the present case, the principle of res judicata cannot be invoked in favour of the company.

I shall now turn to discuss the other submission which has been made by Shri Acharya on behalf of the union. Before I proceed to discuss the facts and circumstances relating to this submission by the learned Counsel Shri Acharya, I would point out that in paragraph 17 of the written statement of the union, it has been stated that there exists no industrial dispute regarding the age of retirement of the employees appointed before 1947, that to constitute an industrial dispute, there must be a demand by one party and refusal by the other, that in the present case, the union raised no such industrial dispute as it had no grievances as to the age of retirement of the employees appointed before 1947

and that the union is not aware of any industrial dispute being raised by the company in this behalf. It is also stated that the rules as to the age of retirement framed in 1947 and 1951 and as interpreted by the Supreme Court, had remained unaltered so far and that there has been no notice under section 9A of the Industrial Disputes Act regarding the change in the terms of service relating to the age of retirement of the employees appointed before 1947. Therefore, no industrial dispute regarding this matter can be said to exist on the date of the order of reference. At the time of opening, however, the learned Counsel had submitted that the letter written by Shri Iyer who had no authority on behalf of the company to raise the dispute, cannot give rise to an industrial dispute regarding the age of retirement of the employees appointed before 1947. Therefore, the case of the union in the written statement and at the time of opening by the learned Counsel is that there was no existence of industrial dispute, because the union did not raise any industrial dispute regarding that matter and because it is not aware of the raising of any industrial dispute by the employer regarding that matter and also because the person who had raised the industrial dispute on behalf of the employer, had no authority to do so. I shall consider those matters, but before I do so, I shall consider another matter which has been placed before me by the learned Counsel Shri Acharya. It was contended that there has been no notice under section 9A of the Industrial Disputes Act. It is undisputed that no notice under section 9A of the Act has been given by the employer for changing the condition of service regarding the employees who had joined before 1947. The evidence of O.P.W.1 Shri B.G.Mukherjee who is the Assistant Labour Commissioner posted at Darjeeling, shows that to his knowledge no notice under section 9A of the Industrial Disputes Act intimating that the company wanted to change the condition of service of pre-1947 employees, had been received. The evidence of O.P.W. 2 Shri G. Ramalinga Iyer who is a senior executive of the company, is that the company did not serve any notice under section 9A of the Industrial Disputes Act regarding the change of condition of service. The argument, however, of Shri Ginwalla appearing for the company is that the service of notice under section 9A is not required, inasmuch as the provision of that section really contemplates unilateral change of service condition. I think there is considerable force in the submission made by Shri Ginwalla regarding this point. The section itself shows that the employer can take action under that section for effecting change in the condition of service which may be to the detriment of the workmen. If, however, the employer desires such change, notice must be given to the workmen likely to be affected by the proposed change in the prescribed manner specifying the change proposed to be affected and the employer must wait for a period of 21 days after the service of notice before he effects the proposed change. The intention presumably is that if the proposed change is detrimental to the interest of the workmen, then the workmen or the union representing the workmen, can raise an industrial dispute before the period of 21 days, from the date of serving the notice, expires. Shri Ginwalla had also point out that the fixation of the age of retirement of the employees is not mentioned in schedule IV which is mentioned in section 9A of the Act. It appears to me that the matter of fixation of the retiring age is not mentioned in items 1 to 11 of Schedule IV of the Act. Therefore, nothing turns on the fact that no notice under section 9A of the Act has been given by the employer to the regular employees likely to be affected by the proposed change. The contention of the learned Counsel Shri Acharya, that the age of retirement of the employees appointed before 1947, cannot be fixed by the Tribunal because the notice under section 9A of the Industrial Disputes Act has not been given, cannot, therefore, be accepted.

The learned Council Shri Acharya has further strenuously urged that even though the notice under section 9A of the Industrial Disputes Act might not be necessary in the facts and circumstances of the case, the Tribunal should come to the conclusion that there was really no industrial dispute regarding the matter of fixation of the age of retirement of the employees appointed before 1947. My attention has been drawn to paragraph 11, sub-paragraph 4 of the written statement of the company. In that paragraph, the company had referred to the award by the learned Judge of the Second Industrial Tribunal which has been published in the "Calcutta Gazette", dated 27th May 1965, at pages 450 to 453 wherein the learned Judge had decided that the age of retirement of the employees who had joined service of the company after 1947 was fixed at 58 years. The learned Judge of the Second Industrial Tribunal had also observed that he was not called upon to decide what should be the retiring age of the workmen who are not governed by the rules of 1947 and 1951, since the issue before that Tribunal was only limited to the question of the age of retirement of the employees who had joined the service of the company after 1947. After pointing this out, the company submitted that there was apprehension of breach of industrial peace and there would be discrimination, if a substantial number of employees is allowed to continue in service without any age of retirement, when all other conditions of service like pay, bonus, grade, etc., are similar to those of the others. I do not think that Shri Acharya is right in submitting that this only shows an apprehension of breach of industrial peace and that the company itself regarded that there was an apprehension of industrial dispute, and there was no existence of industrial dispute at all. As I have mentioned earlier, that was the submission which the company wanted to make before the Tribunal. According to the company, that was the ground why this Tribunal should fix the age of retirement of the employees who had joined before 1947. I am, therefore, of opinion that this contention of Shri Acharya that there was no existence of industrial dispute even according to the company, cannot be accepted. Shri Acharya next submitted that, in fact, there is no evidence of the existence of industrial dispute regarding this matter. The learned Counsel has referred to the evidence of P.W. 1 Shri Amiya Chatterjee who is the General Secretary of the Federation of the Mercantile Employees' Union and to the evidence of P.W. 5 Shri Bibhuti Bhusen Mitra who is the General Secretary of the Kettlewell Bullen Co. Employees' Union. It would appear that different unions are affiliated to the Federation of the Mercantile Employees' Union. P.W. 1 has said that in the conciliation meeting, which he had attended, there was discussion with regard to the pay scales and there was no discussion with regard

to the retiring age. P.W. 1, however, had also admitted at the time of cross-examination that he had known that Kettlewell Bullen Co. had raised a dispute with their employees with regard to the age of retirement. P.W. 5 had in his evidence said that there was no conciliation regarding issue No. 2, that the union received no notice of conciliation, that when the union came to know that the issue regarding the age of retirement was going to be referred, a letter was issued through the Attorney Shri Sambhu Nath Ghose (Ext. 10) and that he had approached and had talk with Shri S. C. Mukherjee, of the Labour Department explaining the stand of the union, and had subsequently written the letter, dated 31st May 1965. Ext. 10 is the letter of the solicitor Shri Shambu Nath Ghosh, in which the Assistant Commissioner of Labour Shri B. G Mukherjee was asked to forebear from proceeding further with the fixation of retirement age of the old employees. The substantial reason is that even in the case reported in 1964 (II) L.L J., 146, their Lordships of the Supreme Court did not fix the age of the retirement of the old employees. In that letter, there is also reference to Memo. No. 897/47/ LCN, dated 11th February 1965, enclosing copies of letters addressed to the Assistant Labour Commissioner by Kettlewell Bullen Co. Ltd., 21 Strand Road, Calcutta, in which they seek to re-open the question of retirement of the old employees of the company and asked for comments of the union on the subject. This really shows that the dispute had already been raised regarding the age of retirement of the prior employees before the Assistant Labour Commissioner and the union was asked to comment. The comment of the union was presumably given by the letter (Ext. 10). The reply was that the age of retirement, in view of the Supreme Court decision, cannot be fixed. This letter was written about 4 months prior to the order of the reference. The letter of the company is Ext. 2 on admission. There after referring to the Supreme Court decision and to the reference regarding fixation of the age of the employees who had joined after 1947, the company urged upon the Labour Commissioner to fix the age of retirement of the old employees. P.W. 5 had also admitted in cross-examination that the union had received the letter (marked Ext. 2) from the Assistant Labour Commissioner Shri B. G. Mukherjee, that the letter shows that the dispute was raised by Shri Ramalinga Iyer for the company and that the objection was raised to the effect that Shri Iyer had no authority to raise the dispute. Whether Shri Iyer had authority or not to raise the dispute on behalf of the company will be considered later. But even the evidence of P.W. 5 together with the other evidence which I had discussed above would show that, in fact, the dispute was raised regarding the age of retirement of the employees who had joined before 1947, before the Assistant Labour Commissioner. Before I refer to the other documentary and oral evidence I would refer to the letter (Ext. 12), dated 31st May 1965. This has been written by P.W. 5 himself to the Assistant Secretary, Labour Department Shri Mukherjee. The substance of the letter written by the Attorney Shri S. N. Ghosh. of this letter is the same as the substance of the letter written by the Attorney Shri S. N. Ghosh. After referring to the Supreme Court decision in 1964-(II) L.L J., 146, P.W. 5 had stated that the retirement age of the prior employees of the company cannot be fixed and the Government has no jurisdiction to make any reference regarding the fixation of the retirement age of the prior employees of the company in violation of the judgment of the Supreme Court which would amount to contempt of the Supreme Court. This letter, abundantly, makes it clear that the General Secretary of the Employees' Union understood that the Government of West Bengal was going to refer the question of retirement age of the prior employees to a Tribunal for adjudication. There is an objection in this letter (Ext. 12) that Shri G. R. Iyer has no authority to write the letter (Ext. 2) on behalf of the company, and therefore, the letter in question cannot be treated as letter issued by the company, and no industrial dispute in this regard cannot be said to have been raised by the company to enable the Government to refer the dispute for adjudication. As I have said earlier, I shall discuss the letter regarding the question of authority of Shri Iyer. At this stage I would only point out that the learned Counsel Shri Acharya did not himself make any submission seriously with regard to the authority of Shri Iyer to raise any industrial dispute regarding that matter.

Turning now to the documents filed on behalf of the company, Ext. E is the same as Ext. 2, and therefore, it need not be further referred to. I would, however, mention that the date of both Ext. E and Ext. 2 is 4th November 1964. Ext. F is the letter by the General Secretary of the Employees' Union to the General Secretary of the Mercantile Employees' Union. It is not necessary to refer to this letter for the present purpose. Ext. G is dated 29th January 1965. It shows that the General Secretary of the Federation of the Mercantile Employees' Union wrote to the Assistant Labour Commissioner Shri B. G. Mukherjee that it was not authorised by the Employees' Union to deal with the matter regarding the retirement age of old employees of Messrs. Kettlewell Bullen Co. O.P.W 1 admits the receipts of the letter but says that after the receipt of that letter from the Federation of Mercantile Employees' Union, the letter was sent to the Kettlewell Bullen Employees' Union. The employees, however, did not raise any dispute with regard to the age of retirement and he himself did not enquire whether there was any unrest amongst the employees regarding the issue. Ext. H is the letter from O.P.W. 1 regarding joint conference. The evidence of O.P.W. 1 shows that their had been joint conferences between the representatives of the company and of the union on 18th December 1964, 27th January 1965, 15th April 1965, and 4th May 1965 and that brief notes had been kept of what had happened in these meetings (Exts. M and M-1). Ext. M shows that Shri Iyer stated on 18th December 1964 that the company is prepared to come to a settlement regarding the union's charter of demands on condition of fixation of the retirement age of the old employees appointed prior to 1947. It is not necessary to refer to the other papers but it would appear that under section 12(4) of the Industrial Disputes Act, the failure report covering the issues regarding the grades and scales of pay and regarding the retirement age of the old employees, was submitted. In Ext. M-1 there is a reference to the letter of the solicitor Shri S. N. Ghosh, but it was decided that the matters can be conciliated upon. The opinion of the legal remembrancer appears to have been taken and subsequently the failure report

under section 12(4) of the Act was submitted. Ext. N is the proposed memorandum of settlement between the company and the union. It says, inter alia, that whereas both the company and the union wanted the two issues to be referred for adjudication, the union desired that the two issues should be separately referred for adjudication. Ultimately, the memorandum of settlement was not signed as required by law. Ext. O is the failure report by Shri B. G. Mukherjee (O.P.W. 1). The learned Counsel Shri Acharya had pointed out that the date of the failure report is 14th May 1965 and the date of the letter by the Assistant Secretary, Labour Department, Government of West Bengal (Ext. P) is also dated 14th May 1965. I do not see that anything turns on the fact that both Ext. O and Ext. P is dated 14th May 1965. However, it appears to me that, in fact, the dispute was raised by the company before the Assistant Labour Commissioner regarding the age of retirement of the employees appointed before 1947 and that the union of the employees at first stated that, that issue cannot be referred for adjudication and then stated that if it is to be referred for adjudicaton, it should be referred separately from issue No. 1. Therefore, during the pendency of the conciliation, with regard to issue No. 1, the issue No. 2 was really raised by the company, and there had been some conferences but ultimately the conciliation proceeding failed and the failure report had been submitted. I do not see how in the facts and circumstances, it can be said that there was really no industrial dispute regarding the fixation of the age of retirement of the employees appointed before 1947.

I shall now only shortly discuss the question of authority of Shri Iyer to raise the dispute. My attention has been drawn by Shri Acharya to the fact that Mr Pasari holds the power of Attorney on behalf of the company. This is not disputed on behalf of the employer. In fact, in the record of this case, the power of attorney of Shri Pasari had been failed, but I do not agree that Shri Iyer had no authority on behalf of the company to raise the dispute. The company can certainly send a senior executive of the company to represent them before the conciliation officer. The evidence of O.P.W. 1 would show that Shri Iyer did represent the company before him. The evidence of O.P.W 2 Shri Iyer is that he had attended several conferences, that at the time of conciliation, the company stated that unless the retiring age is fixed, the wage scale cannot be fixed, that the union had almost agreed and a draft agreement was prepared, that it was decided at the time of conciliation that 60 years would be the age of retirement of those employees and at the last minute, the union refused to sign the joint agreement before the conciliation officer. O.P.W. 2's evidence, further, shows that he had attended another conciliation regarding the claim for bonus in February 1966, and that he had signed the original of Ext. B. Ext. B on admission shows that Shri Iyer had signed on behalf of the employers in the memorandum of settlement, dated 25th July 1962. It, therefore, appears to me that Shri Iyer was really authorised to raise the dispute on behalf of the company regarding Issue No. 2. Shri Ginwalla also pointed out that the union had no right to say that Shri Iyer was not authorised, when the company had, in fact, authorised Shri Iyer to represent the company before the conciliation officer. It is abundantly clear from what I had stated from the facts and circumstances mentioned above, that Shri Iyer was really authorised to raise the issue regarding issue No. 2. I have accordingly come to the conclusion that really there is the existence of the industrial dispute between the company and its employees represented by the union regarding issue No. 2.

I shall now turn to discuss the question of fixation of the age of retirement of the prior employees who were appointed before 1947. Regarding this matter, the learned Counsel Shri Acharya had not made any submission. He did not say what should be the proper age of retirement of the employees who were appointed before 1947. On behalf of the company, it has been submitted that the proper age should be 58 years as has been fixed by he learned Judge, Second Industrial Tribunal. It is not disputed that the Employees' Union had preferred an appeal to the Supreme Court regarding the award passed by the learned Judge, Second Industrial Tribunal and the matter is still pending before their Lorsdhips of the Supreme Court. Therefore, the submission of Shri Ginwalla that if a different age is fixed regarding the prior employees who were appointed before 1947, then there would be scope for further industrial unrest, cannot be accepted. It might be that their Lordships would fix the age of the employees appointed after 1947 at 60 years; that was the demand on behalf of the union before the learned Judge, Second Industrial Tribunal. The learned Judge was of opinion that in the first instance, the age should be fixed at 58 years, and not at 60 years, as prayed for on behalf of the union. In the circumstances, I think there is no scope for any industrial unrest, if the age of the superannuation of the prior employees appointed before 1947, is fixed at 60 years. Whether the age should be fixed at 60 years must be decided on the basis of evidence which has been adduced before this Tribunal. The learned Counsel Shri Ginwalla had pointed out that the employees of the company are entitled to get pension, provident fund and also attendance bonus. Exts. A and B on admission shows that the employees are entitled to get pension and attendance bonus. But as it is not disputed on behalf of the union that the employees are entitled to get provident fund, I accept the submission by Shri Ginwalla that the employees are entitled to get three kinds of benefits mentioned by him. But I do not see that the mere fact that these kinds of benefits are enjoyed by the employees is a sufficient ground for holding that the age of superannuation should be fixed at 58 years. Even in the proposed draft agreement before the conciliation officer, the company appears to have agreed to the fixation of the age of retirement of the prior employees at 60 years. My attention has been drawn to certain rulings by Shri Ginwalla, and I shall refer to them. In the case reported in A.I.R. 1961 S.C., 1175 [Imperial Chemical Industries (India) Pvt. Ltd., and their workmen], it was held by their Lordships of the Supreme Court that it is a generally recognised principle of industrial adjudication that where the employer adopts fair and reasonable pension scheme, that would play an important part in fixing the age of retirement at a comparable earlier age. In that case, the age was fixed at 60 years for clerical and subordinate staff,

In the case reported in A.I.R. 1960 S.C., 207 [Dunbar Rubber Co. (India) Ltd., v. its workmen], it was held that the recent trend in Bombay region was 60 years, for the clerical and subordinate staff. Of course, I cannot take into conideration the trend in Bombay regarding the fixing of the age of retirement. In the case reported in A.I.R. 1964 S.C., 728, the age of retirement was fixed at 58 years. In the case reported in A.I.R., 1959 .S.C. 1279, their Lordships had laid down the considerations which must be t ken into account in fixati on of the age of retirement. The factors are the nature of the work by the workmen, nature of wage structure, retirement and other benefits, character of climate, age of superarnuation in comparable concerns in the same region and the general practice in the past regarding retirement. In the case reported in A.I.R., 1963 S.C. 1332, the abovementioned case was referred to and it was held that the Tribunal can fix the age of superannu tion even for employees for whom there was no existing age of retirement. It is now necessary to refer to the latest case reported in A.I.R., 1966 S.C., 732=1966(I) L.L.J., 494 [British Paints (India) Ltd., vs. its workmen]. Their Lordships of the Supreme Court had held that even in the Bengal region, it would be proper to fix the age at 60 years for retirement of all workmen existing or future. It is true that the previous trend so far as West Bengal is concerned is to fix the age of retirement at 58 years. But in view of the subsequent case referred to above, and also in view of the general improvement in the standard of life and longer expectation of life, it appears to me that it would be proper to fix the age of retirement at 60 years. I have not referred to the various documents produced on behalf of the union to show the age of retirement in other concerns. Ext. 4(a) shows that the age or retirement of the General Electric Company is 60 years. Ext. 4(d) shows that the employees of Williamson Magor Co. Ltd. which is also a managing agency company, have to retire at 58 years of age. The agreement was entered into in March 1963. However, that may be, it appears to me that in view of what I have stated above that the retirement age of the employees of the company who were appointed before 1947, should be fixed at 60 years. This is my decision with regard to issue No. 2.

I shall now turn to discuss the issue No. 1 which relates to the questin of revision of grades and scales of pay of all employees. It is undisputed that there had been some revision with effect from 1st August 1951 (Ext. A on admission). Shri Acharya appearing for the employees had pointed out—this fact is not disputed on behalf of the employer—that there had been no revision of the grades and scales of pay for over 12 years. Before I proceed to discuss the facts and circumstances bearing on issue No. 1, I will discuss the rulings to which my attention has been drawn by the learned Counsel Shri Ginwalla appearing for the employer. In the case reported in A.I.R., 1958 S. C. 578=1961 (I) L.L.J., 239 (Express Newspapers vs. the Union of India) it has been laid down that in fixing of the rates of wages which include in its compass, the fixation of scales of wages also, the capacity of the industry to pay is one of the circumstances to be taken into consideration except in case of bare subsistence or minimum wage where the employer is bound to pay the same, irrespective of such capacity, that the capacity of the industry to pay is to be considered on the industry-cum-region basis after taking a fair cross section of the industry and that the proper measure for assessing the capacity of the industry to pay shall take into account the elasticity of the demand for the product, the possibility of tightening up the organisation so that the industry could pay higher wages without difficulty and the possibility of increase in the efficiency of the lowest paid workers resulting in increase in production considered in conjunction of the elasticity of the demand for the product—on doubt against the ultimate background that the burden of the increased rate shall not be such as to deprive the employer out of business. So far as fixation of an increased wage on an incremental scale is concerned, both financial ability at present and the financial stability in the near future, must be there to justify fixation of an increaed fair wage on an incremental scale [1961(I) L.L.J., S.C., 387—(D.C.M. Chemical Works vs. its workmen)]. Reference may also be made to the ruling reported in 1959 (I) L.L.J., 431=A.I.R. 1959 S.C., 676 (Lipton vs. their workmen) in that case, the same principles have been laid down by their Lordships of the Supreme Court. Their Lordships had further observed that the trading results over a period of years must be considered in determining the financial capacity to bear the burden of wage increase and that wages are fixed on a long-term basis and depends on the cost of living of needs of workmen. Similar principles have been laid down in the rulings reported in A.I.R., 1963, S.C., 1332 (Hindusthan Times vs. its workmen), A.I.R., 1963, S.C., 1327 (French Motor Car Co. Ltd., vs. their workmen), A.I.R., 1964, S.C., 689=1964 (I) L.L.J., 342 (Greaves Cotton Co. Ltd., vs. their workmen). Reference may also be made to the latest case reported in A.I.R., 1968 S.C., 305 =1965 (II) F.L.R., 137 (All India Reserve Bank Employees' Association vs. Reserve Bank of India). In that case, besides referring to the various previous rulings, their Lordships also laid down that a fair wage is related to fair workload and earning capacity and that in certain circumstances a consumption unit can be taken to be 2.25 and 80 % co-efficient may be taken for the purpose of neutralisation of the increase in the cost of living index. It is also necessary to refer to one case of the Calcutta High Curt to which Shri Ginwalla had drawn my attention. Shri Ginwalla had referred me to the ruling reported in 1961 (II) L.L.J., 351, In that case, it was held that mere fact that one managing agent is in control of a number of managed companies and had been entrusted by contract with the task of appointing subordinate staff at the head office does not and could not mean that there is functional integrality. If the staff was appointed separately for each company and their wages debited separately and their attendance registers kept separately, then an investigation must be made as to whether there was, in fact, a functional integrality to make all the companies component parts of a single unit. I do not think that in the present case, it is necessary for me to investigate the question of functional integrality, because the learned Counsel Shri Acharya in is argument before me did not, as I understand him, say that the capacity to pay not only of the managing agency company but also of the managed companies, must be considered. There is of course some evidence that the employees of the managing agency company had sometimes to work in connection with the work of the managed companies,

but in view of the order of reference, I do not think it is necessary for me to enter into the discussion of the question as to whether the managing agency company and the managed companies must be regarded as one unit. The copies of the agreements between the managing agency company and the managed companies, had been marked Exts. C to C-4. The agreements are on similar terms and under the agreements, the managing agents are entitled to get certain remuneration from the managed companies. The managing agent company is also entitled to be reimbursed by the managed companies in respect of the expenses incurred by them on behalf of the company, and such portion of the expenses as may be incurred by them partly on behalf of the company, and partly on behalf of themselves, and/or some other company, concern or person as the Directors of the company shall determine to be or to have been incurred on behalf of the company. There is evidence to show that the salaries and the wages are debited to some of the managed companies; for instance, the salary of O.P.W.2. Shri G. R. Iyer had been debited to Bowreah Cotton Mills Ltd. In fact, the evidence of O.P.W.2 is that, for all the employees, salaries and provident fund are debited to the respective managed companies. The question has been raised as to whether the employees of Kettlewell Bullen & Co., had or had not been transferred to some other companies, but in view of the specific nature of the reference before me, it is not necessary for me to decide this question. The fact, however, remains that some of the employees of the managing agency company had worked in the managed companies, but whether they had worked at 21 Strand Road, which is the head office of the managing agency company and which is also the head office of the managed companies, or elsewhere, I am only to decide whether the managing agency company has the financial capacity to pay increased wages demanded by the workmen and also the financial stability.

Before I proceed to consider the question of financial capacity and the question of financial stability of the managing agency company, I shall notice a submission which has been made by Shri Ginwalla appearing for the employer. Shri Ginwalla had submitted that the managing agency system itself is going to be abolished. He had further submitted a letter after the close of the evidence regarding the re-appointment of the managing agency company, as the managing agents of Messrs. Fort Gloster Industries Ltd. That letter appears to show that the term of the managing agents has been extended for a period from 16th August 1965 to 31st August 1967. There is no evidence at all that the managing agency system is going to be abolished completely in the near future. I had been referred to the report of the managing agency enquiry committee. This report shows that there is a proposal for putting an end to the managing agency system, so far as sugar, cotton textile and cement industries are concerned. The committee did not recommend the termination of the managing agency system in jute textile and paper industries. Even if the recommendations of the committee are given effect to, the managing agency company might in the future cease to be managing agents of Bowreah Cotton Mills Co. Ltd., which carries on the business of manufacture and sale of cotton textiles. I do not think, therefore, that because of the apprehended discontinuance of the managing agency system, sometime in the future, the demand for increased wages should not be granted.

So far as the question of the financial capacity is concerned, audited accounts show the profit of Rs. 13,88,577 for the year ending 31st December 1960, and that the issued and subscribed capital is 70 lacs and the various kinds of reserves is Rs. 33,68,456 (Ext. 6). Ext. 6(a) of the year ending 31st December 1961 shows the same issued and subscribed capital and further shows that reserves and surplus is Rs. 40,41,209. For the year ending 31st December 1962, the issued and subscribed capital is the same and the reserves and surplus amount to Rs. 45,91,627 (Ext. 6b). For the year ending 31st December 1963, the issued and subscribed capital is the same and the reserves and surplus amount to 50,61,728 (Ext. 6c). For the year ending 31st December, 1964, the issued and subscribed capital is the same and the reserves and surplus are Rs. 55,32,745 (Ext. 6d). The reports and accounts regarding the managed companies need not be referred to, in view of what I had stated above—(Ext. 6e) to Ext. 6-ad). In this connection, I would also refer to Ext. 5 which has been filed by the union showing the gross profits of the managed companies and the managing agency company. So far as the managing agency company is concerned, the gross profits had varied from 13 lacs odd to 18 lacs odd for the period from 1960 to 1964. It further shows that the gross profits of the managing agency company even in the year 1951 was 13 lacs odd and that the percentage of the gross profits from 1960 to 1964 over 1951 is 423.95 per cent. There had been no cross-examination to P.W.5 so far as this chart (Ext. 5) is concerned. It appears to me that in the circumstances, it cannot be said that the managing agency company has not the capacity to pay the increased wages. I have already dealt with the question regarding the future prospect of the managing agency system and I need not repeat what had already been stated. I agree with Shri Ginwalla that the increase in wages should be made on a long-term basis, but it appears to me that in the forseable future there cannot be any reasonable basis for apprehension of loss of the managing agency company. There is also no reasonable basis for thinking that the increased wages is likely to drive the employer out of business. Shri Ginwalla had pointed that the Tribunal is to take into account the total wage packet in considering the question whether the employer would be able to bear the burden of the increased wages. It is quite true that the total wage packet must be considered by the Tribunal before deciding on the question of increase in wages. My attention has been drawn to Ext. D on admission. It shows that so far as the clerical staff is concerned, the percentage of increase over 1951 of the total wage packet is 274 per cent. approximately and so far as the subordinate staff is concerned, the increase in the total wage packet is 156 per cent. over 1951. Shri Ginwalla had further pointed out that the employees are entitled to get D.A. at the Bengal Chamber of Commerce and Industry rate, and that the letter Ext. R shows that in 1951, the rate was 110 per cent. for first hundred of the salary, 55 per cent. for the second hundred of the salary, and 27 1/2 per cent. for the remainder of the salary, subject to a minimum of Rs. 67. The letter, further shows that so far as the clerical staff is concerned, the rate in January 1966 is 190 per-cent. for the first Rs. 100 of the salary, 95 per cen.

for the second Rs. 100 of the salary and 47 1/2 per cent. for the remainder of the salary, subject to a minimum of Rs. 115. So far as the subordinate staff is concerned, the D.A. was at the flat rate of Rs. 58 in September, October and November 1961 and at the flat rate of Rs. 97 in January 1966. Shri Ginwalla did not dispute that there has been increase in the cost of living index from 392 in 1951 to 529 in May 1965 taking the cost of living index figure of 1930 as 100. His submission was that the increase in the cost of living index is compensated by the sliding scale of the D.A. according to the Bengal Chamber of Commerce and Industry rate. At least, so far as the subordinate staff is concerned there is no sliding scale of D.A. and the subordinate staff are only paid D.A. at the flat rate. I do not think that there had been even 80 per cent. neutralisation of of the cost of living index because of the Bengal Chamber of Commerce and Industry rate of D.A.

Regarding comparable units, Shri Ginwalla had pointed that of the documents—Exts. 4 to 4(d), only Shaw Wallace Co. is more or less comparable with the Kettlewell Bullen and Co., but even there, there is some production by the workmen. I have considered Exts.4 to 4(d). It appears that Messrs. Williamson Magar and Co. is also a managing agency concern and the wage scales there are more or less comparable with the wage scales which should be the wage scales of Kettlewell Bullen and Co. Accordingly I proceed to fix the wage scales of the clerical and subordinate staff keeping in mind all the facts and circumstances which I have mentioned above.

So far as the clerks are concerned, junior clerks are on the scale of Rs. 60 to 100 with an annual increase of Rs. 5, the general clerks are on the scale of Rs.101—200 with annual increment of Rs. 8, the senior clerks are on the scale of Rs. 175—275 with annual increment of Rs. 10 and so far as the subordiante staff is concerned, they are on the grade of Rs. 25—1—35—1/2—45 (Exts. A and D on admission). It appears to me that at least the scale of the junior clerks should be Rs. 75 to 125 with annual increment of Rs. 5; so far as the general clerks are concerned, the scale should be Rs.125 to Rs.250 with annual increment of Rs.10, and so far as the senior clerks are concerned, the wage scale should be Rs. 175 to Rs. 350 with annual increment of Rs. 15. So far as the subordinate staff is concerned, it appears to me that the wage scales should be Rs. 40—1—50—1/2—60.

I have therefore come to the conclusion that the grades and scales of pay of the clerical and subordinate staff should be revised in accordance with what I have stated above. This issue is disposed of accordingly,

So far as the grades and scales of pay of all the employees are concerned, I have revised the grades and scales of pay as indicated in the body of the award. So far as the question of fixation is concerned, the particular employee should be fixed to the next higher grade or scale. So far as the question of age of retirement of the employees appointed before 1947 are concerned, the age of superannuation is fixed at 60 years as indicated in the body of the award. The award will have effect within 30 days of the publication of this award in the "Calcutta Gazette". This is my award.

PUBLIC SERVICE COMMISSION, WEST BENGAL

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. This concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

Instructions regarding submission of application

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the Matriculation or the Secondary School Final/Leaving Certificate. to re-enact the West Bengal Security Act, 1950.

Whereas it is expedient to re-enact the West Bengal Security Act, 1950, for the purposes and in the manner hereinafter appearing; West Ben. Act XIX of 1950.

It is hereby enacted in the Seventeenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title and commencement.

1. (*1*) This Act may be called the West Bengal Security (Re-enacting) Act, 1966.

(*2*) It shall be deemed to have come into force on the 26th day of January, 1966.

Re-enactment of West Ben. Act XIX of 1950.

2. The West Bengal Security Act, 1950, as in force on the 25th day of January, 1966 (hereinafter referred to as the said Act), is hereby re-enacted subject to the modification that, for sub-section (*4*) of section 1, the following sub-section shall be substituted, namely:—

The West Bengal Security (Re-enacting) Bill, 1966.

(Clause 3.)

(*3*) Every rule or order made, notification issued, direction, award or decision given, proceeding commenced, liability or penalty incurred, punishment awarded, thing done or action taken under the said Act before its expiry shall, notwithstanding such expiry, continue to be in force as if such rule or order, notification, direction, award or decision, proceeding, liability or penalty, punishment, thing or action were made, issued, given, commenced, incurred, awarded, done or taken, as the case may be, under the corresponding provisions of the said Act as re-enacted by this Act.

(*4*) Notwithstanding anything contained in this Act or in any other law for the time being in force, no rule or order, notification, direction, award or decision, proceeding, liability or penalty, punishment, thing or action which is purported to have been made, issued, given, commenced, incurred, awarded, done or taken, as the case may be, under the said Act, on or after the 26th day of January, 1966, and before the date of publication in the *Official Gazette* of the West Bengal Security (Re-enacting) Ordinance, 1966, shall be deemed to be invalid or ever to have become invalid on the ground that the said Act had expired, and every such rule or order, notification, direction, award or decision, proceeding, liability, penalty, punishment, thing or action shall be deemed to have been made, issued, given, commenced, incurred, awarded, done or taken, as the case may be, under the corresponding provisions of the said Act as re-enacted by this Act. STATEMENT OF OBJECTS AND REASONS.

The West Bengal Security Act, 1950 (West Bengal Act XIX of 1950), a temporary Act whose life was extended from time to time, ceased to be in force after the 25th January, 1966. In view, however, of the continuance of the conditions which made the Act necessary, it was considered essential that the powers conferred by the Act should be available for a further period of five years. Accordingly, the West Bengal Security (Re-enacting) Ordinance, 1966, was promulgated to re-enact the West Bengal Security Act, 1950.

The present Bill has been brought to replace the West Bengal Security (Re-enacting) Ordinance, 1966, by re-enacting the West Bengal Security Act, 1950, for a further period of five years commencing on the 26th January, 1966, with necessary saving and validating provisions.

STATEMENT OF OBJECTS AND REASONS.

The object of the West Bengal Taxation Laws (Amendment) Bill, 1966, is to continue the provisions of the West Bengal Taxation Laws (Amendment) Ordinance, 1966, which was promulgated on the 1st August, 1966, with a view to raise much needed additional resources for financing the development schemes included in the Fourth Five-Year Plan by the following additional taxation measures:—

(1) The rate of tax under the Bengal Raw Jute Taxation Act, 1941, on the purchase of raw jute (a "declared commodity") by the occupiers of Jute Mills and despatches of raw jute by the Shippers of Jute to places outside West Bengal has been increased from Rs. 1.25 per quintal to 3 per cent. on the purchase prices thereof;

(2) The general rate of sales tax in West Bengal under the Bengal Finance (Sales Tax) Act, 1941, has been raised from 5 per cent. to 6 per cent.;

(3) The rates of motor vehicles tax on different categories of vehicles used for the transport of goods and private motor cars have been raised.

It is to be noted that the State Budget for 1966-67 contains a huge deficit. Drastic economies and some pruning of Plan Schemes have already been effected. But, unless additional resources are raised, drastic curtailment of Plan Schemes will be necessary. The State Government, therefore, consider the abovementioned measures of additional taxation as inescapable.

No additional expenditure is envisaged for giving effect to the provisions of the amending Bill.

to amend the Bengal Finance (Sales Tax) Act, 1941.

WHEREAS it is expedient to amend the Bengal Finance (Sales Tax) Act, 1941, for the purposes and in the manner hereinafter appearing; Ben. Act VI of 1941.

It is hereby enacted in the Seventeenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the Bengal Finance (Sales Tax) (Second Amendment) Act, 1966.

Amendment of section 5 of Ben. Act VI of 1941. **2.** In section 5 of the Bengal Finance (Sales Tax) Act, 1941 (hereinafter referred to as the said Act),—

(*i*) for the words "two *per centum* of the balance", the words "two and three-fourths *per centum* of the balance" shall be substituted;

(*ii*) for the words "two *per centum* of the turnover", the words "three *per centum* of the turnover" shall be substituted.

Repeal and savings.

3. (*1*) The Bengal Finance (Sales Tax) (Amendment) Ordinance, 1966 is hereby repealed. West Ben. Ord. V of 1966.

(*2*) Anything done or any action taken under the said Act as amended by the Bengal Finance (Sales Tax) (Amendment) Ordinance, 1966, shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 1st day of July, 1966.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bengal Finance (Sales Tax) (Second Amendment) Bill, 1966, is to continue the provisions of the Bengal Finance (Sales Tax) (Amendment) Ordinance, 1966, which was promulgated on the 1st July, 1966, wth a view to raising the rate of tax on "declared goods" from 2 per cent. to 3 per cent. The Government of India amended the Central Sales Tax Act, 1956, by the Finance Act, 1966, raising the ceiling rate of tax on "declared goods" from 2 per cent. to 3 per cent. with effect from 1st July, 1966. This amendment authorised the States to raise the rates of their local sales tax on declared goods from 2 per cent. to 3 per cent. with effect from 1st July, 1966. It was, therefore, necessary to adopt the new rate of 3 per cent. in the State by amending section 5(*1*)(*c*) of the Bengal Finance (Sales Tax) Act, 1941, which is the relevant section prescribing the rate of local sales tax on declared goods. This measure which follows directly from the Central Legislation has been undertaken in the interest of State revenue.

No additional expenditure is envisaged for giving effect to the provisions of the amending Bill.

GOVERNMENT OF WEST BENGAL

LOCAL SELF-GOVERNMENT DEPARTMENT
RESOLUTION

No. 5673/M.1M-112/66.—12th August 1966.—The affairs of the Jalpaiguri Municipality have been causing considerable concern to Government for sometime past. The Commissioners of the Municipality were superseded on the 12th March 1958 and the present Body of Commissioners took over charge on the 16th August 1960. It was expected that after assumption of office, the Commissioners would endeavour to improve the working of the Municipality. But though more than 5 years have elapsed since the present body took over, the administration of the Municipality has, instead of showing any improvement, reached a stage which calls for serious thinking about the performance of the Commissioners. The following are some of the instances of the incompetency and default shown by the Municipal Commissioners in the performance of their duties:—

(i) The financial condition of the Municipality is extremely unsatisfactory. Its cash balances at the end of March 1964 and March 1965 were Rs. 1,02,506 and Rs. 2,17,678 respectively against the outstanding liabilities of Rs. 4,34,366 and Rs. 3,50,350 for the corresponding years. Thus, during these years, the municipal fund closed with deficits, not to speak of maintaining the statutory minimum closing balance of 2 months' recurring expenditure as required under rule 28 of the Municipal Accounts Rules.

(ii) Due to this acute financial position, the Municipal Commissioners could not pay electricity bills for a long time. When charges on this account rose to as much as Rs. 34,000, the local Electric Supply Company threatened discontinuance of supply of electricity to the Municipality and Government had to intervene and sanction a loan of an equivalent amount to the Municipality to enable it to pay up the outstanding bills of the Company.

(iii) Although the financial position of the Municipality was very bad during the two years as mentioned above, the Commissioners did not show any eagerness to improve the condition through better collection. During 1960-61, the percentage of collection was 73 but it decreased to 57.3 per cent during 1962-63. During 1963-64, the collection position went up to 69.4 per cent. but in 1964-65 it again went down to 68.69 per cent. The Executive Officer of the Municipality, appointed by Government, found it impossible to execute distress warrants without a Bailiff which post the Commissioners did not care to fill in despite repeated requests from the said officer. It is strange that a post like that of a Bailiff, who can be of immense use to the Municipality in strengthening its finance, remained vacant. This is an indication of lack of seriousness on the part of the Commissioners to realise outstanding taxes. Economy could have very well been practised in other sectors of municipal administration but certainly not in appointing a bailiff.

(iv) The expenditure on establishment of the Municipality constitutes a disproportionate percentage of the total expenditure. Just

before the present Body of Commissioners took over charge, the establishment charge was 13.8 per cent. but under the regime of the present Commissioners, it has gone up to 16 per cent. The expenditure on conservancy constituted as high as 42 per cent. of total expenditure during 1963-64 although the conservancy fund is running with a heavy deficit. The deficit was as high as Rs. 95,900 during the year 1964-65. Not only has no effort been made to minimise the expenditure under this head, but the suggestions made by the local officers and the local Audit Department in their various reports to increase the rate of levy also went unheeded.

(v) No earnest effort was made to repay the instalments of Government loans falling due as a result of which the Municipality is saddled with a sum of Rs. 1,39,793 due as principal and Rs. 78,002 as interest on this account. The fact that the repayment of the Government loan is the first charge on the funds of the Municipality in terms of section 107 of the Bengal Municipal Act, 1932, has been consistently flouted by the Commissioners in spite of repeated instructions from the local officers and the local Audit Department. It has also been noticed that in some cases, the amounts of loans were not fully utilised for the purposes for which they were granted but were unauthorisedly merged with the General Fund of the Municipality. The amounts have neither been refunded nor regularised in spite of instructions of Audit to this effect.

(vi) An even more serious aspect of the financial condition of the Municipality is evident from its failure to contribute its share to Employees' Provident Fund. The last contribution made by the Commissioners related to November 1964. Moreover amounts contributed by the employees to their Provident Fund since then were not accounted for and money from this Fund was spent by the Commissioners on other items in violation of the Provident Fund Rules. The complete loss of the repayment capacity of the Municipality coupled with its drawing upon provident fund money for purposes not related to it, is not only an utterly disappointing management of the municipal finance but is also most likely to bring about a sense of lack of security in the mind of the municipal employees about the money in their Provident Fund Account.

(vii) The Municipal Commissioners failed in their duty to provide and maintain proper civic amenities for the rate-payers. The expenditure on lighting which is one of the essential items of civic amenities, remained almost constant during the last 5 years. So, also is the case with another essential service, namely, water-supply. So far as public works are concerned, the percentage of expenditure, which was 22.3 in 1960-61, has gone down to 7.7. Public grievances are mounting owing to inadequacies of lighting and water-supply arrangements and also for failure to maintain municipal roads properly.

(viii) The number of teachers appointed for the Primary Schools under the Municipality is above the prescribed ratio of students vis-a-vis teachers which is 40 : 1. There is scope for economising the expenditure under this head by reduction in staff but no efforts have been made by the Municipal Commissioners in this respect in spite of the observations made by the local Audit Department.

(ix) Out of 111 stalls in the municipal market, 59 stalls are only under occupation. In 1963-64, a sum of Rs. 356.50P. only was collected as rent against the demand of Rs. 37,654. The Municipality is, however, incurring an expenditure of Rs. 8,400 per year for maintenance of this market. The fact that no coercive measures have yet been taken against any of the defaulting stall-holders for realisation of the outstanding rents despite suggestions of the Executive Officer shows the callousness of the Commissioners in the matter of improvement of the financial position of the Municipality.

(x) The Commissioners have been failing to submit the Municipal Budget Estimates within the time specified under Rules 27 and 27B of the Municipal Accounts Rules. Replies to audit notes were also seldom being sent in time. Audit notes for the year 1960-61 and 1962-63, notes of the Examiner of Local Accounts of April 1964 and also of the Inspector of Local Bodies of May 1965 are still pending.

After a very careful consideration of the affairs of the Jalpaiguri Municipality, the Government have come to the conclusion that the Commissioners of the Municipality have shown their incompetency to perform and have persistently made default in their performance of the duties imposed on them under the Bengal Municipal Act, 1932, and the Rules framed thereunder and that the present state of affairs cannot be allowed to continue without serious detriment to the interest of the inhabitants of the Municipality.

In exercise of the power conferred by sub-section (1) of section 553 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor is, therefore, pleased to declare the Commissioners of the Jalpaiguri Municipality to be incompetent and in default and to supersede them for a period from the 18th August 1966 to the 30th June 1967.

(2) Anything done or any action taken under the said Act as amended by the Burdwan University (Amendment) Ordinance, 1966, shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 16th day of July, 1966.

STATEMENT OF OBJECTS AND REASONS

Since the establishment of the University of Burdwan all colleges in the districts of Bankura, Birbhum, Burdwan, Hooghly and Purulia had been affiliated to the University of Burdwan.

In view of closer proximity to and easier communication with Calcutta of the Serampore Subdivision of the district of Hooghly, it is considered desirable that this area should be excluded from the jurisdiction of the University of Burdwan so that the colleges in Serampore Subdivision may be affiliated to the University of Calcutta. For this purpose it has been necessary to amend the Burdwan University Act, 1959.

As the Houses of the State Legislature have not been in session since March, 1966 and as it was considered necessary that changes in the territorial jurisdiction of the Universities of Burdwan and Calcutta should take effect from the current academic session beginning in June-July, 1966, the Burdwan University Act, 1959 was amended by the Burdwan University (Amendment) Ordinance, 1966 (West Bengal Ordinance No. VI of 1966) promulgated by the Governor under Article 213 of the Constitution of India. The Ordinance came into force on the 16th day of July, 1966.

The present Bill seeks to replace the said Ordinance.

Draft amendments

In the said rules,—

"8. (1) Casual leave for short periods may be granted, at the discretion of the sanctioning authority, to a teacher, on full pay, for not more than 14 days during the calendar year, but it shall not entail absence of more than seven consecutive days at a time, including Sundays or holidays, except for very special circumstances to be recorded in writing:

Provided that Sundays or holidays preceding, following or falling within the period of casual leave shall not be counted as part of the casual leave.

(2) Casual leave should only be granted for adequate reasons and cannot be claimed as of right or allowed if the interest of public service forbids it.

8A. (1) Maternity leave may be granted to a permanent female teacher, on full pay, for a period which may extend up to the end of three months from the date of its commencement or to the end of six weeks from the date of confinement, whichever is earlier.

of days of vacation not taken bears to the vacation of the year. Such detention, however, shall be for the performance of specific duties at the school concerning its affairs only. The order of the Board shall, in each case, state in full the reason for such detention of the teacher and a copy of the order shall forthwith be forwarded to the Director of Public Instruction, West Bengal:

Provided that when leave due on such ground amounts to 120 days at the credit of a permanent teacher he shall cease to earn such leave;"

(2) for rule 9, substitute the following rules, namely:—

"9. No leave other than casual leave, maternity leave, commuted leave, and leave in lieu of duty during vacation shall be granted on more than half pay to any teacher.

9A. (1) A teacher may be granted half-pay leave on medical certificate or on private affairs, which shall not exceed—

(a) Twenty days in case of a permanent teacher, and

(b) Fifteen days in case of a temporary teacher, for each completed year of service:

Provided that no half-pay leave shall be granted at a time for more than 180 days to a permanent teacher, and more than 120 days to a temporary teacher:

Provided further that no half-pay leave shall be granted to a temporary teacher unless the authority competent to sanction the leave has reason to believe that the teacher will return to duty on its expiry.

(2) Commuted leave, not exceeding half the amount of half-pay leave due, may be granted on medical certificate only, subject to the following conditions, namely:—

(i) commuted leave during the entire period of service shall be limited to the maximum of 180 days in case of permanent teacher and 120 days in the case of a temporary teacher;

(iii) the total duration of leave in lieu of duty during vacation and commuted leave taken in conjunction shall not exceed the maximum limits prescribed in clause (i) of this sub-rule:

Provided that no commuted leave may be granted under this sub-rule unless the authority competent to sanction leave has reason to believe that the teacher will return to duty on its expiry.

(3) A teacher on commuted leave is entitled to leave salary equal to twice the amount admissible to him under sub-rule (1).

9B. (1) Extraordinary leave may be granted to a teacher in special circumstances when no other leave is admissible under these rules.

(2) The authority empowered to grant leave may commute retrospectively the period of absence without leave into extraordinary leave.

(3) A teacher on extraordinary leave is not entitled to any leave salary.

(4) Extraordinary leave in conjunction with any other leave, if any, shall not, at any one time, exceed 12 months.";

No. 2664L. — 20th August, 1966. — The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

to amend the Indian Penal Code, 1860, in its application to West Bengal.

WHEREAS it is expedient to amend the Indian Penal Code, 1860, in its application to West Bengal, for the purpose and in the manner hereinafter appearing; Act 45 of 1860.

It is hereby enacted in the Seventeenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the Indian Penal Code (West Bengal Amendment) Act, 1966.

Application. **2.** The Indian Penal Code, 1860 (hereinafter referred to as the said Code), shall, in its application to West Bengal, be amended for the purpose and in the manner hereinafter provided.

The Indian Penal Code (West Bengal Amendment) Bill, 1966.

(Clauses 3, 4.)

Amendment of section 103 of Act 45 of 1860.

3. In section 103 of the said Code, after clause *Fourthly*, the following clause shall be inserted, namely:—

"*Fifthly.*—Mischief by fire or any explosive substance committed on any property used or intended to be used for the purposes of Government or any local authority, statutory body, company owned or controlled by Government, railway or tramway, or on any vehicle used or adapted to be used for the carriage of passengers for hire or reward.".

Repeal and savings.

4. (*1*) The Indian Penal Code (West Bengal Amendment) Ordinance, 1966 is hereby repealed. West Ben. Ord. I of 1966.

(*2*) Anything done or any action taken under the said Code as amended by the Indian Penal Code (West Bengal Amendment) Ordinance, 1966, shall be deemed to have been validly done or taken under the said Code as amended by this Act as if this Act had commenced on the 1st day of April, 1966.

STATEMENT OF OBJECTS AND REASONS.

Public property has become the sacred and inviolable foundation of the Welfare State envisaged in the Constitution. Persons committing offences against such property are enemies of the people. Organized or sporadic acts of violence often lead to wanton destruction of the resources and wealth of the country.

But under section 103 of the Indian Penal Code, the right of private defence in respect of public property is very restricted. The Indian Penal Code was enacted at a time when society was based on private property. With the emergence and inviolability of public property, the provisions of the Indian Penal Code have become inadequate for people acting in defence of public property.

The Bill seeks to remove this inadequacy so as to bring the law of private defence in conformity with the people's determination and readiness to protect public property and property of some public utility concerns against anti-national and anti-social acts of sabotage.

STATEMENT OF OBJECTS AND REASONS.

The introduction of adult franchise necessarily increases the number of voters in municipal electoral rolls and augments the costs of preparing, printing and publishing such rolls. The use of the Assembly electoral roll, subject to revision and republication, as the municipal electoral roll will appreciably reduce such costs. Again, where the valuation or assessment of any holding is set aside or declared void by a Court of Law, it becomes necessary to revalue or reassess the holding and meanwhile maintain realisation of the rate on such holding according to the previous valuation or assessment. These are the main objects of the Bill.

Other provisions of the Bill relate to exemption of certain public places from several rates, sanction of the State Government to certain transfers of municipal lands, and payment, in certain circumstances, of the rate on holdings by an occupier of any land owned by the State Government.

Whereas it is expedient to amend the Rabindra Bharati Act, 1961 for the purpose and in the manner hereinafter appearing; West Ben. Act XXIX of 1961.

It is hereby enacted in the Seventeenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. 1. This Act may be called the Rabindra Bharati (Amendment) Act, 1966.

Insertion of new section 6A in West Ben. Act XXIX of 1961. 2. After section 6 of the Rabindra Bharati Act, 1961, the following section shall be inserted, namely:—

(*Clause 3.*)

(*4*) If the first constitution of any *Gram Panchayat* for a *Gram Sabha* comprised in an *Anchal Panchayat* in respect of which an Administrator has been appointed under sub-section (*1*) has not been completed by reason of an order of a competent court then, during such period as the constitution of such *Gram Panchayat* cannot be completed,—

STATEMENT OF OBJECTS AND REASONS.

The first constitution of a number of *Anchal Panchayats* and *Gram Panchayats* has been delayed by orders of the High Court in several cases under Article 226 of the Constitution. As a result, *Panchayats* cannot function in these areas. Recently a new section (section 68A) has been introduced in the West Bengal *Panchayat* Act, 1957 to provide for the appointment of administrators in such areas. But that section does not cover cases where the injunction orders were passed before the election of the *Pradhan*, that is, before the coming into force of the West Bengal *Panchayat* Act, 1957 and repeal of the Bengal Village Self-Government Act, 1919. The proposed new section (118A) is intended as a temporary provision for meeting these cases. It will be in the nature of a complementary section to section 68A. When the first constitution of all *Anchal Panchayats* will be completed in the State, this transitory provision (section 118A) will be repealed, but section 68A will permanently remain in the statute-book.

The reconstitution of the Paschim Banga Ayurved Parishad, established with effect from 1st June, 1962, under section 3 of the Paschim Banga Ayurvedic System of Medicine Act, 1961 (West Ben. Act XIII of 1961), was due in June, 1966 under section 11(*1*) of the Act. The reconstituted Parishad was to consist, among others, of some elected representatives of the Registered Ayurvedic Practitioners from the different areas of the State, namely, Presidency Division, Burdwan Division and Calcutta and Howrah Municipal areas. As the Act was passed before the creation of the Jalpaiguri Division in the State, no provision was made therein for election of members by the Registered Ayurvedic Practitioners of the Jalpaiguri Division. Consequently, no action could be taken for the reconstitution of the Parishad as provided in the Act. The Paschim Banga Ayurvedic System of Medicine (Amendment) Ordinance, 1966 (West Bengal Ordinance No. III of 1966) was, therefore, promulgated to provide for representation of the Registered Ayurvedic Practitioners of the Jalpaiguri Division on the Paschim Banga Ayurved Parishad and also to effect certain other minor amendments in the Paschim Banga Ayurvedic System of Medicine Act, 1961, which were considered necessary for better and efficient working of the same.

2. The Bill seeks to enact the provisions of the aforesaid Ordinance.

DEPARTMENT OF LOCAL SELF-GOVERNMENT

NOTIFICATION

No. 5770/M.1M-187/65. — 19th August 1966.—In exercise of the power conferred by clause (bb) of sub-section (1) of section 554 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), hereinafter referred to as the said Act, the Governor is pleased to direct that all the powers and duties which may, under the provisions of the said Act, or any other Act or any Ordinance or any regulation or any rule, bye-law, order, notification or subsidiary legislation made under the provisions of the said Act or such other Act or such ordinance or such regulation, be exercised and performed by the Chairman and by the Commissioners whether at a meeting or otherwise, of the Uttarpara-Kotrung Municipality, which have been superseded by Resolution No. 5769/M.1M-187/65, dated the 19th August 1966, shall be exercised and performed by Shri Sudhansu Kumar Banerjee during the period of such supersession.

By order of the Governor,
A. K. MAJUMDAR,
Jt. Secy. to the Govt. of West Bengal.

RESOLUTION

No. 5769/M.1M-187/65.—19th August 1966.—The affairs of the Uttarpara-Kotrung Municipality in the district of Hooghly have been a matter of serious concern to the State Government for sometime past. The present body of Commissioners came into office on the 16th August 1964. In the very first meeting of the Commissioners held on the 16th August 1964 for election of the Chairman and the Vice-Chairman, the Commissioners were divided equally and the election of even the President of the meeting had to be decided by a toss of the coin. In the subsequent meeting held that very day the election of the Chairman and the Vice-Chairman had to be decided by the casting vote of the President of the meeting. Since then, the Municipal Commissioners have not been able to work in unison in the larger interest of the rate-payers of the Municipality. As a result, the administration of the Municipality has been greatly hampered.

2. The Commissioners have failed to maintain a satisfactory financial condition of the Municipality. The outstanding liabilities on account of unpaid bills and unspent Government grants amounted to Rs. 1,74,382 and Rs. 1,10,827 at the end of financial years 1964-65 and 1965-66 respectively; but the closing balance at the end of these two years were only Rs. 76,439 and Rs. 48,198 respectively. The cash balance on the 12th August 1966 was only Rs. 11, 579.58 P. It is thus apparent that the Municipality had not only any funds of its own at the end of 1965-66 or even on the 12th August 1966 but has on the contrary diverted a substantial portion of the Government grants sanctioned to the Municipality for specific purposes in contravention of the provisions of sub-section (2) of section 111 of the Bengal Municipal Act and Rule 13 of the Municipal Account Rules.

3. In spite of the very bad financial condition as pointed out above, there was practically no serious attempt on the part of the Municipal Commissioners to improve the same through better collection of municipal rates and taxes. The total collection was 73.5 per cent. in 1964-65 and 73.16 per cent. in 1965-66.

4. The Municipal Commissioners failed to pass budget estimates of the municipality for the years 1965-66 and 1966-67 within the time schedule prescribed under section 113A of the Bengal Municipal Act, 1932, and Rule 27 of the Municipal Account Rules. The budget estimates for 1965-66 and 1966-67 were sanctioned by the Municipal Commissioners on the 20th March 1965 and 26th March 1966 respectively and submitted to the District Magistrate on the 29th April 1965 and 16th June 1966 respectively. This amounted to a default in the performance of a very important statutory duty.

5. The Municipal Commissioners have also defaulted in timely submission of their Annual Administration Reports within the time prescribed by Statutory Rules. According to the said Rules, this report is required to be submitted to Government and the District Magistrate by the 31st of May of the year following that to which it relates but the Administration Report for the year 1964-65 was submitted to the District Magistrate on the 30th December 1965 while that for the year 1965-66 was submitted to him on the 11th August 1966.

6. After a careful consideration of the present state of affairs of the Uttarpara-Kotrung Municipality, Government have come to the conclusion that the Commissioners of the said municipality have shown their incompetency to perform and have persistently made default in the performance of their duties imposed on them by the Bengal Municipal Act, 1932, and the rules made thereunder and that this state of affairs cannot be allowed to continue without serious detriment to the interest of the inhabitants of the municipality.

7. Now, therefore, in exercise of the power conferred by sub-section (1) of section 553 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor is pleased to declare the Commissioners of the Uttarpara-Kotrung Municipality to be incompetent and in default and to supersede them for the period from the 22nd August 1966 to the 31st May 1967.

No. 2688L.—23rd August 1966.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE CALCUTTA MUNICIPAL (AMENDMENT) BILL, 1966.

A

BILL

to amend the Calcutta Municipal Act, 1951.

WHEREAS it is expedient to amend the Calcutta Municipal Act, 1951 for the purposes and in the manner hereinafter appearing; West Ben. Act XXXIII of 1951.

It is hereby enacted in the Seventeenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the Calcutta Municipal (Amendment) Act, 1966.

Amendment of section 127 of West Ben. Act XXXIII of 1951. **2.** To clause (*b*) of sub-section (*3*) of section 127 of the Calcutta Municipal Act, 1951 (hereinafter referred to as the said Act), the following further proviso shall be added, namely:—

"Provided further that where by reason of an order of a Court or for any other reason effect cannot be given to the rates so determined at any time during the year for which they have been determined, the consolidated rate and taxes for such year shall—

(*a*) so long as effect cannot be given to such rates, and

(*Clauses 3, 4.*)

(*b*) where such rates are set aside or annulled by a competent authority, until a fresh determination of the rates for such year is made in accordance with the provisions of this Act,

be levied at such rates as were in force during the year immediately preceding such year.".

Insertion of new section 127A.

3. After section 127 of the said Act, the following section shall be inserted, namely:—

"Power to State Government to set aside Budget Estimates.

127A. (*1*) Notwithstanding anything to the contrary contained elsewhere in this Act, where, in the opinion of the State Government, the Budget Estimates of the income and expenditure for any year adopted by the Corporation under clause (*a*) of sub-section (*3*) of section 127—

(*a*) have been so adopted in contravention of the provisions of this Act or any rules made thereunder, or

(*b*) are not in conformity with such provisions, the State Government may, if it considers it necessary so to do for the purpose of ensuring that the municipal administration of Calcutta does not suffer, after considering any representation which may be made by the Corporation, set aside such Budget Estimates by an order made in this behalf, and thereupon the Budget Estimates framed and finally approved for such year by the Standing Finance Committee under sub-section (*1*) of section 127, with such modifications and additions thereto as the State Government may, having regard to all the requirements of this Act, direct by such order to be made by the Commissioner, shall, without prejudice to the Corporation's powers under sections 128 and 129, be deemed to be the Budget Estimates of the income and expenditure for such year duly adopted by the Corporation under clause (*a*) of sub-section (*3*) of section 127 and taking effect from the beginning of such year.

(*2*) Where the State Government makes an order under this section setting aside the Budget Estimates adopted by the Corporation for any year under clause (*a*) of sub-section (*3*) of section 127, the State Government may also by such order set aside the rates determined for such year by the Corporation under clause (*b*) of that sub-section, if such rates contravene the provisions of Part IV, and fix, having regard to the provisions of that Part, the rates for such year in such manner as it thinks fit, and the rates so fixed by the State Government shall be deemed to be the rates determined by the Corporation for the levy of the consolidated rate and taxes for such year under clause (*b*) of sub-section (*3*) of section 127 and shall take effect from the beginning of such year.".

Repeal and savings.

4. (*1*) The Calcutta Municipal (Amendment) Ordinance, 1966 is hereby repealed. West Ben. Ord. IX of 1966.

(*2*) Anything done or any action taken under the said Act as amended by the Calcutta Municipal (Amendment) Ordinance, 1966 shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 16th day of August, 1966.

STATEMENT OF OBJECTS AND REASONS.

The Budget Estimates for the year 1966-67 as adopted by the Corporation of Calcutta having, in some respects, deviated from the provisions of the Calcutta Municipal Act, 1951, it has become necessary to provide in the Act that in such a case the State Government may by an order give requisite directions to regularise the Budget Estimates so that the municipal administration of Calcutta may not suffer and further that so long as the consolidated rates and taxes determined in the Budget Estimates cannot be given effect to, they may be levied at the rates in force during the previous year. Hence this Bill.

STATEMENT OF OBJECTS AND REASONS.

The Coroners Act, 1871 provides for appointment by the Coroner of a Deputy Coroner from time to time with the prior sanction of the State Government but such Deputy Coroner cannot act for the Coroner except during the illness of the Coroner or during his absence on any lawful or reasonable ground. Besides, during any sudden emergency, hardly any time is left for the Coroner to appoint his Deputy after obtaining the State Government's approval, as required by the existing Coroners Act. Moreover, it is becoming increasingly difficult for the only Coroner of Calcutta to review the corpses and pass disposal orders as quickly as the claimants of the dead bodies demand because the number of such bodies for his inspection has been going up.

It is, therefore, necessary to amend the Coroners Act, 1871 to provide for appointment by the State Government of one or more Additional Coroner or Additional Coroners to act concurrently with the Coroner when occasion arises, with all the powers of the Coroner.

Hence the amending Bill.

FINANCIAL MEMORANDUM.

Additional Coroner or Additional Coroners will work occasionally during the absence of the Coroner on leave or for other reasons and/or for the purpose of removal of congestion before him at any particular time. No firm estimate of expenditure on account of allowances to be given for such work is, therefore, possible now. Necessary provision will, however, be made in the Budget in due course on the basis of the progress of actual expenditure.

IRRIGATION AND WATERWAYS DEPARTMENT

NOTIFICATION

No. 17-I.—10th August 1966.—In exercise of the powers conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor is pleased hereby to make the following rules, schedule of rates and appendices for the supply of water from the Mahadev Sinan Bundh Irrigation Scheme in the district of Bankura.

2. A draft of these rules, schedule of rates and appendices was published at pages 2343 to 2353 of Part I of the "Calcutta Gazette, Extraordinary", of the 17th June 1966, under notification No. 7-I, dated the 19th May 1966, as required by the proviso to section 99 of the said Act.

RULES, SCHEDULE OF RATES AND APPENDICES

Leases for Kharif Irrigation

1. The country served by the canals of the Mahadev Sinan Bundh Irrigation Scheme in the district of Bankura shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for a *Kharif* irrigation may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently a separate lease may be granted for each part.

II. All leases within one block shall be so granted that they may expire on the same date.

III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall, from time to time, fix the gross area (i.e., the total area) for which and the limits of the canal within which, leases for *Kharif* irrigation may be granted.

5. Maps of all villages in which lands have been brought under lease, or in which there is any possibility of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps are to be at scale 23"-1 mile (F.P.S. scale map to be replaced by maps on corresponding metric scale).

6. The preliminary application for a lease for a *Kharif* irrigation either new or for renewal, small be in writing in the prescribed form given in Appendix I to these rules to be obtained from the Subdivisional or Sectional Canal Office. It may be presented and shall be received either at the Subdivisional or at the Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer, as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. The lands to be brought under lease shall be indicated on a copy of the map referred to in rule 5. On receipt of the approval of the Divisional Canal Officer, the Subdivisional Canal Officer shall approach the Officer-in-charge of revenue collection work for the purpose of obtaining the detailed assessment and the latter shall in due course intimate the result of such assessment to the Subdivisional Canal Officer.

7. The Officer-in-charge of revenue collection work on being approached by the Subdivisional Canal Officer shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* be not available, the amin shall make a sketch map and shall measure the areas of the holdings with a chain or measuring rod.

8. When the amin has completed the *khasra* he shall forward it to the Officer-in-charge of revenue collection work who shall forward it to the Subdivisional Canal Officer who shall forward it to the Divisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Divisional Canal Officer he shall return it to the Subdivisional Canal Officer endorsed with his signature in token of approval under intimation to the Officer-in-charge of revenue collection work.

The Subdivisional Canal Officer shall than prepare a khatian or abstract of the *khasra*, and shall have the form of application given in Appendix II to this rules, filled up and signed or marked by each of the applicants.

When the application has been completely signed, the Subdivisional Canal Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given in Appendix III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer through his Sectional Officer. The Divisional Canal Officer shall return the application to the Subdivisional Canal Officer with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that some of them decline to sign the application the Subdivisional Canal Officer shall report the matter to the Divisional Canal Officer. The Subdivisional Canal Officer shall then hold a local enquiry, regarding the statements of the persons who decline to sign the application and record his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign the application or whether the lease shall be declined. The Divisional Canal Officer may grant a lease when the lands of the cultivators of the block who have signed the application are not less than 95 per cent. of the net irrigable area of the block. If, in special case it is desirable to grant a lease even though the lands of the cultivators of the block who have not signed the application are more than five per cent. of the net irrigable area of the block, the Superintending Engineer may grant the lease by a written order, giving reason for the grant of such lease.

Leases for Rabi Irrigation

11. Applications for leases for supply of water for *Rabi* irrigation to irrigate spring rice or other crops between the 16th November and the 15th June may be presented at Subdivisional Canal Office or to the Sectional Officer. They shall be in the form given in Appendix IV to these rules.

In the application the areas for which water is required shall be specified but the rate shall be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given in Appendix V to these rules shall be granted by the Subdivisional Canal Officer if he is able to supply the water for such irrigation.

Supply of water

12. The Divisional Canal Officer shall control the supply of water throughout the division in his charge.

13. No water shall be supplied to any lands except such as have been brought under lease for *Kharif* or for *Rabi* irrigation.

14. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such supply to each lessee as may be necessary for the lands noted in the lease. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

15. The Divisional Canal Officer may give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water rates

16. The rates due for water supplied shall be collected by the Officer-in-charge of revenue collection work through tahsildars and other staff. All *khatians* or demand statements shall be signed by the Officer-in-charge of the revenue collection work after scrutiny in his office.

17. Each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved by the Officer-in-charge of revenue collection work for the purpose.

18. Each person on paying the amount due from him shall be given a receipt in the form prescribed for the purpose.

19. For the purposes of account and control over establishment and of general administration, the Officer-in-charge of revenue collection work shall be directly under the Additional District Magistrate, Estate Acquisition, of the district. In regard to any proceedings taken under the Public Demands Recovery Act, 1913 (Bengal Act III of 1913), the Officer-in-charge of revenue collection work shall also be subject to the control of the Additional District Magistrate, Estate Acquisition, of the district.

Unauthorised use of water and waste of water

20. Should it be necessary to take action under the provisions of sections 79 and 80 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), proceedings shall be instituted only under the direct order of the Divisional Canal Officer. The primary record of the facts regarding unauthorised use or waste of water shall be made by the Subdivisional Canal Officer or his subordinates. The parties reported to be using water in an unauthorised way or wasting water shall be called up to show cause why they should not be assessed for payment of water-rates. The record of their statements shall be made by the Divisional Canal Officer, or by the Subdivisional Canal Officer, as the case may be. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reason for or against assessment, both as regards the facts and as regards the law, and he shall determine the rate to be charged subject to the provisions contained in the Schedule of rates attached to these rules.

21. Should the Divisional Canal Officer decide that assessment should be made, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him and an abstract of the demand or *khatian* shall be sent to the Officer-in-charge of the revenue collection work, who shall then proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), shall be computed from the date on which the statement of the dues shall be furnished to the person assessed and the rate shall be endorsed on the said statement.

22. No proceedings shall be instituted if the unauthorised use or the waste of water have occurred through the act or neglect of a canal officer or any officer subordinate to the canal officer employed on the canal. During *kharif* irrigation the passing on of surplus water from leased to unleased fields is not an unauthorised use of water.

Complaints and applications

23. All complaints or applications with respect to the supply of water, defective drainage or administration of the canal, shall be received on presentation at either Divisional or Subdivisional Canal Office.

Complaints or applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officer for disposal at his discretion.

When such complaints or applications are presented to the Sectional Canal Officer, he shall forward the same to the proper office.

24. All complaints or applications with respect to correctness of the assessment shall be received at the office of the Officer-in-charge of the revenue collection work.

25. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints or applications shall be recorded in registers to be kept for that purpose.

26. The Officer receiving the complaint or application shall either make a personal enquiry into the matter or nominate in writing some responsible person to hold the enquiry.

27. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or the applicant.

The copy of the order may be sent by registered post, if this is convenient.

The period within which an appeal may be presented under section 91 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), shall be computed from the date on which the copy of the order is received by the person.

28. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

29. The Divisional Canal Officer may revise the proceedings of his Subdivisional Canal Officers and the Superintending Engineer may call for and revise the proceedings of all officers under his control.

Remissions and alteration of demand

30. Wherever the crop on land entitled to supply of water suffers material injury from insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Collector on the recommendation of the Divisional Canal Officers, provided that the person claiming remission has applied for such remission not less than fifteen days before the reaping of the crop.

31. Should the crop on lands under lease either for *Kharif* or for *Rabi* irrigation suffer material injury from excess of water due to deficient drainage, the Collector, on the recommendation of the Divisional Canal Officer, may grant remission for that year of the rates due on such lands in whole or in part, provided that the person asking for remission has applied for such remission at least fifteen days before the reaping of the crop.

32. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Collector.

33. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Officer-in-charge of the revenue collection work, provided that no change involving any increase or decrease in the total area under lease shall be made, without the concurrence of the Divisional Canal Officer.

34. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause shall only be allowed under special orders of the State Government.

Irrecoverable demands

35. The writing off of those demands which are reported, after due enquiry by the Divisional Canal Officer or the Officer-in-charge of the revenue collection work, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death or owing to the defaulter having absconded may be sanctioned by the Collector, Commissioner or the Board of Revenue, as the case may be, subject to the monetary limits fixed by the Board of Revenue.

Cultivators' representatives

36. Whenever the application for lease for *Kharif* irrigation has been approved by the Divisional Canal Officer, the Officer-in-charge of the revenue collection work shall, with concurrence of the Subdivisional Canal Officer, select as representative or representatives of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

37. The person or persons so selected shall be required to give assistance to the Canal Officers or the Officer-in-charge of the revenue collection work in respect of the following matters, namely:—

(i) in the preparation of applications for leases;

(ii) in the measurement of irrigated lands;

(iii) in recording the names of the occupiers of the holdings;

(iv) in receiving demand statements and distributing to the cultivators the individual notices of assessment;

(v) in attending, when required, at enquiries into complaints;

(vi) in reporting to the Junior Land Reforms Officer any changes in the occupancy of lands under lease; and

(vii) in assisting the tahsildar in collecting rates.

38. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 *per cent.* of the area assessed. The Divisional Canal Officer may disallow in whole or in part this free irrigation, and may issue order to recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 37 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

39. The Divisional Canal Officer and the Officer-in-charge of the revenue collection work shall maintain in their respective offices a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

40. Applicants for lease for *Rabi* irrigation shall from among themselves nominate one having a substantial interest in the land to irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 37 and shall be entitled to free irrigation on the same terms and conditions as mentioned in rule 38.

Power to decline or cancel leases

41. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be declined or cancelled with effect from the 1st of July next following. The order to decline or cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

42. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistant difficulty in realising the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous

43. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions, namely:—

(i) that the water shall be exclusively used for domestic purpose or for watering cattle;

(ii) that a channel exists through which water can pass without waste;

(iii) that the water shall only be supplied on the written order of the Subdivisional Canal Officer;

(iv) that any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of person who asks for the water; and

(v) that the supply of water may be stopped at any time if it is found that it is being misused.

44. Except when a public right of way exists, no person shall, without the written permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under clause (9) of section 93 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876).

45. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), as a place for answering the calls of nature, is prohibited. Any person, who after due warning, commits a breach of this rule may be proceeded against under clause (9) of section 93 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876).

46. Should water be required for purposes other than irrigation it may be supplied, when available, at a rate of five rupees per 10,000 cubic feet of water.

47. No Officer employed on the canals, unless especially exempted by the State Government from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly or in shares with others.

48 When tanks which are used both for irrigation and domestic purposes are filled with canal water, without injury to the cultivation dependent on a canal, a charge at the rate of five rupees shall be made for each 10,000 cubic feet or part of 10,000 cubic feet of water supplied.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Radharani Transport Service (Partners—Sm. Amiya Debi, Sarbashri Benoy Chandra Mukherji, Ajoy Kumar Nag and Ajit Kumar Nag), Khosbagan, Burdwan and their workmen represented by Kalna Subdivision Bus Workers' Union, C/o Shri Sudhir Kumar Das, Municipal Commissioner, P.O. Kalna, district Burdwan. (Case No. 10 of 1966.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri A. K. DE, District Judge,
Presiding Officer,
Fifth Industrial Tribunal.

Present for the Company : Shri Durgadas Roy, Advocate.

Present for the Union : Shri Kali Banerji, Advocate.

This reference, made under section 10 of the Industrial Disputes Act by the Government of West Bengal, in Labour Department order No. 234-I.R/IR/4L-35/65, dated 17th January 1966, relates to an industrial dispute between Messrs. Radharani Transport Service, hereinafter referred to as the Company, and their workmen represented by Kalna Subdivision Bus Workers' Union, shortended at Union. Shri Amiya Kumar Roy was the bus driver of the Company. When driving the bus on the night of 2nd July 1964 on a special trip, an accident happened. The bus was damaged. The driver had to be taken to the hospital. On his recovery he reproted for work but was refused employment. He was also not paid his wages from 1st April 1964. The Union calls this refusal of employment and non-payment of wages as unjust and prays for reinstatement, arrear wages and wages for the period of unemployment.

The Company put in a statement in reply. It was stated that the driver took out the bus unauthorisedly on the night of 2nd July 1964 and involved it in a serious accident for which the bus could not run till 23rd July

1964 and had to be repaired at great cost. It was further stated that the driver did not join his work even though repeatedly asked and that all his arrear wages were duly paid to him. It was also stated that the driver was ont any member of any Union and the Union cannot raise the dispute.

The issue is: Is the non-payment of wages since 1st April 1964 to Shri Amiya Kumar Roy, driver and refusal of employment to him since 3rd July 1964 justified? What relief, if any, is he entitled to ?

In view of introduction of section 2A in Industrial Disputes Act from 19th November 1965, a dispute by an individual workman is also an industrial dispute. This reference made on 17th January 1966, has to be adjudicated on.

Admittedly, Shri Amiya Kumar Roy, driver of the Company's bus, was involved in an accident on the road on the night of 2nd July 1964 and was taken to Burdwan Sadar Hospital. It is said that he, on recovery from the effects of accident, reported for duty but was refused employment. The Company's reply is that he did not come to work after recovery even though repeatedly asked. P.W.1 Shri Roy said he went to Benoy Babu to report for work but he said nothing. O.P.W.1 Benoy Babu said he asked the driver himself and sent for him to come through the conductor Shri Samsul Huda. O.P.W.2 Samsul supported O.P.W.1 then. The Tribunal on this evidence holds that it is the driver who did not join his work and that he was not refused employment and that he voluntarily quitted his job. Amiya P.W.1 said he wrote several letters to Benoy Babu requesting him to allow him to work but he did not produce any copy of any of those letters. He proved through P.W.2 Sudhir Das, Union Secretary, that the Union wrote by the letter Ext. 1 for his employment and that the Company did not even accept that. This letter is dated 8th April 1965, i.e., long after 2nd July 1964. Had there been any truth in the employees's case, there would have been sent such letters long before. This does not prove tha he was refused employment. In the Union's statement there is no mention of date as to when he recovered or went to Benoy Babu. It appears that both the driver and the conductor were injured in the accident and were in hospital and that the Company had taken in the conductor. It is not provable that the Company would not have allowed the driver to join. The driver said he drove the bus on the night of 2nd July 1964 under malik's orders, but Benoy Babu said he unauthorisedly went out with the bus to make some money. The later's version is correct, for a bus on a permitted route can only ply at scheduled hours and any trip out of the schedule can be made under special permit which the Company has to take from R.T.A. There was no such special permit that night. None of the party who hired the bus that night was examined to say that he hired it from the malik. Nor any receipt of the malik for that trip's hire was produced to show that the malik gave it. The Tribunal holds that was an unauthorised trip. That being so the driver fought shy perhaps to join his work after recovery, fearing that he might be discharged on the basis of his admitted contract, Ext. A. The Tribnual decides that there was no refusal of employment to Shri Amiya Kumar Roy by the Company and question of its justness does not arise or require decision.

The next matter is about nonpayment of wages from 1st April 1964. It is to be first determined if there has been any non payment. It is then to be seen whether the non-payment is justified or not. The driver said he got his wages up to March 1964 and that he did not receive a single paisa towards his salary from 1st April 1964 up to 2nd July 1964 when he got involved in the bus accident. The Company denied this. The driver's version is not true or probable. His monthly wages admittedly was Rs.130 and 4 holidays for which he was to get Rs. 20/- if he worked. This is seen from the Register, Ext. C which Shri Amiya Roy admittedly wrote and signed. This book shows that he gave written receipt for his wages up to March 1964. He said that if he had got any wages after 31st March 1964 he would have given such receipts. But it is in evidence that the Company has in all 3 employees, a driver, a conductor and a cleaner, and that from the conductor's daily collections in the bus trip each used to take daily Rs. 3, Rs. 2 and Rs. 1.25 (Ext. B) respectively. It is but likely also. It cannot be believed that a motor driver, if he had not got a single paisa for 3 months from 1st April 1964, would not have made any grievance till he was involved in the accident. The book Ext. B shows that the driver has given receipt for 2 months at a time and that these have been given not always on same date of each month of payment. The Tribunal believes that the driver took each day Rs. 3 from 1st April 1964 to 2nd July 1964. But that leaves a balance of Rs. 60 roughly each month as due to him towards wages. The question is whether he got those sums. As to April 1964, the Union's case in paras. 6 and 9 of its statement is that it is due since 1st May 1964. That part of claim fails on that. As for May and June 1964, the Company's case is that the balance was paid in cash. The Company was to prove that when there is no document or receipt for same, the Company's case in this regard is in paras. 4 and 6 of its statement. The case is that when the driver did not join, even after repeated asking, the managing partner sent his residuary dues in full through the conductor (para. 4 last line). This proves that there were residuary dues up to that time i.e., up to 2nd July 1964 certainly and even after that date. In para. 6 it was stated that Benoy Babu had paid it himself. These two statements are in conflict, if read literally. The Tribunal ignores that conflict. The question is whether the conductor, examined as O.P.W.2, proves that. He does not prove it. He says he paid only Rs. 60 given to him by Benoy Babu and that on 2nd July 1966. This is not proof of what is stated in para. 4 or para. 6. Again, if payment was made as stated in para. 4, after the driver's failure to rejoin, then certainly a receipt would have been taken from the driver. The Tribunal will not believe that the driver has been paid his remainder of wages for May and June 1964 and for first 2 days of July 1964. That, on calculation, comes to Rs. 57 plus Rs. 60 plus Rs. 3.68=Rs. 120.68 paise only. The Tribunal directs the Company to pay this sum to the driver as no justification was set up or proved for non-payment of that.

In the result, the Tribunal awards as follows:

(1) There has been no refusal of employment to Shri Amiya Kumar Roy from 3rd July 1964,

(2) that the Company pays Rs. 120.68 paise to driver in satisfaction of his wages up to 2nd July 1964.

The parties appeared in this case and submitted their written statements.

In short, the case of the union as stated in the written statement is that the workmen mentioned in the order of reference were connected with the union activities. They were served with charge-sheet containing various false and malicious allegations. Some were suspended along with their charge-sheets and some were suspended a few days after the service of the charge-sheet. It has been alleged that the workmen made representation for speedy action but these representations were turned down. According to the union the suspension of the workmen was deliberately prolonged with ulterior motive. The action of the company, the union says is illegal, male fide and against the principles of natural jutice. The union condemns the action of the company in keeping the workmen suspended for an indefinite period. The union has prayed for an award declaring the suspension as illegal and mala fide with a direction upon the company to pay full compensation to the workmen in question for the period of suspension.

The company has denied the material allegations made by the union. Its case in the written statement is that the workmen were charge-sheeted and suspended pending enquiry. According to the company there cannot be a reference over the question of suspension

pending enquiry. The company has stated that the enquiries were duly held and the workmen were dismissed from the service as they were found gulty. It has been stated further that some delay occurred in holding enquiry and disposal of the cases due to the non-co-operative attitude of the workmen and also due to the unavoidable circumstances beyond the control of the management. The workmen were suspended according to the Standing Orders of the company. The company also repudiates the workmen's claim for wages during the period of suspension on the ground that they have been found guilty after proper enquiry and dismissed. The allegations that the charges were false and malicious have also been denied. It has been stated that the principles of natural justice were duly observed and that the workmen were given full opportunity to defend themselves at the enquiry. In short, the company asserts that the suspension of the workmen was legal, bona fide and in accordance with the provision of the Standing Orders of the company.

The union does not adduce any oral evidence. The company examines O.P.W.1, an employee. Several documents have been examined on both the sides.

At the time of argument at the very outset Shri Moitra on behalf of the company has contended that the present dispute cannot be held as an industrial dispute because in the written statement of the union it has not been specifically stated that it is an industrial dispute or that the workmen of the company are interested in the affairs of the workmen in question. Of course, it has been admitted by Shri Moitra that the union is the union of workmen of the company. In the written statement the company has admitted clearly that the union took up the matter with the Conciliation Officer. In the present case it is clear that the union is the representative body of the workmen of the company, that they took up the present dispute and at their instance there was a conciliation proceeding and that ultimately the present reference has been made to this Tribunal. There is no evidence on the side of the company to indicate that the workmen or a substantial portion of the workmen did not take up the cause of the dismissed workmen. I am satisfied that the workmen of the company are insterested in the issue and that they have taken up the cause on behalf of the workmen. I hold that the present dispute is an industrial dispute.

The next point argued by Shri Moitra is that the issue relating to an indefinite suspension is not covered by the Industrial Disputes Act. We should remember that the case of the workmen is that the order of supension for indefinite period of the workmen involved was mala fide, illegal and malicious, and against the standing orders of the company depriving the workmen of their legitimate wages for the period of suspension. In this connection we should note the items of the second and third schedules to the Act. In the second schedule the item No. 1 relates to the propriety or legality of an order passed by an employer under the standing orders. Item No. 2 speaks about the application and interpretation of the standing orders, and item No. 6 relates to all matters other than those specified in the third schedule. In the third schedule item No. 1 relates to wages including the period and mode of payment. The grievance of the workmen in this case is that illegally and malaciously the management of the company deprived the workmen in question of their legitimate wages by the order of suspension continuing indefinitely against the standing orders. In view of the allegations made and the items appearing in the two schedules specifically mentioned hereinbefore, I hold that the present issue can be the subject-matter for adjudication by the Industrial Tribunal under section 10 of the Industrial Disputes Act. I find no substance, therefore, in the contention raised by Shri Moitra.

Thirdly, it has been argued by Shri Moitra that the order of suspension cannot be a subject-matter of reference when the orders of dismissal passed against the workmen have not been made an issue in the present reference. He wants to say that the issue over supension during the pendency of an enquiry cannot be separated from the issue relating to dismissal effected on the basis of the enquiry. Shri Moitra wants to say that the question of suspension should be considered along with the issue of dismissal. I do not accept this contention of Shri Moitra. It is true, the case of the union is that the order of suspension passed by the company was mala fide and against the standing orders. The workmen also want to say that the supension order was indefinite and that it was prolonged to harass the workmen. It does not matter whether or not the workmen challenge the order of dismissal while challenging the order of suspension. The workmen can also challenge the order of suspension as illegal and mala fide before the dismissal takes place. There is, therefore, no bar to the adjudication over the disute about the suspension order separately. It may be that according to the standing orders a company cannot suspend a workman to deprive him of his legitimate dues. If in such a case the company suspend any workman, that suspension order must be held to be improper and illegal although subsequently an order of dismissal is passed against him. In such a case, therefore, the dismissal order may be held justified on merit but the order of suspension cannot be justified. However, on the allegation made in the present case, I find that the order of suspension may be an issue of the present reference though the dismissal of the workmen concerned is not the subject-matter of the reference.

Next it has been argued by Shri Moitra that as the workmen mentioned in the order of reference have already been dismissed by the company before the order of reference was made to this Tribunal, the instant case is not within the jurisdiction of this Tribunal. The "industrial dispute" has been defined in section 2(k) of the Industrial Disputes Act. This definition has been clearly explained by the Hon'ble Supreme Court in the case between the workmen of Dimakuchi Tea Estate (Assam Cha Karmachari Sangha) and Dimakuchi Tea Estate reported in 1958, L.L.J., Vol. I, p. 500. The real import of the expreission "any person" occurring on the third part of the definition clause has been explained. In the case before me, the workmen of the company are interested in the present issue, namely, whether the company can indefinitely suspend a workmen pending enquiry according to the standing orders Moreover, in case the order of suspension is found to be unjustified, the workmen in question although dismissed before the date of reference will be entitled to relief against the company for the period of unjustified

suspension. Practically speaking, the workmen are fighting in this case to establish their right by espousing the cause of the 18 workmen mentioned in the order of reference. Considering the scheme of the Industrial Disputes Act it will be very reasonable to hold that the expression 'any person' in the definition clause includes persons who have been dismissed. The 18 workmen were suspended during the domestic enquiry. As a result of the enquiry again these pesons were dismissed as alleged by the company. The suspension which is the subject-matter of the present reference is, therefore, connected with the order of dismissal. In this sense also those 18 persons may be called workmen in the present dispute. However, according to the definition of the industrial dispute as already mentioned, I am satisfied that the present dispute under reference is an industrial dispute, and the issue mentioned in the order of reference can be a subject-matter for adjudication by this Tribunal.

Lastly, Shri Moitra has attempted to show that the order of suspension was not indefinite. It was prolonged due to the non-co-operation of the workmen. Shri Moitra has submitted that the delay in concluding the enquiry was inevitable and unavoidable because the workmen were not accepting charge-sheets or the enquiry notices and therefore the company wanted to serve due notice to the workmen by taking all resorts only to give fair opportunity to the workmen for their self-defence. The parties are aware that the present reference does not relate to the question of dismissal. It is agreed by the parties that this Tribunal should only confine its consideration within limits to see whether or not this suspension was unreasonably delayed by the company, and whether the delayed suspension order against the workmen was justified. According to the reference my scope is very limited. While considering the issue I should not comment on the merits of the case regarding dismissal. I should not also consider whether the enquiry was held according to law and the principles of natural justice. These are matters which should be decided when the issue relates to the question of dismissal by the company on the ground of misconduct.

The company has filed several statements relating to the charge-sheeted workmen along with the written statement showing the dates of charge-sheets, the enquiry notices, the dates of enquiry, the dates of dismissal orders and some other dates in connection with the enquiry proceedings. Shri Pathak for the workmen has accepted those dates as fairly correct and he has not challenged those dates. I should now take up the cases of the workmen one after another.

D. N. Banerjee (serial No. i)

The charge-sheet against him is dated 30th December 1963. His reply to the charge-sheet was received on 7th January 1964. He was suspended pending enquiry along with the charge-sheet. The first notice for enquiry is dated 27th January 1964 stating that the enquiry would be held on 30th January 1964. On that day the enquiry was postponed at the request of D. N. Banerjee. By the second enquiry notice, dated 12th February 1964, the next date of hearing was fixed on 20th February 1964. The company issued a third notice, dated 18th February 1964, fixing 24th February 1964 for enquiry because the enquiry could not be held on 20th February 1964 due to the unavoidable circumstances. D. N. Banerjee received that notice on 20th February 1964. Ext. A(7) shows that on 26th February 1964 the enquiry against D. N. Banerjee, could not be completed as he left the place. However, the company fixed another date for enquiry. That date was fixed on 19th March 1964. Ext. A(7) is the copy of such enquiry notice. Ext. A(8) is a letter of the company sent to D. N. Banerjee. It stated that at the suggestion of the Assistant Labour Commissioner, Asansol, as P. K. Roy, an enquiring officer, was a party to the dispute it decided that the enquiry would be conducted by B. Nandy in his place afresh on 11th April 1964. Ext. A(9) shows that some suspended workmen objected to the appointment of B. Nandy as enquiring officer and, therefore, the company decided that R. D. Roy and B. D. Gupta would hold the enquiry into the charges against Shri Banerjee. Accordingly by the latter Ext. A (9)the company fixed 25th April 1964 for holding enquiry. On that day Shri Banerjee put in an application asking for persmission to take a lawyer at the enquiry. The company again adjourned the hearing and fixed 7th May 1964 for enquiry. Shri Banerjee did not turn up to attend the enquiry on 7th May1964. However, the enquiry was held. The management ultimately dismissed Shri Banerjee by a letter, dated 20th July 1964.

Gangadhar Karmakar (serial No. ii).

The date of charge-sheet issued against Gangadhar Karmakar is 31st December 1963. He gave reply to the charge-sheet on 2nd January 1964. That very day he was suspended pending enquiry. Ext. P(1) is the order of suspension. Ext. P(3), the letter to Shri Karmakar, will show that 30th January 1964 was fixed for hearing of the enquiry but it could not be held as Shri Karmakar wanted postponement. The company therefore fixed 7th March 1964 for holding the enquiry against Shri Karmakar. The notice for this enquiry is dated 18/19th of February 1964. On 7th March 1964, however, the company could not hold the enquiry due to some unavoidable circumstances. The second enquiry notice dated 9th January 1964, was issued to Shri Karmakar fixing 18th March 1964 for enquiry. On that day the enquiry was held. The report was submitted on 1st June 1964. The date of dismissal letter is 21st July 1964.

N. Dutta (serial No. iii)

Charge-sheet issued against this workman is dated 30th December 1963. He was suspened on that very day. The reply of Shri Dutta to the charge-sheet was received by the company on 7th January 1964. First notice of enquiry is dated 27th January 1964 The hearing was postponed on the representation of the workman. The second enquiry notice is dated 19th February 1964 fixing 4th March 1964 for hearing. On that day the company did not hold the enquiry but at the suggestion of the Assistant Labour Commissioner, Asansol, the enquiry officer was changed and the company issued a fresh notice of enquiry on 16th March 1964 fixing 7th April 1964 as the date of hearing. On 7th April 1964, Ext. N(7) shows, Shri Dutta objected to the appointment of Shri B. Nandy as enquiring

Officer. On 8th April 1964 a fresh notice of enquiry was issued by the company to Shri Dutta appointing a fresh Board of enquiry fixing 15th April 1964 for hearing. On the date fixed Shri Dutta wrote a letter demanding the enquiry against him by a Government Officer or Tribunal Judge. On 22nd April 1964 the company turned down the proposal of Shri Dutta and informed him that the company wanted to complete the enquiry as early as possible. The company fixed 4th May 1964 for hearing at the enquiry. This letter was received by Shri Dutta on 25th April 1964. On the date fixed an ex-parte enquiry was held as Shri Dutta did not appear at the enqury. The enquiry report was submitted to the managemet on 10th June 1964 and the management passed an order of dismissal on 29th July 1964.

Mahesh Pd. Verma (serial No. iv)

The charge-sheet against him is dated 30th December 1963. He was suspended along with the charge-sheet. The reply to the charge-sheet was received by the company on 7th January 1964. The first notice of enquiry was 27th January 1964 fixing 30th January 1964 for hearing. On the prayer of the workman the hearing was adjourned to 20th February 1964. According to the company the enquiry notice was not received by Shri Verma in time and, therefore, the case was adjourned to 24th February 1964 by a notice, dated 18th February 1964. According to the suggestion of the Assistant Labour Commissioner, Asansol, the company issued a fresh notice of enquiry by appointing a fresh enquiring officer. The company issued a notice to this effect on 16th March 1964 fixing 9th April 1964 for hearing. According to the company the enquiry could not be held on 9th April 1964 as the notices sent under registered post to both the addresses of Shri Verma came back undelivered. The company again issued notice, dated 22nd June 1964, fixing 18th July 1964 for hearing but again the letter came back undelivered. The enquiry, therefore, could not be held on 18th July 1964. The company thereafter decided to publish the notice of enquiry in the Amrita Bazar Patrika and, accordingly, the notice was published in the Newspaper, Ext. T, fixing 5th November 1964 for hearing. Ultimately, however, the enquiry was held on 5th November 1964 in presence of Shri Verma and the enquiry report was submitted to the management on 1st December 1964 The management passed an order for dismissal on 21st January 1965.

Md. Sahidulla (serial No. v)

The date of charge-sheet issued against Md. Sahidulla is dated 30th December 1963. On the same day he was suspended. The reply to the charge-sheet was received by the company on 6th January 1964. The date of enquiry was fixed on 30th January 1964 but at the request of the workman the hearing was adjourned to 20th February 1964. Sahidulla did not attend the enquiry on the date fixed, but the company again fixed 14th April 1964 for holding the enquiry. Ext. Q(7) shows that inspite of the failure of Sahidulla to attend the enquiry on 14th April 1964. the company gave another chance to him and fixed 9th June 1964 for hearing. According to the company the notices sent to the delinquent under registered post came back undelivered. The company again issued notice, dated 23rd/29th June 1964to both the addresses of the workman under the registered post stating that the enquiry would be held on 28th July 1964. Sahidulla, however, did not attend the enquiry. Ultimately, the company decided to publish the enquiry notice in the newspaper fixing 12th November 1964 for hearing. According to the company the enquiry against Sahidulla was held on that day in his presence. On 7th December 1964 the enquiring officer submitted his report and the management passed orders for dismissal on 21st January 1965.

Ram Prosad (serial No. vi)

The carge-sheet against Ram Prosad is dated 31st December 1963. Ram Prosad did not give any written reply to the charge-sheet. He was suspended pending enquiry from the date of charge-sheet. The company at first fixed 30th January 1964 for hearing at the enquiry but on the representation of the workman the hearing was postponed to 7th March 1964. The registered notices sent to Ram Prosad came back undelivered and, therefore, no enquiry could be held on 7th March 1964. Again fresh notices, dated 9th June 1964, were issued to Shri Prosad under registered post fixing 22nd June 1964, for hearing. Again these notices came back undelivered. The comany issued fresh notice, dated 10th June 1964, to the workman fixing 29th July 1964 for hearing. Ram Prosad received this notice but prayed for postponetment of the hearing. The company allowed the prayer and fixed 17th August 1964 for holding the enquiry. On the date fixed the enquiry was held, and the enquiry report was submitted to the managnemnt on 1st October 1964. The company dismissed Ram Prosad by a letter, dated 15th December 1964.

Mahendra Singh (serial No. vii)

The charge-sheet against Mahendra Singh is dated 30th December 1962, and he was suspended from that day pending enquiry. His reply to the charge-sheet was received on 7th January 1964. Sheo Nath again objected to the newly constituted the Board of Enquiry and thereafter the company issued a notice to Sheo Nath under registered post fixing 15th May 1964 for hearing but the enquiry was not conducted in the absence of Sheo Nath. The company fixed another date on 14th August 1964. According to the company Sheo Nath prayed for adjournment and 18th August 1964 was fixed for hearing. On that day, however, the enquiry was held, and the report was submitted on 30th September 1964. Sheo Nath was dismissed by a letter, dated 15th December 1964.

In this case the company has also filed several envelopes duly opened before the Tribunal containing letters sent to the delinquents under registered post. Of them two have been refused by Balaram Mukherjee and others were not delivered to the addressees as they could not be found.

The company has examined Purushotam Das Gupta, one of the enquiring officers. He is an employee of the

company. He has stated that the 18 persons were charge-sheeted and suspended pending enquiry according to the certified standing orders, that on several occasions enquiry notices were issued to the charge-sheeted persons, that the delinquents set up different pleas on several dates and that the enquiries were delayed on that account. He has further said that in some cases the company published notices of enquiries in the newspaper. He has denied that the delay for holding enquiry was deliberately made by the company. From this evidence we also get that some of the notices issued came back undelivered and some were returned after they had been refused by the delinquents. The witness has stated that the delinquents objected to the appointment of the enquiring officers and that due to the non-co-operative attitude of the charge-sheeted persons there was delay in finalising the enquiry. We also get in some cases that the enquiring officer had to hold ex-parte enquiry. As against this oral evidence of O.P.W.1, no witness on the side of the union has been examined in this case. No reason has been assigned as to the non-examination of any necessary and important witness of the union in this case. Admittedly, a large number of workmen were charge-sheeted and the company had to appoint enquring officers to conduct the different enquiries at different times. The evidence shows that in every case several enquiry notices were issued by the company to the delinquents inviting them to attend the enquiry and for the non-appearance of the delinquents or some pleas taken by them, the enquiries could not be held quickly. From the evidence there can be no doubt that the company wanted the delinquents to be present at the enquiry and on several occasions they postponed the hearing at the enquiry and fixed different dates. The company in some cases published notice of enquiry in newspaper so that the delinquents might attend the enquiry for self-defence. It is evident therefore that the company had been trying its best to see that the delinquents could attend the enquiry for defending themselves and, in fact, it left no stone unturned for that purpose. For this attempt the company had to wait for a long time and naturally, there was delay in concluding the enquiries. Many of the delinquents were suspended pending enquiry from the date of charge-sheet and some were suspended after a few days and the order of suspension remained till the date of dismissal. I have considered the facts and circumstances in this case and I do not find anything to suggest reasonably that the company had any malice against the workmen in passing the suspension order. I do not also find that the company deliberately prolonged the enquiries or the suspension order. A large number of enquiries were pending and the delinquents were not attending the enquiries on some ground or other. The allegations against the charge-sheeted persons were serious. It was the duty of the company therefore, not to be hasty in the matter of enquiries and, therefore, it took reasonable time to see that the enquiries be held in presence of the delinquents. In the facts and circumstances appearing before me, I am satisfied that the suspension of the workmen in question was not indefinite. Neither was it unnecessarily prolonged nor delayed by the company. The prolongation of suspension pending enquiry relating to the workmen in question was justified. The workmen were suspended according to the standing orders of the company. The workmen will, therefore, get no relief in the present reference.

Shri S. K. ROY, Judge.

In this application under section 33A of the Industrial Disputes Act, the applicant workman Shri Byomkesh Das has complained of his alleged illegal, wrongful and mala fide suspension for an unlimited period amounting to his dismissal by way of victimisation and has alleged that the Company took this despotic and arbitrary action against him in contravention of the relevant provisions of section 33 of the Industrial Disputes Act, during the pendency of the adjudication proceedings of another dispute between the company and its workmen, referred to this Tribunal by G.O. No. 3537-IR., dated 6th August 1962.

AWARD

An industrial dispute relating to four issues between Messrs. The Gramphone Co. Ltd. (hereinafter referred to as Company No. 1) and their workmen represented by the Gramphone Employees' Union (hereinafter referred to as Union No. 1) has been referred to this Tribunal for adjudication under section 10 of the Industrial Disputes Act by the Government of West Bengal in its Labour Department order No. 2381-IR/IR/11L-17/64, dated 24th June 1964.

By order No. 15, dated 19th April 1965, this Tribunal added the Gramphone Workers' Welfare Union (hereinafter referred to as Union No. 2) as a party to the proceeding. Later on 4th February 1966 by order No. 29, this Tribunal issued summons on the Gramphone Company of India (Private) Ltd. (hereinafter referred to as Company No. 2). All these parties entered appearances in the proceeding and filed statements. At the hearing the Unions and the Companies gave evidence both oral and documentary, and submitted arguments.

The case of the Unions is that the Company No. 1 is subsidiary of the Gramphone Company Limited, a private limited company incorporated in U.K. and that its Indian Branch was started over 50 years ago with its Head Office and Factory at Dum Dum. The Company is a highly prosperous and stable concern and has, more or less, a monopoly business in the manufacturing of records, etc. It has been earning huge profits year after year. It employs about 1350 workmen at the Factory including 172 staff., 20 sub-staff, 28 durwans and 12 dirvers among other categories, The Company's business consists of manufacturing and selling gramophone records, gramphone machines, needles, accessories, radio receivers, radiograms, record players and such other things. The existing wages of the workmen are very much below the subsistence level. In 1947 the Company entered into an agreement with the workmen regarding pay scales of different categories without paying heed to the basic needs or the prices of essentials. The workers were dissatisfied and made agitations. As a result, some of other grievances were referred for adjudication to the Fifth Industrial Tribunal, West Bengal, as industrial dispute. The Tribunal made its award which was published on 19th January 1959. The Union No. 2 entered into an agreement with the Company No. 1 on 6th April 1960 regarding wage scales. That agreement was not beneficial to the workmen. That agreement dissatisfied a large number of workmen. They formed themselves into a separate union viz. the Union No.1, in 1962. This Union No. 1 has terminated the said award by two month's notice to the Company under section 19 of the Industrial Disputes Act. The Union No. 1 demands fixation of wage scales and grades in revision of the existing grades and scales stating that the company's financial position has improved very much, that the prices of the necessary essential commodities have gone very high and that wages of various industries in the region have increased. The Union No. 1 also claims introduction of gratuity scheme for the employees stating that the workmen of the Bombay Branch of this Company raised that dispute and has succeeded up to Supreme Court on the finding that the financial position of the Company was prosperous and stable and that there was no likelihood of any deterioration of its financial position in future. The Company introduceed sometime in 1946 payment of tiffin allowance at the flat rate of annas 8 per day to some of its employees who are to work on Sundays and/or holidays. The Union No. 1 claims that the amount of the said tiffin allowance should be raised in view of the rise in price of food articles. The last claim of the Union is that the Company is not paying production bonus to all workmen who take part directly or indirectly in the production. It is said that the Company is paying production bonus amounting roughly to Rs. 6 to Rs. 12 per month per head of the workmen belonging to the Press Room and W. and G. Department. It is challenged as discriminatory and unscientific. The Union claims that the said production bonus be given to the workmen in all the departments and not only in Press Room and W. and G. Department and that the ratio of distribution of bonus as between the manufacturing department and non-manufacturing department should be 4 to 3.

The Company No. 2 has absorbed Company No. 1. The two companies in one voice contested the claim of the Unions. It is their case that the Company is not either highly prosperous or stable concern and that its products are for sale at the very apex to consumers' luxury expenditure. It is denied that the Company's business was in the nature of a monopoly business. The Company stated that the Unions' statement as to the goods they sell and manufacture is

correct except that it does not manufacture gramphone needles. It is stated that the Company was party in the adjudication by the Third Omnibus Engineering Tribunal, West Bengal, along with a large number of engineering industries in West Bengal, each employing over 250 workmen. At that time, the existing grades and scales of pay of the workmen of this Company were covered by an earlier award which was in force. The Third Omnibus Engineering Tribunal decided that the existing grades and scales of this Company were fair and did not disturb them. Thereafter the Company revised its grades and scales of pay to the benefit of the workmen by agreement. The Company admitted that there was a reference over the issues to the Fifth Industrial Tribunal in 1956 and that the said Tribunal did not in any way, alter the Company's wage scales or grades. Again, the Union No. 2 made a fresh agreement with the Company on 24th April 1960 revising the grades and scales in favour of the workmen in many cases. The Company disputed that the Union No. 1 has the necessary representative capacity to raise the issue about wage scales and grades. It has stated that the claim of the Unions for fixation or revision of grades and scales of pay is not just. As regards the claim of gratuity it was stated that the introduction of gratuity over and above the Provident Fund, which in existence in the Company, cannot be considered as it is not correct that the Company has been consistently making substantial profits over a number of years and that its financial position and future prospect are so sound that its continued long-term prospect is absolutely assured. It is said that the profit of the Company has been consistently unsatisfactory and its future prospect being dependent upon so many uncertain and unpredictable factors and/or economic conditions that it cannot be said to be sound. It is said that the company is not in a position to bear any financial burden by way of gratuity and that it has already been making contribution to the extent of 8 per cent. of basic pay and dearness allowance as the retiral benefit to the workmen. As regards tiffin allowance it is said that it is not an industrial dispute and that there is no case for revision of the amount of the allowance of the persons to whom the same had in the past been paid as there is a canteen for the workmen and the Company pays for the wages of the canteen staff, the cost of fuel, furniture, lights and utensils, etc. and that the workmen get food there at actual cost of the materials used in preparation of the food. As to the production bonus it is stated that the same is not bonus but an honorarium loosely called bonus paid to only 18 workmen in the Press Room who press records and to 30 workmen in W. and G. Department where materials for manufacturing records are processed. It is said that the manufacturing of records is entirely separate department having no connection or relation with any other section of the Company's works and that the same cannot be clained for any other workman in any department.

The issues are :—

(1) Grades and scales of pay.

(2) Gratuity.

(3) Revision of Production Bonus Scheme.

(4) Tiffin Allowance for work on Sundays and holidays.

Issue No. 1 : Grades and Scales of Pay.

The Unions' claim is for revision of grades and scales of pay of all categories of employees in the factory of the Company. The Tribunal has used the word revision' in this issue, though not there, because it is the admitted position that certain grades and scales of pay for the employees are in existence. Before going into the claim it is necessary to dispose of a few small points The Company took an objection that this issue cannot be adjudicated on because there is an agreement relating to it, entered into between the Company No. 1 and the Union No. 2, on 29th April 1960. The Company raises the bar under section 19 of the Industrial Disputes Act. The Unions answer this contention saying that the Union No. 1 has terminated this agreement by a notice under section 19(2) and that the Union No.2 also has done that. This is quite envident. Ext.A is the agreement which was entered into between Union No. 2 and the Company. By letter Ext. 15, dated 19th June 1963, the Union No. 1 terminated the agreement. The Union No. 2 by submitting a fresh charter of demands, annexure 'A', to its statement filed before this Tribunal on 8th June 1965, proved that the Union has also terminated the settlement. There is, therefore, no bar to the adjudication on the issue.

The Company next contended that the matter cannot be adjudicated upon as the reference was made at the instance of the Union No. 1 initially and that the said Union is not a representative body of the workmen At the hearing this contention was not pressed and rightly. It is clear from the correspondences that have been in this reference that the Company and this Union negotiated for quite a long time over this demand of the Union before this reference was made. It cannot be said that the said Union is not representative of the workmen and cannot raise the dispute. The Tribunal overrules this contention.

It was nextly contended that the Company will not be in a position financially to bear any revision of the grades and scales of pay of the workmen because, the Company No. 2 has taken over the Company No. 1; that the Company No. 2 is a new concern; that its business potentialities are unknown, that some time must pass before it can be said that any increase or revision of salary can be borne by it; that the Company No. 2 is going to be converted into a Public Limited Company from next year and that its business is suffering and is likely to suffer due to piracy of records and because other industries for manufacturing of records etc. are soon going to be started in India and other neighbouring countries. This argument cannot be accepted. O.P.W. 3 Shri D. L. Moitra, the Group Accountant of the Company, No. 2, stated that on and from 1st July 1964, the Company No. 2 has taken over the business of Company No. 1, and that the Company No. 2 was formed in 1946. He stated also that the Company would have closed down had there not been any profit and that the Company had always some profits. He further stated that their sales were increasing progressively from 1960 onwards and their expenses were also increasing progressively. He also stated that the cost of manufacturing increased from 1960 to 1963. He stated that in the last two or three years, the price of record has been increased once a year on the average and that the rise in price

was annas 4 to annas 6 per record. The picture about the financial position of the company, appearing from this evidence, clearly negatives the Contention of the Company. It also has appeared from the evidence that the Company has granted noticeable increments to its higher paid officers when the Company No. 2 took over the business of the Company No. 1. That only indicates, if not proves, that the Companys' business profits are increasing and has good prospects. The Union here referred to the speech broadcast over the Radio on 1st January 1962 by the Company's General Manager in Ext. 8. He stated there "in our developing Indian Record Industry there is never a dull moment" and "on looking back in this way we find, that in these 4 short years the Indian Record Industry has in fact, made greater progress than was made during the previous half century". O.P.W. 1 Shri P. K. Mukherjee, the Company's Personnel Manager stated that the Company has put in hoarding advertising that they are sending their goods for sale to 36 other countries. He also stated that production of records and radios has increased during the last 10 years. It is quite evident that the Company's financial position will admit revision in the wage scale of the workmen in the factory. As to piracy of records and threat of competition by other record manufacturing companies, there is hardly any evidence on which it can be said that the business of the Company is likely to suffer due to either. O.P.W. 1 Shri P. K. Mukherjee stated that he has heard and has seen in papers that another Company has been floated to produce records in Bombay. He stated that he understood that a new Company, going to be floated, is starting and will work in collaboration with a Foreign Firm and that Philipines and Bangkok have set up new projects for producing records in their countries. He also stated that priacy is going on in producing records outside India. This evidence is not sufficient to say that there is any threat of fall in business due to either piracy or to competitive concerns. No newspaper wasproduced to show that there was any advertisement regarding starting of a new Company for manufacturing of records. The Company relief on the letter Ext. 5 with its annexure, and the letter Ext. G and on a letter written by its own representatives on 2nd May 1966. Not one of these documents is any proof that the piracy of records, complained, of, is likely in any way, to affect the sale of the Company in the countries where such priacy may have been noticed. The Tribunal on a consideration of the documents is of the view that the Company cannot say that it is not a position financially to bear any revision in the matter of wages of the workmen. The Tribunal rejects this contention of the Company.

The award of the Fifth Industrial Tribunal, known as 3rd Major Engineering Tribunal of 1958 has left the scale of pay and grades in this Company untouched. Certain modifications of the scales and grades, then existing, were made by the agreement of 1960, Ext. A. The Unions want further revision of the scales and grades regarding all categories of the workmen. There is no dispute as to the categories of workmen in the factory. It is only with regard to scales that the dispute has been raided. Three grounds have been urged in support of revision. It is said that the prices of essential and necessary commodities have gone up and that wages of other industries in the region have been raised and the company's financial position calls for an upward revision. As to the third ground, there is basis. It has been proved that there has been increment in the salaries of top officers of the Company in recent times. It has been also proved that the Company is making profit every year and that its business has been extended to cover other fields. It is also seen that its business is more or less in the nature of monopoly in the country and neighbourhood. This justifies revision of the wage scales. As to the rising prices of necessary essential commodities, there connot be any dispute, nor it must be fairly stated that it was disputed. It must, however, be borne in mind that the increment in wages cannot at any time, go up to the limit of rise in prices of essential commodities. There will always be a gap. It is also proved that wage scales of other industries in the region have increased by agreement. It is true that not one of those industries is identical in all respects with this industry. It is also well-settled that the dearness caused by the rise in price of the essentials cannot be neutralised by increasing dearness allowance. If the financial capacity of the employer permits, a revision of the wages of the scales is the way how the situation may be met, even though partially. It can hardly be argued with any show of justification by the Company that there is no necessity for revivion of the wage scales of the workmen when it has made quite large increments in the salary of its top officers as proved in evidence of its own witnesses. In the award of the 3rd Omnibus Major Engineering Tribunal, it was no doubt, stated that the existing wage rates are not inadequate and compared favourably with other engineering concerns. But since then long 10 years have passed. There had been, in the meantime, steep rise in the prices of essential commodities and also in the profits of the Company. The Company sought to oppose the claims of the Union in respect of the revision of wage scales saying that they were paying Bengal Chamber of Commerce dearness allowance to its monthly paid staff and that the said rate of dearness allowance was about the highest in India and that it was paying dearness allowance to its daily rated workmen in terms of the award of the 3rd Major Engineering Tribunal with an addition as made by the Government of India D. I. R. notification.

It was agreed, therefore, that no revision in the wage scales was called for. This cannot be accepted for, dearness allowance is given to meet temporary change in circumstances. Deraness allowance is never given to neutralise the entire dearness. The other argument that the Company No. 2 is a new concern and it has yet to feed its market. This is wrong. It is not really a new concern but in the old business with management taken over by another. It is continuing the same business on the same lines with the same staff and in the same factory. This cannot be any ground to oppose revision of wage scales. The other point as to the Company's future being uncertain, has already been dealt with. It has no significance. The Tribunal, therefore, decides that the wage scales of the workmen of the Company in the factory have to be revised.

P.W. 2 Shri Phakir Chandra Roy Choudhury of Jessop & Company stated that the clerks in the factory of the Company get scales of wages in accordance

with the award of the Fourth Industrial Tribunal presided over by Shri K. K. Mitra. He stated that the total number of employees in the Company is 11 or 12 thousand. Wage scales of any other neighbouring industries were not proved by the Union. O.P.W. 1 Shri P. K. Mukherjee, the Personnel Manager of the Company, stated that he knew the grades and scales of pay of workers in Texmaco and that the same is a big concern making a profit of over one crore in 1964-65. He admitted that Texmaco manufactures wagons, boilers, textile machineries, etc. That is a heavy industry and not certainly comparable with this Company manufacturing records and such other things. The considerations which were placed before the Tribunal by the Unions in support of their claims for revision of wage scales were placed before the 3rd Major Engineering Tribunal and were examined. It is hardly necessary to examine those over again. The Tribunal finds that the financial position of the Company has improved since. The Tribunal, therefore, thinks that revision is necessary. As to the demand of the Unions about the minimum of scale of rate of increments, Tribunal is of the opinion that these are highly placed. The increments in the scales would all be annual and automatic. All the workmen be fitted into revised wage structure from the date of award being operative after giving one increment, if necessary, to place him in the scale. Movement from one grade to the next higher grade would not be automatic but would depend upon his merit report.

There are in the Factory of the Company monthly rated staff and daily rated staff. The monthly rated staff again consist of clerical section, supervisory staff and sub-staff. The 3rd Major Engineering Tribunal placed the daily rated staff, called operatives, under 4 groups—A, B, C, and D. That Tribunal made 3 groups in the clerical section as non-Matriculates, Matriculates or under-Graduates and Graduates. The Tribunal placed all the supervisory staff in one group and the subordinate staff under 4 groups namely, Peons and Bearers, Durwans, Drivers and Lorry Drivers. This grouping and grading are not challenged nor any revision thereof asked for. The claim related to revision of the wage scales. In consideration of what has been stated above and keeping in view the wage scales fixed for the clerical section by the Maharastra Tribunal and the agreement made by the Union No. 2 and the Company in 1960 the Tribunal makes the following scales of wages :—

Operatives :

Group D—unskilled : Rs. 40—1—60.

Group C—semi-skilled : Rs. 45—1—50 P.—75.

Group B—semi-skilled : Rs. 90—2—120.

Group A—highly skilled : Rs. 115—3—160.

Promotion from one group to another group higher up will depend on seniority, efficiency, and suitability to be judged by the Management against the vacancies in the higher group. Otherwise increments will be annual and automatic. The increments will be given each year effective from 1st of January. This wage scale has been fixed on the bais of 26 days a month on the average.

Sub-Staff :

The grouping will be as in the award of the 3rd Major Engineering Tribunal.

Peons and Bearers—(1) Rs. 35—1—55
(2) Rs. 45—1—65.

Drivers—Rs. 70—2—100.

Lorry Drivers—Rs. 100—3—145.

Clerical Section : There shall be five grades A, B, C, D and E. Educational qualification for Grade E will be non-matriculate that for Grades C and D will be Matriculate and that for A and B will be Graduate degree. The wage scale shall be as follows :—

Grade E : Rs. 40—2-50—65—3—80.

Grade D : Rs. 60—3—75—4—95—5—110.

Grade C : Rs. 75—5—100—E.B.—8—140—E.B.—10—160.

Grade B : Rs. 120—8—160—E.B.—12—220—E.B.—250.

Grade A : Rs. 170—12—230—E.B.—15—305.

Promotion from one grade to the other higher will depend on merits and seniority to be judged by the Management. Other increments, except where there is efficiency bar, shall be automatic and annual. The increments shall be given effective from 1st January of each year. The employees shall be fitted into new scales giving one increment and after such refixation shall not get less than what is drawing at present.

Supervisory Staff :

There shall be two grades—Grade 'A' and Grade 'B', to be designated Junior Supervisors and Senior Supervisors. Junior Supervisors' scale shall be the same as for Grade 'B' of the Clerical Section and that for the Senior Supervisors shall be that for the Clerks in Grade 'A'.

It was contended that these revised wages scales should be given effect to from 1st of July 1963, that is from the date of demand. Reliance was placed in the case reported in L.A.C. 1952, page 402 in support of the contention. The Tribunal does not think that this should be granted. Such retrospective effect will place heavy burden on the industry and quite abruptly. These wage scales are made prospective from the date the award becomes operative.

Issue No. 2. Gratuity

It is not disputed that the Company has a branch in Bombay and that the workmen of the Bombay branch of the Company raised a dispute about the gratuity for themselves and the same was granted by an Industrial Tribunal of Maharastra, Bombay. It is

also not disputed that the said award was a subject-matter of appeal before the Supreme Court in C.A. 495 of 1963 and that the award relating to gratuity was upheld. It is, no doubt, true that there is Provident Fund Scheme in operation in the Calcutta Factory of the Company for the workmen and the contribution by the Company towards the Provident Fund of the workmen is 8% of the basic salary and dearness allowance. But it is well settled in law that the existence of a Provident Fund Scheme is not any bar to the grant of a second retiral benefit in the shape of the gratuity scheme provided the employer is able to bear the burden of 2 retiral benefits. That naturally depends on the financial capacity of the employer. The mere existence of the Provident Fund Scheme is not by itself a reason for refusing a gratuity scheme. In the case of the Bombay workmen of this Company for gratuity, the Bombay Industrial Tribunal as also the Supreme Court judged the financial capacity of the Company and decided to introduce that scheme. The Supreme Court judged the financial capacity of the Company on the basis of the all India position. The Supreme Court examined the balance-sheets of the Company for the years 1956-57 to 1960-61 and found that the practical burden on the Company, taking all the employees in the account, was in the neighbourhood of Rs. 1,50,000 per year of which 60% to be made by reduction in taxation. There also it was argued that the future of the Company was not bright. That was examined and negatived. The Supreme Court calculated saying 'on a careful consideration of all the factors as disclosed in the balance-sheet of the Company, we are of opinion that whatever may have been the position before 1955, the Company has been making profits since 1956-57 and its financial position appears suitable and it is in a position to bear the burden of the gratuity scheme awarded by the Tribunal to the Bombay workmen. Even if we take into account the workmen in Dum Dum, we see no reason to interfere with the order of the Tribunal introducing gratuity scheme for the Company's workmen in Bombay'. True it was observed that the factory workers in whose cases the Provident Fund contribution had been increased from 6¼% to 8% stood on a different footing, but the overall position was considered. Generally 3% to 4% of the employees retire each year. It was not proved that a large number of workmen had reached age of superannuation and would retire soon. There was hardly any material to say that the burden on the Company would be heavy. The reason for the grant of bonus is that the workers should share in the prosperity to which they have contributed, all of them would have the right to participate in it. Therefore, profit could be said to be sufficient to declare bonus only if it is sufficient to make a payment to all of them—see 1958(11) L.L.J., 616. Where the profits would not be sufficient to declare bonus to all the workmen employed in various units under the same Management, no bonus could be awarded to workmen of one such particular unit on the ground that the workmen in other units had not demanded or abandoned their claim for bonus. The decision in the Supreme Court proceeded on that basis. Three other balance-sheets for the years 1961-62 to 1963-64 have been filed in this case. The other balance-sheets up to the year 1960-61 were taken into consideration by the Supreme Court. There is nothing special in any of these three balance to say that the financial position of the Company is either not sufficient or sound for the introduction of the gratuity scheme. The profits shown in the balance-sheets for the years 1961-62 and 1962-63 are Rs. 7.08 lacs and Rs. 6.15 lacs respectively. Taking into consideration all these, the Tribunal thinks that the claim of the Unions for introduction of the gratuity scheme for the workmen in the factory should be granted. The Schemes would be in the same lines as in the Bombay Award.

Issue No. 3. Revision of Production Bonus Scheme

It is admitted that some amount is being paid in the nature of bonus to the workmen in the Press Room and W. & G. Department of the Company and that the said payment is dependent on production. It is not correct, as the Company has stated that the said payment is by way of honorarium and not as bonus. The claim of the Unions is that such payment of bonus should be given to all workmen in all departments whether connected with the manufacturing or not saying that in all Industrial Organisations everybody contributes to the production, that by some being visible and that by some invisible. The Company's stand point is that the said payment is being made to only a small number of workmen who are engaged in the manufacturing of records and that it is given to ensure continuous manufacture of records, to avoid delay due to change of stampers, counting of records and/or defects in supervision in manufacturing process. It is further stated by the Company No. 2 that the work in the Press Room is independent and has no connection with any other section of the Company's works. It is further stated by Company No. 2 that the norm for paying production bonus in the W. & G. Department has been on the weight basis and that the old rate has been revised with effect from 1st May 1965 by a bipartite agreement. The added Union No. 2 claimed that the amount of production bonus, being given to workmen in W. & G. Department, should increase as now they are making more number of biscuits for the same weight of materials. This calim was disputed by the Company No. 2 saying that the bonus being given to them is calculated on the weight handled and not on the number of biscuits produced within that weight of the materials. It is also submitted that the bonus is paid to ensure continuous manufacture of records and that it is for the company to decide whether it should give production bonus or not and it is managerial function. Though the case of the Company in its statements filed before this Tribunal was that the production bonus scheme was in operation only in the Press Room and W. & G. Department. yet O.P.W.1 Shri P. K. Mukherjee, the Personnel Manager of the Company No. 2, stated in his evidence "we have production bonus scheme in the Radio Factory, Cabinet Factory and Record Factory. W. & G. Department and Press come under the Radio Factory. Previously production bonus scheme was in operation only in W. & G. and Press Section, and the Company has extended this to other sections". He admitted in cross-examination at page 7 that some of the clerks and supervisors, store-keepers, store-clerks in the Radio Factory do not get production bonus and that he would not be able to show any paper as to why they had been excluded from production bonus. He also admitted that clerks, supervisors in the Cabinet Factory do not get production bonus. He stated that Press men get production bonus, but Linemen do not get it. He stated that production bonus scheme was introduced

by agreement. He again stated that the employees of the Press Room are fitters, stampers, cleaners, clerks, foreman, assistant foreman, fitter foreman, stamper Inspector, Linemen and Pressmen. He has stated that all employees in the Press Room except Linemen get production bonus. It is also in the evidence of O P W.2 Mr. Byfield, the Deputy Factory Manager of the Company, that production bonus scheme is a scheme introduced by agreement and the calculation is made in terms of this scheme. The said scheme has not been produced The initial agreement, introducing that scheme and the recent revision of it, as spoken by O.P.W.1 are not before the Tribunal. It is not possible to say the basis of payment of this production bonus. The Unions' contention was that the workmen have directly participated in the production or not, are entitled to get this bonus as they will be taken to have indirectly contributed to it. In support of this contention reliance was placed in the case reported in 1962(II), L L J., page 752 and in the case reported in 1960 (II), L.L J., page 261. On the evidence before this Tribunal it is not possible to say which are the departments that are concerned, whether directly or indirectly, with the production of manufacture of records. For paucity of materials, the Tribunal is not in a position to say to which other departments or workers, this production should be extended and to what extent. This must have to be left for decision in future on sufficient materials, if such an issue is raised and such materials are produced. The Unions did not state that they wanted revision of the rate of production bonus or the calculation of it or the norm of it. They also did not state what should be the norm. That also makes it impossible for the Tribunal to make any award in that respect. It is quite clear that the Company's statement, not agreeing with the evidence particularly of O.P W.1 in this respect, is not acceptable. The Tribunal will dispose of the issue saying that no revision can be decided and will direct that this bonus should be continued to be paid to those of the employees to whom the same is now being paid as deposed to by O.P.W.1, Shri P K. Mukherjee.

Issue No. 4. Tiffin Allowance for work on Sundays and Holidays.

It is contended on behalf of the Company that the tiffin allowance is not an industrial dispute and as such, cannot be adjudicated upon. This was not seriously pressed at the hearing. This comes under items No. 2 of the Third Schedule of the Act. As such, this can be an industrial dispute and has to be adjudicated on. The claim for the Union is really in two parts. Firstly, it is said that the amount of tiffin allowance now being given to some of the workmen working on Sundays and/or holidays has to be increased. Nextly it is said that this allowance should be given to all other workmen who may be required to work on Sundays and/or holidays. It is proved in evidence that any employee who is required to work on Sundays and/or holidays, enjoy two other benefits :

(1) a holiday in subsitute of that day and

(2) overtime wages at certain rates.

It is also admitted that the Company has been paying, from a very long time before, some cash allowance to some of the workmen working on Sundays and holidays. That cannot be any ground for claiming that cash allowance for other employees working on Sundays and/or holidays. That cash allowance is in the nature of ex-gratia payment, because the other two benefits being given to such workers are under existing laws and the Tribunal do not think any sufficient justification for adding to those benefits, but it is made clear here that the system of payment of cash allowance of annas -/8/- to the workmen, now in emjoyment thereof, should not be discontinued. There is a canteen in the factory. The workmen can buy tiffin there at almost cost price. It is true that the canteen does not remain open on Sundays and holidays. But the Company has not yet undertken the liability of giving tiffin to all its employees on all working days free of cost. That being so, there is hardly any reason to ask the Company to pay for the tiffin on holidays and Sundays, when they are not giving it to any workman on working days. The Unions do not ask for tiffin allowance for all the workmen for all the working days The claim for tiffin allowance for all workmen working on Sundays and holidays has to be refused. As the cash allowance is extra benefit, the Tribunal does not see any reason for increasing this amount at present This disposes of issue No. 4.

In the result, the Tribunal answers the issues as in the preceeding paragraphs.

AWARD

By order No. 3539-IR/IR/11L-286/62, dated the 23rd August 1963, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Kalitara Glass Moulding Works (Private) Ltd., 71/3 Dharamtalla Road, Salkia, Howrah, and their workmen represented by Howrah Small Factories Workers' Union, C/o Shri Anadi Das, M.L.A., Dassnagar, Howrah, regarding the matters specified in the schedule to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-IR/IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether the prolonged and continued lock-out of the factory is justified? To what relief, if any, are the workmen entitled?

In pursuance of notices issued from this Tribunal, parties appeared and filed their written statements.

The union's case in short is that Messrs. Kalitara Glass Moulding Works (Private) Ltd., is a reputed and well-established engineering concern employing in July 1963 about 100 employees. On 4th July 1963, only three out of these workers, viz., Jahar Mondal, Netai Pandit and Kalipada Sadhukhan, all active members of the union, were asked to work overtime. At 10 p.m. when these workers had left the factory after work, they were suddenly attacked by some men engaged by the company for their trade union activities. On 6th July 1963 when the proprietor came to the factory the workers approached him with a request to hold an open enquiry into the matter. The management refused to comply with the demands of the workers, while the workers kept on pressing for it. Taking advantage of this position, the company locked out the factory by a notice of that date. The matter was thereafter taken up to Assistant Labour Commissioner, Howrah, by Union's letter, dated 8th July 1963. Thereafter conciliation proceedings were started but all attempts for amicable settlement of the dispute by the Labour Officer, failed. The matter was then referred to this Tribunal for adjudication. The union contends that the lock-out from 6th July 1963 was illegal and unjustified and prays for full wages to the workers for the entire period of lock-out.

In reply to the union's written statement, the company filed its own statement on 14th March 1964 and therein inter alia stated that lock-out had to be declared as the workers had on 6th July 1963 resorted to stay-in-strike, confined the Managing Director, Director and all the Office staff in the office room and had taken control over the company's properties and machineries and become violent and rowdy. The company stated further that the workers had no reason to go on strike on 6th July 1963 or to insult and confine the Managing Director, Director and the Office staff and contended that the lock-out was justified inas much as it had to be declared for the strike resorted to by the workers on 6th July 1963 as also for their misbehaviour with the management on that date.

The issues for adjudication have already been set forth above in this award.

It is not disputed that on 6th July 1963 a lock-out was declared in the factory and that the said lock-out was lifted and work was resumed in the factory on and from 12th August 1963. Further admitted fact is that during this period of lock-out some of the workers have resigned from the factory and the company has led evidence indicating that the factory had reopened after the remaining workers had entered into the agreement, Ext. E, with the company. This agreement, no doubt supports the company's case regarding the strike and lock-out as stated in its written statement filed but as the union was not a party to this agreement, its recitals cannot be used as evidence against the union to decide the question at issue. Independently of this agreement, this Tirbunal, therefore, will have to decide whether the lock-out was justified.

"Lock out" which has been defined in section 2(e) of the Industrial Disputes Act can be described as the antithesis of strike defined in section 2(q) of the Act. Just as strike is a weapon available to the employees for enforcing their industrial demands, so lock-out is the weapon available to the employer to persuade by a coercive process, the employees to see his point of view and accept his demands. In the struggle between capital and labour, the weapon of strike is available to labour and is often used by it. So is the weapon of lock-out available to the employer and can be used by him.

In view of the company's written statement it can be said that the company's specific case is that it had declared this lock-out to force the workers on the strike

to rejoin their duties after making amends for their overt acts on 6th July 1963. If, therefore, company's allegation of strike and workers' misbehaviour to the management on 6th July 1963 be not found substantiated by the evidence on record, the lock-out must be held to be illegal and unjustfied. In surport of the company's case as stated above this Tribunal has the solitary statement of one Officer of the company viz., D.W.1 Shri Sailendranath Palit, Accountant of the company and several documents marked Exts. D, D/1, D/2, and F to F/23. These Exts. F series were filed to substantiate the company's case that during the period of lock-out several workers had voluntarily resigned from the company on taking all their dues up to the date of resignation. There is no reason to doubt the bona fides of any of these receipts and the evidence of union's own witness P.W.1 Jahar Lal Mondal also indicates that he, a Moulder in the company, had resigned during the lock-out on taking a cheque of Rs. 350 as his remuneration. This worker Jahar Mondal was the solitary witness for the union and in his evidence he has stated that they had not gone on strike at all but the company had still locked out the factory. In his evidence this witness Jaharlal Mondal recited some instances of disputes between the union and the company prior to the lock-out and also made statements in support of the union's case regarding the lock-out as stated in its written statement filed. In course of his evidence this witness said "On 7th July 1963 the company engaged some goondas to assault the workmen. I was one of the victims. I do not remember the date when I was assaulted but it was at 10 p.m. in the night. Our working hours in the factory were from 9 a.m. to 6 p.m. I was working overtime on the day I was assaulted. 3 workmen were doing overtime work on the day; 2 of them were assaulted. Seldom any over-work is done in the factory, beyond 9 p.m. in the night, no overtime work is done. We lodged Police diary and could not attend factory on the following day. On the following 6th day of the month, I resumed my duty at 10 a.m. The workers demanded an enquiry. The Director told us that he was not responsible for any untowards happening outside the factory premises. We were charge-sheeted." These statements of the witness only indicate that without any reason whatsoever the company had on 6th July 1963 suddenly locked out the factory but as no company stands to gain by lock-out. It is impossible to believe as has been asserted by the union that the company had declared the lock-out without any provocation from the side of the workers. As P.W.1 Jahar Mondal has deposed it can be said that the company had no particular reason to assault 3 of its labourers on 5th July 1963 or to declare a lock-out with effect from 6th July 1963. It has been suggested on behalf of the union that as on 6th July 1963 the workers had approached the management for an open enquiry into the assault on 3 of their colleagues in the previous night the management had declared the lock-out. This suggestion on the face of it is impossible to believe and there is also no corroboration of Jahar's statement that including himself three of the company's workers were assaulted and that the workers had on the next date, approached the management for an enquiry into the assault. Moreover, these statements regarding assault and a demand for enquiry was not consistent with the union's case as stated in paragraph 21 of the written statement filed as in this paragraph 4th July 1963 has been mentioned as the date of assault and 6th July 1963 as the date the enquiry was demanded. In this view of the matter no reliance on the evidence of Jahar Mondal can be placed and as he was the only witness on behalf of the union. It must be held that the company's case as stated in Court by the Accountant D.W.1 Shri Sailendranath Palit has not been contradicted or disproved by any reliable evidence on the side of the union. In his evidence this D.W.1 stated as follows: "On 6th July 1963 when I had been to the company, I found a large number of workers making halla near the company's gate, some standing outside the gate and some inside the gate. In the initial stage of the halla there was no Police. But subsequently Police Force came. The Police Force including Officers numbered 10 to 12. Up to 6th July 1963 I got no sign of any impending disturbance. On 5th July 1963 the workers did not see the authorities or make any statement to them. On 6th July 1963 the workers kept me, the Manager and the other office staff of the company confined in the company's premises. We could come out next day at about 12 or 12-30 p.m. Police helped us to come out. 6th July 1963 was a Saturday. On 6th July 1963 when I came to the office I found the workers were creating halla near the gate. I asked some of them including Jahar Mondal why they were creating halla. They replied that they had already submitted a charter of demands and will go on strike if their demands are not met. *** The lock-out was the result of a strike." This witness also stated further that on the date of the strike company gave three notices including a lock-out notice. The lock-out notice is Ext. D/2 and the other two notices referred to by the witness, Exts. D, D/1. It appears from these three notices that the lock-out notice was given as the workers had not responded to the Manager's call to give up the strike and to start their work. The first notice Ext. D was given at 10-30 a.m. on 6th July 1963 and D.W.1 said that the second notice was given as the workers had not started work in spite of the notice Ext. D. He also said that both these notices were hung up on the notice board and the Tribunal finds no reason to disbelieve this statement of D.W.1 or the contents of the notices, and these notices support the company's contention that in the morning of 6th July 1963 the workers had suddenly gone on strike. But no justification for the strike can be found from the evidence on record. The union has denied the strike but this denial can hardly be believed. In the face of the evidence of D.W.1 and the notices Exts. D, D/1 as also for the absence of any reliable evidence on the side of the union, this Tribunal holds that the workers had resorted to strike on 6th July 1963. The Tribunal further holds that the workers had no justification for going on strike or to misbehave the management by keeping the Manager and the staff of the company, in confinement on that date as stated by D.W.1 and he is of the opinion that the declaration of the lock-out was under these circumstances, perfectly legal and justified. That the union's case against the lock-out is without any foundation whatsoever, is also apparent from the resignation letter marked Ext. C in the case. This resignation letter was given by P.W.1 Jahar Mondal. This letter contains reference to the lock-out and it is impossible to believe that if lock-out was illegal and unjustified as has been stated by the union Jahar Mondal would have given such a letter to the company and this Tribunal holds that this letter also supports the company's case regarding the lock-out.

In view of the foregoing discussions the union's case that the company has declared the lock-out to crush it, cannot be accepted and it must be held to the contrary that the company had sufficient justification to declare the lock-out.

The lock-out was quite legal and the workmen are not entitled to any relief whatsoever. The union's prayer for declaration that the lock-out was illegal, unjust and mala fide and that the workers are entitled to full wages during the entire lock-out period, is accordingly overruled.

This is my award.

AWARD

The Government of West Bengal in its Labour Department order No. 4581-IR/IR/9L-39/64, dated 1st October 1964, referred to this Tribunal for adjudication an industrial dispute between Messrs. Good Will Tea Co. Ltd., hereinafter referred to as the Company and their workmen represented by West Bengal Chah Sramik Union, hereinafter referred to as the Union. Circumstances resulting in this reference may be stated briefly :—

The workmen in the Order of Reference were employees under the Company. On 14th December 1963 the Company gave a notice of each to these six workmen stating that he would be retired from the work of the Garden with effect from 15th January 1964 on account of his physical inability to do work of the Garden. On 14th January 1964 the Company issued another notice, describing it as first extension notice stating that the period of employment of each of these workmen was being extended by 10 days to end on 25th January 1964. Then on 25th January 1964 the Company issued another extension notice extending the period of employment of each of them to 4th February 1964 from 25th January 1964. By 3rd and 4th extension notices the Company extended the period of employment of each workmen from 4th February 1964 to 15th February 1964 and from 15th February 1964 to 25th February 1964. Then by a final notice of discharge, dated 25th February 1964, the Company retired these six workmen on 26th February 1964. The Union challenged this retiring of these workmen as unjust stating that each of these workmen is an active worker of the Garden, has clean record of meritorious service in the company for a period varying from 10 to 20 years and that none of them was ever found guilty of any misconduct in the past. It was stated that each of them was hale and hearty and physically fit to do the work for which he was employed. It was stated that the Union raised a dispute about this retirement with the receipt of the notice of 14th December 1963 but the Company unilaterally retired them from 25th February 1964 during the pendency of the conciliation proceeding without complying with section 33 of the Industrial Disputes Act. The Union prayed for reinstatement and back wages for each of the workmen. During the pendency of the proceeding one of the workmen Shri Buchna of Birsha III Sardar died sometime in November 1965. The Union, therefore, only asked for back wages for him till his death.

The Company filed a statement in reply contending that the dispute was not an industrial dispute and as such, cannot be adjudicated upon by the Tribunal. It stated that the Company had teminated the services of these six workmen on account of their continued ill health and physical incapacity to do the normal work.

The issue is :—

> Whether the Company is justified in retiring Sarbasri Kailash of Etowa Sardar, Musha of Surjanath Sardar, Buchna of Birsha III Sardar, Some of Gopal Sardar, Andu of Budhu I Sardar, Subhas of Ramdhan Sardar and Budhu of Ghasiram Sardar? What relief, if any, are they entitled ?

It may be stated at the outset that the issue is whether the retirement of these six workmen is justified or not. The Union stated that they were wrongly r tired. The Company in reply stated that it had not retired then, but had terminated their services on account of continued ill health and physical incapacity. The Company does not try to justify the retirement. Before the Tribunal goes into that question, it is necessary to dispose of the preliminary objection that the dispute is not an industrial dispute. In the statement filed by the Company it did not state clearly as to why the dispute was not industrial dispute. But at the hearing, it was contended that the Union, at whose instance the reference had been made, does not represent all the workmen of the Garden and that the case of the six workmen has not been espoused by all the workmen of the Garden. This contention cannot be accepted. The Company gave the first notice of termination of service of these workmen on 14th December 1963. Immediately the workmen of this Garden at a general meeting, held on 3rd January 1964, protested to that and demanded that the said notice of discharge against them should be withdrawn forthwith. They immediately brought that to the notice of the Assistant Labour Commissioner, Jalpaiguri. The matter became a subject-matter of conciliation by him. It is quite clear from this that the cause of these workmen was espoused by all the workmen of the Garden. It cannot be said that it is an individual dispute and not an industrial dispute. To get round the effect of this, the Company argued that the workmen of the Garden did not make that demand again after the notice, dated 25th February 1964. True, there was no such demand by all the workmen after 25th February 1964 but that was not necessary as this discharge or termination is based on the first notice, dated 14th December 1963. This is quite apparent from the Company's own statement in paragraph 11 of its written statement and on their own documents, Ext. B series in all of which it was made clear that the subsequent notices were but notices of extension of the first notice, dated 14th December 1963. If it is said that these workmen were discharged on the notice of 25th February 1964, then paragraph 13 of Ext. 1 Standing Orders, would invalidate the termination for shortness of period of notice or for non-payment of one month's wages with that. So, a fresh demand by all workmen to raise the dispute was not necessary. The Tribunal decides that it is an industrial dispute and has to be adjudicated upon. The learned Representative appearing for the Company referred to the evidence of Deben Sircar, P.W.1, the Secretary of the Union and argued that the Secretary had not the necessary authority to raise the dispute as he claimed in his evidence. But it was not a case of the Secretary of the Union having authority to raise the dispute. It is a case of all the workmen making it a dispute by their joint demand on 3rd January 1964 as in their annexure A to their statement. So, it is unnecessary to go into the quesion as to whether the Union Secretary had or had not the authority under the Consititution of the Union. The Tribunal rejects the contention of the Company and proceeds to adjudicate on the issue.

As already stated, this is not a case of retirement though in the notice Ext. B series the word used is "অবসর" (Retirement). Obviously, this cannot be retirement. Retirement postulates a voluntary act on the part of the employee. Here, none of the six workmen, by any act of his, intended or expressed the desire to retire. The Tribunal holds that these workmen have not retired. Secondly, they could not have been retired by the Company as admittedly, there is no age of superannuation of the workmen of this Garden in the Standing Orders of the Company (Ext. 1). It is not said or proved that there are any terms in the contract of service of these workmen of the Company providing for retirement of the employees on reaching a particular age. But when the question has arisen, the Tribunal may make an appropriate order prescribing a retirement age of the employees.

The fact remains that these persons have lost their employment under the Company. The question is whether this termination of employment of these workmen, whether by retirement or otherwise, is justified or not. It is significant here to note that in the final notice, dated 25th February 1964, the Company used the word 'discharge'. The question now is whether the discharge of these workmen is justified or not. The Company sought to justify their discharge on two grounds. Firstly, it was stated that they had been discharged because of their continued ill health. Secondly, it was stated that they had been discharged because of physical incapacity to do the normal work. It has been rightly pointed out that the Company has used the word 'discharge' and has mentioned these grounds in support of the discharge to avoid paying of compensation payable on "retrenchment", as defined in section 2(oo) of the Industrial Disputes Act. The Company in its notice Ext. G, dated 14th December 1963, did not mention that it proposed to discharge these workmen for continued ill health. In not one of the several notices between 14th December 1963 to 25th February 1964, it was mentioned as the ground for discharge. This is enough to say that this ground of discharge is an after-thought or it was not true. The only ground mentioned in the first notice Ext.G was physical incapacity to do the work of the Garden. The Company was to establish that. The Company has filed to do that. It is in evidence that if a workman does not give the fixed quantum of work in a day, he does not get the full wages for the day. The Company has the salary register. The Company could prove by production of wage register if any of these workmen

in any year before their discharge, earned wages less than that of a full day on account of their inability to perform the fixed quantum of work daily. That was the best, if not the only evidence, to prove that. But the Company did not produce it. Instead, the Company relied on petitions Ext. A series, dated 19th September 1965, to say that these workmen stated themselves that they were unable to do work of hard labour in the Garden on account of ill health and physical incapacity. These petitions are in the same language. They were admittedly written by a Clerk of the employer. These were only thumb-impressed by these workmen. The petitions of Budhu and Soma are dated 19th September 1963, those of Andu, Buchna and Kailash are dated 31st August 1963. That of Musha is dated 1st September 1963. The first notice Ext. G was issued on 14th December 1963. If these petitions Ext. A series prompted the Company to issue the notice Ext. G, then mention of a ill health in it would have expected. But it is not there. It is difficult to believe that these workmen, with knowledge of contents, thumb-impressed these petitions Ext. A series. These petitions are not enough to hold, even if they are taken to have been made by the workmen that they were really of a ill health or physically incapable of doing normal work of the Garden. In these petitions, the prayer was to keep them in employment giving light work. There was no prayer for discharging them. There was no prayer for terminating their services. It is quite likely that they, if they at all gave the petitions knowing the contents thereof, just wanted to get the same wages doing light work. Some such hopes must have been held out to them in taking these petitions, or there is hardly any sense in their suddenly giving those petitions or the management's entertaining those petitions. The Tribunal, on the evidence is not satisfied that any of these workmen was having continued ill health or that he was physically incapable of doing normal work of the Garden. There may be retrenchment on the ground of continued ill health. But there cannot be retrenchment or termination of service on the ground of physical incapacity to do normal work. In that case it would have been necessary for the Company to start disciplinary proceeding on that ground and to proceed accordingly. Such is not the case here. The Company, in order to give strength to their case, relied on medical certificates, Ext. C series. These are dated 21st March 1963, 25th March 1963, 2nd April 1963, 4th April 1963 and 25th March 1963. It was said that the Garden Doctor examined these workmen and certified that each of them was unfit for normal work. But the Doctor was not examined before the Tribunal. It was not proved what were the tests or examination he undertook to make that conclusion. A Doctor's certificate only records his opinion. Without the reasons supporting his opinion, no weight should be attached to his opinion. Shri Bhattacharjee, the Company's Manager, falsified these certificates. He stated that the workmen were sent to the Doctor for examination after they had submitted their petitions Ext. A series. But it is noticed that the certificates were dated earlier than the dates Ext. A series. In this state of record, no reliance can be placed on the certificates Ext. C series or the contents thereof. Besides, the certificates are no proof of continued ill health of any of these workmen. Some of the workmen deposed before the Tribunal. They are Badhu of Ghasiram Sardar (P.W.2), Musha of Surajnath Sardar (P.W.5) and Andu of Badhu Sardar (P.W.4), and said they were fit. It appears from the evidence that the case of the Company that they are incapable of doing normal work is not true. All the 3 workmen stated that they worked and earned full wages. Nothing was shown to disprove that statement. The Tribunal decides on the evidence that the termination of service of these workmen was not justified on any of the grounds taken by the Company in their written statement before the Tribunal.

Some evidence was led and some arguments were advanced as to the age of these workmen. The Tribunal proceeds to consider the evidence to decide as to what was the age of each of these workmen in 1964.

The Company in its written statement, paragraphs 13 and 14, took two other points to justify the termination. Be it stated, that not one of those contentions has been substantiated, though both were questions of fact. These two points were taken from the decision reported in 1959 (II) L.L.J., 405 at page 415, but it was not stated or proved that any of these six workmen accepted the offer of retirement without protest or voluntarily and willingly received their provident fund, gratuity, etc. The Company did not say that there was any age of retirement fixed either by agreement or Standing Orders or in any. There can be nothing like "normal age of retirement". The same may be fixed by a Tribunal, if wanted, on various considerations indicated in column 2 of page 415 of the same case. The Company has not proved that it has appointed any relatives of any of these workmen in their places. The Company has not suggested any particular age as the age of retirement of its employees. Nor it gave any evidence to enable the Tribunal to make a decision as to what should be the

retiring age of its employees, appointed before. It appears from the six employees' Declaration Forms, Ext. H series and entries in Employment Register, Ext. F that these employees—Andu, Subhas, Budhu, Buchna, Kailash, Musha and Some—were respectively aged 62 years, 65 years, 45 years, 62 years, 62 years, 67 years and 54 years in 1964. These entries were made on employees' own statements. O.P.W.2 said that the employees, being illiterate, were not able to give age correctly. Paragraph 33 of the Employees' Provident Fund Scheme, 1952, obliges the employees to state their age. The Tribunal believes the statement of ages as in Ext. H series and holds accordingly.

It is clear from what has been held above that the retirement of these employees is not justified. Therefore, the Tribunal will direct their reinstatement till superannuation on fixation of age of retirement in Standing Orders or by agreement or award.

In the result, the Tribunal decides the first part of the issue in the negative and directs that the Company reinstates each of the workmen in the Order of Reference, except Buchna of Birsha III Sardar, as indicated before, and that the Company pays wages up to date of death of Buchna of Birsha Sardar III from 25th February 1964, to his legal heirs.

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. This concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For Outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

Instructions regarding submission of application

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the Matriculation or the Secondary School Final/Leaving Certificate. In the case of a female candidate whose age is not recorded in the Matriculation or School Final Certificate, any of the following evidence of age is accepted by the Commission:

(1) A certificate from the Headmistress of the School, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a gazetted officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

Fee

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee, except as provided below.

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

In no case will the fee paid with the application be refunded, except as provided below.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1967.

A candidate claiming such exemption must furnish besides evidence required under para.(1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee.

For a gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by him/her will be refunded afterwards. For a non-gazetted post, such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a Gazetted Officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from person interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a Local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are hubmitted through the appointing authority of their posts or service.

Candidates serving under Government or a Local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. **Unless applications in original or advance copies with** application fees are received within the closing date, late applications may be rejected.

C/o Federation of Mercantile Employees' Unions, Calcutta-1.

Date: 20th April 1966.

The Managing Director,

General Radio and Appliances Ltd.,

"Unity House",

8 Mama Parmanand Marg, Bombay-4.

DEAR SIR:

You may kindly aware that the present grades of pay and other service conditions were introduced in the Company long ago. Since then there has been radical change in circumstances due to the serious rise in the cost of living, etc., which has resulted in a drastic reduction in the real wages of the employees. The objective of "Socialistic Pattern of Society" adopted by the Government of India require that the standard of living of employees should be improved at least moderately.

The employees have, therefore, authorised the Union to place before your goodselves the enclosed Charter of Demands which are quite modest compared with the terms which have been accepted by employers in various companies at Calcutta.

We earnestly request the management to accept the proposals of the Union with a view to encourage the employees to put forth their best in the interests of the progress of both the employees and employers.

Awaiting your favourable decision at the earliest.

Yours faithfully,

For and on behalf of
General Radio & Appliances Ltd.
Employees' Union.

A. K. ROY, Secretary.
